Rogues Like it Scot Eva Devon

A Lord Who Loathes London

Years ago, after having his heart and soul destroyed, Lord Damian Peterboro turned his back on society and left for parts unknown. Now, he's returned, the rudest, most scandalous, most shocking man to come out of the wilds. An avid adventurer, determined to preserve the antiquities of the old worlds, Damian needs funds badly. What better way to get them than to marry? But when he meets Lady Andromeda, he cannot deny that she is the most intelligent woman he's met in London who makes his blood sing with desire. But can he chance his heart again to love or will he disappear as he did once before?

A Lady Who Will Not Wed

Marriage almost broke Lady Andromeda, sister to the Duke of Clyde. A wealthy widow, she has every intention of enjoying her position as one of the ton's most glittering hostesses. But when Lord Peterboro crashes one of her salons she is both shocked and absolutely drawn to the wild and scandalous man. With each day that passes, she finds that he understands her as no one ever has. Yet, can she trust him with her tragic secret? Or will she cast away her only chance at love.

Rating 5 Stars
Heat 4????

"Anticipation blossomed in her eyes as he took his time. Then, as if discovering the gateway to the greatest secret one could ever know, he kissed her.

Their lips touched and he could not stop the awe he felt taking over him.

Kiss for kiss, breath for breath, he learned the curve of her lips, the softness of her tongue, the way she tilted her head to meet him.

With each caress, he grew drunk on her. For he was heady with discovery. Discovery of her."

Lordy what a kiss! Damian Peterborough is a wild man who doesn't stand on ceremony-he's brass outspoken and bold and an absolutely magnificent male specimen and has returned from his travels even more scandalous. Refusing to bow to polite society, in need of funds he must put up with their shallowness. Until he meets an unconventional woman and he's utterly captivated.

Lady Andromeda has been through hell and back, married to a man who mentally abused her she strives to leave the past -buried with her dead husband. Her passion is hosting soirées with interesting and intellectual speakers. She meets Damian when he ruins one such gathering and she's totally drawn to his wildness.

Befriending him is easy but the friendship soon turns to something more- can she risk her heart or will she let happiness slip away?

I loved Damian and Andromeda both were free spirits that had suffered tragedy. Damian is a blunt and straightforward man but harbours a soft heart, and very passionate in his beliefs. When it came to Andromeda she was fast becoming a fire in his blood. Andromeda is a survivor her marriage left her with a bitter taste a horrible experience not worth repeating. Damian has her confused, every time she's near him the air crackles and it's only a matter of time before these two get together. I loved the way they both conquered their hurts and realized that they're stronger together. A wonderful story well written and full of emotions. The witty banter keeps you entertained and the flow of the story is smooth. The fear of letting go and accepting happiness healed and liberated them to experience true LOVE!

Eva Devon keeps the the romance alive with her stories she's an amazing storyteller!

I received a complimentary copy from the author for my honest unbiased opinion

Lori D says

I loved this story because it was not your typical romance. It was about two souls that had suffered unbearable hardship and mistrust, who find each other when least expected. Lord Damien Peterboro, second

son of a Duke, had been out of the country and basically become an explorer and disappeared. Needing funds to continue his endeavors, he returns to London and meets, Lady Andromeda Gateshead. Andromeda is a very intelligent widow who was trying to get back into society after a ruinous marriage and was very set against feeling anything for another man. But fate is not always as we wish it and there is an attraction between Damien and Andromeda from the start. They both hold their own secrets and have a painful time of pulling them out of each other. Eva Devon is a wonderful story teller and I could not put this book down until I turned the last page. Cannot wait to read the story of several of the secondary characters and know they will be just as intriguing!

April says

Another impressive read by Eva Devon!!

Emotional roller coaster ride. Two people with past hurts, who are wary of love, could definitely use a HEA, when their world's collide. Sparks fly, passion comes to life, but in order to move forward, they must find healing, forgiveness, acceptance and the love of a lifetime. Can they let go of the past to move forward? Well written, with engaging characters, and a well thought out plot, that will have you holding your breathe until the very end. A quick read, however, do have tissues at the ready. Not Ms. Devon's light hearted story but a story with much drama, a hero and heroine, who both could use some understanding and love, beyond the flirtatious ballroom activities who have a lot of baggage. I loved watching the H/H comes with grips with their past, and find a love beyond the flair of activity and who loves adventure and finding new world's to explore. A Scot and a world traveler find more than they bargained for, but exactly what they each needed. While, book 5, it can be read as a stand alone. Powerful and compelling! !

I received a complimentary copy, all opinions are my own.

EQUAL RIGHTS!

A rogue can be a woman too, I decided. That gives us a rogue who is a Scot, and a rogue who is world traveler, and the story that happens when their worlds collide.

