Good for Thought

Jonathan presents incredibly important truths for us to consider. He states Biblical concepts that apply to us...past...present...and future. A must read for anyone contemplating Prophecy and the Plans GOD may have for our country's future.

Michael says

I liked this book better than the novel; it covers the information in a way that makes it more clear, and does not take long to read because I skipped the study questions which I did not care for as they are aimed at group study.

Amanda Geaney (Christian Shelf-Esteem) says

This was a book club selection. Not a fan.

The Harbinger Companion with Study Guide

Without a doubt, this IS THE book for this hour! if you are one of the many millions who have already worked your way through "The Harbinger," by Jonathan Cahn, then it is IMPERATIVE that you now read this!!! Whereas the first "Harbinger" book told the story, weaving the storyline in and out around Scriptural mile posts, this book is the finished product. One will ultimately perceive that reading the first work was more nearly a review of the manuscript; whereas reading the entirety of the second work is the polished, final piece. Absolutely ALL of the requisite details are supplied, the questions - whether asked or never considered - are fully, masterfully, and accurately answered, and the reader is fully satisfied that he/she knows beyond any possible discussion to the contrary what the true, real, timely and undeniable purpose of having read it from title page to the back cover is. I fully expect to find in the very near future that Rabbi Cahn's scholarly writings will be considered in the company of such contemporary works as "The Passion of The Christ," "The Left Behind" series and the most recently released, "Heaven is Real" as the greatest witnessing tools of our age. I would encourage both individuals and groups to take this book and devour it, exploring ALL the Scriptural cross-references and researching the myriad of news articles, video archives and Congressional reports to hear the depth of this message, in order to experience its fullest and most profound effect.

this is an interesting read. it uses 911 to reinforce the biblical book of isaiah. interesting read....I have trouble believing that all these "seals" would be broken at one time, without a period of time in between. I do see how it can be interpreted in this way.

Patricia says

The study guide to the Harbinger is for me a workbook to better understand, The Harbinger. Answering the many questions will probably take months to finish. I highly recommend it as a companion if one is serious to understand and delve deeper to the incredible novel.

Amazing facts that could not be consequences, really quiet scary indeed to know that not only in biblical times do the facts add up, they also add up in our own history. A good read but steady yourself for a truth of our own timeline being connected to the Bibles time line of the end of our time being closer than one would think.

Yeshua says

thought-provoking resource.Good scripture backup.

Terry says

This is actually the companion set to The Harbinger. It brings a visual aid to better understand the scenarios the book explains.

Kim Marshall says

Amazing...amazing....and every Christian needs to read this book....NOW!

Lucas Barreto says

The elect will be present to see the Great tribulation, but God will not allow his angels to touch anyone with

the mark of God on their forehead. Only the wicked need fear - the elect of God can hold their heads up high. Their redemption is nigh!

Diana Thompson says

Amazing "story." It's a fiction story based on truth. Cahn relates Isaiah 9:10 as it applies to Israel to the United States. 9/11 is related to the breach in the wall of Jerusalem. As the people of Israel respond in defiance of God and in their own strength, so do the Americans. Even the economic collapse of 2008 is a direct result of Americans not turning back to God but rather trying to do things in their own strength. The Israelites tried the same thing. Cahn writes "A nation that turns away from prayer will ultimately find itself desperately in need of it." I think this is a warning to all countries and peoples. Very challenging!

Dennis Doolittle says

Just a re-hash of the book itself with no real additional value added.

Annette says

This is a great book! I loved it!
