## **The Revelation Series: The Complete Set** Randi Cooley Wilson

A divine secret. A loyal protector. A forbidden love. Will destinies be fulfilled? Or will love destroy everything? What would you sacrifice for love? All five books of The Revelation Series in one complete box set. Fall in love with this darkly seductive, page-turning journey of love, secrets, self-discovery and sacrifice

Eve Collins starts her freshman year at college blissfully unaware that one revelation will challenge everything she's believed to be true about her family, life, and future, and right in the midst of it all is Asher St. Michael. Mysterious and aloof, Asher is appointed to protect Eve at all costs. Bound by his oath of loyalty to mankind, loving her is forbidden. Dark and enigmatic, Gage Gallagher may be even more dangerous to Eve than the demonic army that hunts her. Caught in the middle of a centuries old war, Eve must choose sides knowing that the wrong choice will cost more than just her life. Can Asher and Eve fulfill their destinies or will their love destroy everything?

### Restraint:

One revelation changed everything, turning Eve Collin's world upside down. Now, she's left to struggle with her identity and allegiance. Haunted by grief and tempted by her increasing attraction to her protector, will she ever truly be safe from enemies that refuse to give up, or will only darkness remain?

### Redemption:

For Eve Collins, a new protector has been appointed, one who challenges everything she's believed to be true. Eve will become aware of dangers and worlds that exist only in her nightmares, and bloodline secrets that will trigger a centuries old war. You can escape anything, except your destiny.

### Revolution:

Eve Collins has set in motion a chain of events that could destroy everything she's ever loved. Eve must sacrifice her own happiness in order to tip the scale of balance. Which side will rise to power, and which will fall to fate? Everything comes with a sacrifice, even love.

### Restoration:

When the skies darken and love in it's truest form is tested, would you run? When death becomes silence and battle lines are drawn, would you fight? If you had to sacrifice, to save the one you loved, would you fall to fate? Would you dare to let it go? In this series finale, Eve and Asher must face the final battle between darkness and light. The End, Begins.

## **From Reader Review The Revelation Series: The Complete Set for online ebook**

### **Samantha Pletcher says**

The writing at the beginning was a bit rough for me, seemed very forced. Took me a few hours to get into the story, but once I did I was hooked. There were a few repetitions and phrases that were used that got on my nerves "chocolate orbs" but I have to say that I finished all five within three days! Story is very enveloping and I really enjoyed the characters.

---

### **Heather Do says**

Loved this series and can't wait to read more by this author!

---

### **Tamara says**

#### **Revealed**

This series was beyond great from start to finish. Very excited to say it was page Turner. Can't wait to see what adventure the academy brings for the future

---

### **Jessica \*The Lovely Books\* says**

These books were wonderful. It had action, romance, and characters I had a hard time saying bye to. I'm glad that there are some spinoffs though and that I'll be able to see them again :)

---

### **Jennifer says**

Love the series. It is something new from vampires and werewolves. It was an easy read. I appreciate that the author did a diligent research.

---

### **Alisha Hammac says**

#### **Could have been executed better. I actually finished the series though so I gave it an extra star**

overall the series was okay. It's not the best I've read. Little character growth, I really didn't care for our heroine or even the hero. Asher is annoying and rude and just an a-hole. Their relationship was annoying, and Eve was immature and lackluster. I LOVED the secondary characters though. Especially Gage, he was

about the only one who had depth. I loved Abby and Callan, because their relationship reminds me of my own. And the overuse of the f bomb and the petnames made me want to strangle someone. Literally every single time you talk to someone, you don't have to use a petname. Ugh. Between the siren, cutie, buttercup, cupcake, love, cutie, and pretty boy.... gag me with a spoon! To be honest I'm probably giving more stars than it deserves. And I wouldn't have finished it if it wasn't for the fact that I bought the box set. Sigh. But picking aside, the idea was great, the world was well thought out, but the villains sucked and the action sucked and the characters for the most part sucked. This book won't be one I remember in a few months unfortunately.

What's more unfortunate is I bought the next box set as well, the Royal Protector Academy. I am hoping and praying I like these characters more and that the author has grown as a writer and improved her storytelling skills. I tried really hard to get immersed in this one but I just couldn't get there. If you literally have nothing else to read, give it a go.

### **Timea Kiss says**

Only read this review if you had enough of the book series and you only want to know the end but you do not want to waste more precious time from your life to read this crap...

#### **SPOILER**

After I read the first book (I got free from Amazon), I got curious because the characters were funny, the plot was acceptable, the happenings were fast paced, I felt like - Yes, we are getting the greater picture soon and there are gonna be interesting details... Well if you had the same feeling, you were absolutely misled just like me.

The characters:

Eve is an 18-year old girl who just started the college. She feels this unbearable emotional pull towards his supernatural guy. This is all okay. But! No-one tell me that a virgin (after having been fingered twice) will suck the guy's... and swallow the thing right away... Gross... really away from realistic unless the writer would like us to believe that Blood of Eden is actually going for a whore carrier among gargoyles.