As usual, Eva crafted some characters with depth, and aplomb. They frolic and glide through the story, with a fair number of waltzes thrown in to liven the party. Each waltz, if you will, contains yet another scandal or burst of humor. Those generous dollops of humor define a story created in the mind of Eva Devon, and are what keep me rushing back for each new story - "oh, how will she make me laugh this time!?"

Melissa says

I enjoyed this book. It is the latest release in Ms. Devon's Must Love Rogues series. It is a great story like the previous books.

Lord Damian Peterboro has returned to England after being abroad for many years. He is in need of funds to further his studies. He wants to preserve relics not find them and sell them to the highest bidder. He has very strong opinions and thoughts on the matter.

Lady Andromeda Gateshead is a independent widow who isn't looking for love or marriage. She has been there and that was one of her biggest mistakes. She is drawn to culture and wants to introduce it to her friends. She has parties to introduce the up and coming lecturers.

These two met at one of her fêtes and it is a clash from the start. She sees through all his rudeness and sees the true man. He realises she is also so much more than a Scottish lady. She has a mind of her own.

I loved seeing their relationship develop. You can find your other half if you let your walls drop and let the other person in.

Judy says

Rogues Like it Scot by Eva Devon

Must Love Rogues Series Book Five

Damian Peterboro has long ago left his roots in England behind. Disgusted with war and how people suffered, he sold his commission and started journeying through other lands to learn about their history, antiquities, and people. After running through his inheritance—he returns to England.

Lady Andromeda Gateshead, Marchioness of Schollingbrook enjoys having intelligent speakers in her home for entertaining. After her husband died, she enjoys her freedom and being around people. And then came that night. The night the speaker was not all his book had been and the stranger who entered her home and confronted said speaker.

Andromeda and Damian are both oddities in the world of society in ways. Although, Damian is more the outcast. Loved the story and the characters that surrounded the hero and heroine.

More

I want more of this awesome series. We need Edwards story now please. A definite must read. Get your copy today ?

Amanda says

Love the main characters- both strong and fierce- with a names that match. We are introduced to Andromeda in the Must Love Rogues Book 4 but this can be read as a stand alone. Andromeda has a disastrous first marriage; she is now a widow and plans to keep it that way. Damian has forsaken society and lives among cultures that do not focus on greed and material items. He has married and loved and has no intentions to marry again....but he may have to.

I enjoyed the chemistry between the two and the focus on intelligent conversations. My only complaint is that I felt it all moved so very quickly. Andromeda's story just felt so rushed. There was so much history for both of them and it seemed to be flushed out/solved pretty quickly. Again I fell in love with the characters and overall enjoyed the story.

Lux Lewis says

Lord Damian Peterboro despised the aristocracy he was born into. A former Captain of His Majesty's Army, he sold his commission and was never heard of again. Until he re-appeared uninvited at the home of Lady Andromeda Gateshead. Damian lambasted the explorer and poet Lord Brinkley in the presence of a few hundred English nobility, who were lovers of antiquities and the arts. Lady Andromeda was a proud hostess, she was equally dismayed and thrilled by the unexpected guest who appeared unannounced. Damian was a magnificent hulk of a man, he's uncouth, mysterious and scandalous.

Damian's passion lies on learning the ways of the ancient world, Egypt, Greece, the Amazon, Asian sub-continent.. but he's short of funds so he temporarily ended his self-imposed exile from London and the ton. Marrying for money leaves a bitter taste in his mouth but he can't resist the affluent, beautiful, and feisty Scot. Damian and Andromeda had painful first marriages, only by being brutally honest to each other that they come together and truly deserve their second chance in love.

From London to Scotland and beyond, the story of Damian and Andromeda is based on friendship, reciprocated respect, fascination with the ancient world and their mutual lust for each other. It's a good formula for a perfect partnership.

Eva Devon has written another excellent story with praiseworthy characters. Five stars.

I received a complimentary copy from the publisher. This is my unbiased review.

Sissy's Romance Book Review says

'Rogues Like it Scot' by Eva Devon is Book Five in the "Must Love Rogues" series. This is the story of Damian Peterboro and Lady Andromeda Gateshead, Marchioness of Schollingbrook. This is my first book that I have read in this series so far, so for me this was a standalone book. Damian left London to head to India as a Captain on 'His Majesty's Army' but left about three years later and headed to Asia and the Ottoman Empire. Damina had not been heard of since until a party at Andromeda where she was having Explorer and Poet Lord Peregrine Brinkley speak. Damian spoke out against all that Lord Brinkley was saying. Although Andromeda seemed to agree that Lord Brinkley spoke of nonsense her

and Damian butted heads.

