From Reader Review ?????? ?????? ??????? for online ebook

Keith Johnstone says

This is a collection of essays by Noam Chomsky, largely on the Israel-Palestine conflict. It is amazing that what he wrote in 1967 is just as relevant today and it is depressing how in those nearly 50 years this issue is no closer to resolution, and indeed the USA has a large part to play in it's lack of resolution. Chomsky is a pleasure to read and represents a solid left view of the world. I just wish the book was edited better so the essays flow together more.

Pj says

Vintage Chomsky...the writing is fairly dry as expected, but very substantive, with plenty of historical

context and thoroughly referenced. Provides insightful analysis and context of the Israel-Palestine conflict..a sobering read.
