This is make-up book. I like that the author tells you what products are used on the models.

Not remotely useful to me.

Als NARS-fan kon ik dit boek natuurlijk niet laten liggen. Ik dacht dat ik een hoop make-up van het merk al verzameld had, maar ik had het mis. De wishlist is weer aangevuld! Het is een groot, zwaar en stevig boek met mooie foto's. Ik vind de tussenbladen met lijnen alleen niet altijd even duidelijk, met name bij de "visuals" van de oogschaduws. Je zult dan ook echt de geschreven uitleg erbij moeten pakken wil je een look namaken. Grappig detail: de tussenbladen waarmee hoofdstukken gescheiden worden, zijn gedrukt in kleuren van NARS. Zo is er bijvoorbeeld een blad in de kleur van de Orgasm blush. Het is een heel mooi boek voor de echte fans, de beginnende make-up liefhebber heeft er misschien iets minder aan.

Easy to follow and actual products used are given in the information. I love the before and after photos that NARS included, and any of these looks can be adjusted as natural or dramatic as you'd like. A clear layout of products and application is included with every page/model. Only these are not models, they are real women that NARS chose for his book. How could anyone give this a 1 star rating...