Andromeda had a abusive relationship with her husband and now that he is dead... she feels free and her passion for hosting parties has given her a purpose. In addition, she is wealthy and is a sister to The Duke of Clyde so she has no need to remarry.

Damian has his own issue and the scars on his face and sole show that. Damian once was a friend to The Duke of Clyde who is Andromeda's brother, but hasn't seen him in 20 years. But they pick up their friendship which leads him to get to know Andromeda more. Damian finds her very smart and beautiful. This was a enjoyable easy read that I really enjoyed.

"My honest review is for a special copy I voluntarily read."

Diane says

Eva Devon is masterful in this deep, thoughtful story. I normally would say that this is a delightful read, but delight wasn't found here. It was heartbreak and sad at times. This is a story of two people who are perfectly matched if only they can allow the other to help them heal from their painful pasts.

This title is somewhat deceiving. It sounds like this will be a light romantic romp where the lovable rogue meets his match and finds that marriage is worth giving up his roguish ways. Instead, we meet two people whose painful pasts have made them wary of future relationships. These two characters are intelligent and strong but keep their emotions reigned in. Trust and true friendships are held-back.

There is no coy, ballroom flirting, no stolen kisses behind a column, no silly misunderstandings keeping the two apart. Both Andromeda and Damian have such painful pasts, they can't go forward until they are able to overcome their individual fears from their past. In each other, they are able to not only confront their fears but help the other heal and overcome them. This couple is one who truly deserves their Happily Ever After.

Publisher's Description:

A Lord Who Loathes London:

Years ago, after having his heart and soul destroyed, Lord Damian Peterboro turned his back on society and left for parts unknown. Now, he's returned, the rudest, most scandalous, most shocking man to come out of the wilds. An avid adventurer, determined to preserve the antiquit of the old worlds, Damian needs funds

badly. What better way to get them than to marry? But when he meets Lady Andromeda, he cannot deny that she is the most intelligent woman he's met in London who makes his blood sing with desire. But can he chance his heart again to love or will he disappear as he did once before?

A Lady Who Will Not Wed:

Marriage almost broke Lady Andromeda, sister to the Duke of Clyde. A wealthy widow, she has every intention of enjoying her position as one of the ton's most glittering hostesses. But when Lord Peterboro crashes one of her salons she is both shocked and absolutely drawn to the wild and scandalous man. With each day that passes, she finds that he understands her as no one ever has. Yet, can she trust him with her tragic secret? Or will she cast away her only chance at love.

My Thoughts:

This is only the second book I have read in this series. There are characters in common thru the to! so that I have read, so maybe you would want to read these books in order but I really don't see the need as they seem to read well as standalone titles.

Lord Damien Peterborough became the talk of London gossips when he left his magesty's service while in India and seemingly disappeared. Not only that but he married the daughter of a shiek.

Now that his beloved wife is dead, he returns to England in need of funds to save his other love, antiquities.

Lady Andromeda had a horrible first marriage and now that her husband is deceased she has no intentions of repeating that error. She feels marriage a second time around is not in the cards, until she lays eyes on Damien that is!

How will this inauspicious beginning end for this intelligent pans highly unlikely couple?

I gave this short read 4.25 of 5.0 stars for storyline and characterization and a sensual rating of 3.5 of 5.0 flames. The heat between Andromeda and Damien is palpable.

I was offered a complimentary digital ARC of this book from the publicist to read for review. This in no way affected my opinion of this title which I read and reviewed voluntarily.

Tracy DeNeal says

Two broken souls find each other. Andromeda has decided that the role of hostess with the mostess is the life for her after a very unhappy marriage. She had carved a niche for herself in London society as such and is quite happy with this life and time spent with her beloved brother, the Duke of Clyde.

Damian has returned from his travels abroad with a jaded attitude toward his homeland and an itch to return to parts exotic. He is urged by his elder brother to take a wealthy wife to refill his coffers and continue his travels.

The last thing these two fiercely independent and curmudgeonly individuals want is an entanglement of the romantic sort. But the heart will do what the heart will do. With encouragement from our old friends, the Harts, and our lovable rogue, John, Eva Devon takes this reluctant couple on a wild ride of attraction in the Scottish Highlands and we go along for the ride.

I enjoyed this book as I do all of Ms. Devon's stories. She has a knack for writing interesting characters and putting them in the right settings.

Now what is she going to do with the Duke of Clyde? I'm waiting with bated breath.

Sharlene says

The synopsis pretty much sets the scene. Damien needs money to continue his study of ancient artifacts in Egypt. He is immediately drawn to Andromeda, and not just for her wealth. She is drawn to Damien as well, but resists marriage. You couldn't help but root for these two to get a happy ending. Another excellent romance by Eva Devon!
