Nataliewf says

I liked this book. It was about Storm, the wolf puppy. Kristen finds puppy storm in the girl's bathroom and she says, "You better turn invisible now that you see a magic puppy in the girl's bathroom!"

Samantha says

It was the best when Kirsten made friends with Tracy and Helena. I also liked when Kirsten and Storm got to go on the A team. - 6 year old

Marlee says

This book was slightly different than the others we've read in this series. Instead of being visible to only one girl, Storm showed his puppy form to her family and friends. My daughter and I didn't know how Storm was able to leave a real puppy behind him when he left. I wouldn't enjoy these books if I was reading them on my own, but my daughter loves them.

Cate says

This is a story about a adorable little puppy that changed a little girls life forever.

Lan says

It is going to be fun

Marcus says

There are seven different books of Magic Puppy and Twirling Tails is the seventh. On the back of each book shows the books of Magic Puppy.

The puppy in Twirling Tails had its name as Storm and his real self was just a silver wolf. He's going to become the leader of the Moon-Claw pack. The evil Shadow wants to become the leader and he's using his evil magic on normal dogs, but you can tell them from ordinary dogs because they've got pale eyes and extra sharp teeth.

I am going to get more Magic Puppy books from the library. The first one I'm going to get is going to be

School of Mischief.

Meredith says

Very good story. Just don't judge a book by it's cover.

Annabel says

Lovely book, just there's a sad bit that nearly made me cry. The bit where Storm leaves and nothing but tiny puppy clothes is left on the floor. A must read.
