Rachel says

This book has been a staple for all 3 girls in their toddler years. A simple, yet excellent vocabulary builder with fun pictures to engage.

I was really amused with this little Bright and Early book. It is an excellent way to teach your children action verbs and inventiveness. This book is also very short for bedtime reading.
Happy reading kids!

Pam says

This is a great example of a book with only a few words, some awesomely expressive pictures, added together to make a wonderful story. Thing about tennis-ball houses is they are bigger on the inside, apparently.

Mariah Roze says

A great starter book!

Childhood favorite right here (: Use to read this book probably twice a day when I was little haha

Dolly says

This is a simple easy reader book, with colorful illustrations that help tell the story and guide the beginning reader to what new words are. Our girls helped me read this one aloud, taking turns reading each page.

Judy says

My nephew likes to think through processes in a step-by-step, logical sequence. Sometimes he's too serious (and he's only 3!). I'm going to give this book to him, and hopefully I'll remember to record his response to the story.

Mary says

Bryce has many pages of this book memorized.

Scarlet says

Talking about how a bug builds a house and what they put in their rooms this book is funny and will make you laugh through the entire book.

This book can be used in a classroom to teach ryhming and for an easy read.

Great, simple book that is easy for kids to follow along in and start to read with.

Prettypinktulips says

this book is all about building a house, specifically a house built for bugs by bugs. excellent for emergent readers.

Lonna Cottrell-Thompson says

Simple, creative, and fun!

Charsia says

This book is silly. It is about bugs making a house, which my little brother and sister thought was really fun but I didn't really care for. The pictures in the book are more interesting than the words. I think little boys might like this book more than girls like me that like princesses and adventures.