The real issue with the two leading characters and the writer is that it seems like they are not aware of the fact that LUST DOES NOT EQUAL LOVE!!!!

For example: You are 18 you'd just got the info that you are the redeemer for human kind, your mom is kidnapped by demons of hell and what do you choose to do??? Well probably not: Oh yes this night is gonna be perfect for losing my virginity to this guy because he is so damn sexy and awesome.. For Christ's sake! What's wrong with people nowadays... -.-' Oh and really??? The girl stabs the loved one in the heart right after having her best sex experience of her life and walks away... And the guy goes after her saying: "No problem we are still together you just need to regain my trust..." Really????!!!! What a sick relationship picture is this????

This happens at about the third book, I really wanted to delete the whole thing from my Kindle but I could not write the review if I did not read it till the end so here you go.

If you want to throw the books away but you wonder what happens at the end. Read on...

The story itself could have been great, but it is simple and poor especially at the end.

While you are reading the book you have the false feeling that there is something more behind the actions. The whole story slows down from the books 2-4 and you just wait and wait and nothing happens.

The end of the story is: Archangel Michael and Libby fell in love, of course this was not allowed. Libby got pregnant and Heaven would have killed the child right away, so the only way to save her was that Michael lied to the Council that he only "created" the child so that she will be the great weapon when it comes again to the never ending war between Hell and Heaven.

In order to be able to pull through this lie in front of the heavenly Council, Michael arranged that the girl's bloodline was touched by Eve's and Asher's bloodline was touched by Lilith's. There is light and darkness in the couple so as long as they stick together the Hell cannot attack the gates of Heaven. (Makes no sense? Sure...)

The Council agrees to protect the child till her 18th birthday.

Hell wants to get rid of her existence only for showing off in front of Heaven --' She has literally NO significance in the war at all. The whole thing was a big freaking lie.

The gargoyles knew bits of this story from the beginning and they kept the girl in lies... Obviously if someone keeps telling you lies your natural reactions is to love them and never question their actions again, right??? So annoying... --' This book shows a real idiotic, sick relationship model that I hope no-one would follow.

Back to the story. The gargoyles have enough of waiting for the demons to attack they set up a gala where Asher is going to be crowned as King and Eve as Queen. Surprise: it turns out that Garrick (Asher's father and the real gargoyle King) did not die, but made a deal with Lucifer to live forever and the gargoyle race is not going to be in the war of Heaven and Hell ever again. On the gala the dark army arrives... the divine army as well. The divine army takes care of the dark one and on the stage Garrick and the bad guys are killed... Eve has a stab in the heart, but because she had so much sex with her gargoyle and got mated and everything... she does not die... because Asher's darkness saves her light... WTF!!! I have no more to say about this book series...

---

### **Sylvia says**

Boring, juvenile, repetitive, DNF

---

### **Kelly Mccurdy says**

#### **Best box set I've read**

The amount of feels that I felt throughout reading this set was indescribable. Many times when I was reading this book I wanted to jump into the pages and help or just be along side them. I felt like I was apart of their family. I wanted to strangle Kenna many, many times. There were several times that I wanted to give Eve hugs and try one of Callan's cookies.

Randi has written a world that I want to escape to. This is a series that I can guarantee that I will be reading over and over!!

---

**Debra says****WOW! LOVE, LOVE, LOVE this series!!!**

I couldn't put this story down! Fast pace! Amazing, talented, and awesome writer! I was so caught up in the story it became so real for me. I couldn't do anything else but read!! Ending perfect!

---

**Tiffany Gavin says****Loved them all**

Such a good series I couldn't put my kindle or phone down and am excited to read more from Randi

---

**Heather Lovelace says**

This series makes you wish you had your own gargoyle protector. Randi has a distinct ability to weave characters and plot together in a way that lives in your imagination but could take place in the house next door. Thank you, Randi, for allowing us to share this world you have created. Please hurry and write more!!

---

**Angela says****Why did I wait so long to read this**

I am absolutely in love with this family. The whole story is so incredibly amazing. It has everything you could want in a book.

---

**Jackie Murphy says**

I couldn't put this down. Loved the storyline!

---

**Shelley says****An intense roller coaster ride**

I've never had such raw, intense emotion to a story. The set contains all five books of the series, which I was so grateful for. I would have gone insane if I had to wait for each book individually. Book one was typical, setting up the world and character backgrounds. It kept me interested. Book two had a bit more tension, drama, and got deeper into the backgrounds. By the end of Book three and again Book four, I just wasn't sure how I could go on. It was heart breaking, sometimes infuriating but so damn good. There are sweet

moments, great comedy moments (I freaking love Abby and Callan), there are every emotion possible throughout the story and it was so damn good even when it was difficult to accept what was being done to the characters.
