I received this from a goodreads giveaway.

A very nice uplifting romance story. This is a quick read and was a nice book to escape with for a few hours.

Superb Book!! As usual her characters are lovable, realistic, and their depth is very real. I love that her story doesn't have perfect people and that they struggle through their challenges yet depending on prayer and Christ they are always able to work through them! How more real life can you get!

Karen & Gerard says

This is light reading and you know right from the title how it turns out, but the boys in it made it somewhat interesting and a heartwarming read. I thought it wasn't very realistic though because who gets married after knowing someone for just two weeks? (Karen's review)

This has to be one of my favorite books EVER! The kids stole the show for me in this. Lots of laugh out loud moments and also some moments that pulled on the heartstrings. I really wish I could give this more than 5 stars. If you're looking for a sweet, tender, and heartwarming romance then this book is for you!

I very much enjoyed A Rancher For Their Mom a Rodeo Heroes series by Leann Harris. April Landers got the property when her husband and his parents had passed away. The land was in his family for years. April has a little girl and two boys. She is having a hard time running it by herself when her hired hand injured himself and not able to work. Joel Kaye is a rodeo cowboy. Joel goes out to April's place to pick up horses for the rodeo. Her kids all like him. The next day when he is picking up feed for the rodeo the two boys ask him if they can hire him to work at the farm for a week since the rodeo was taking it easy this week getting ready for the rodeo next week. They paid him a dollar thirty, all the money the two boys had. April is surprised when Joel shows up the next day. Joel plows and plants hay and sunflowers and does odd and end around the farm. April and Joel have feelings for each other but April can't have any more children and Joel wants his own child. A must read to see what happens.

Heart touching story of hope!

If you are looking for a good old fashion love story with its ups & downs this is it. Often we pray for God's help yet when He delivers we either don't see it or run from it! Great reminder to let go and let God!

I enjoyed this story. It was simple, with no horrible events, just a simple story with an adorable family in a unique situation. Very satisfying.

Roxanne says

I loved this charming book. A cowboy needed a job and he finds a ranch to work on. He thinks he will only stay a short time because this is his habit to travel around the rodeo circuit. But he falls in love with the widow April and her three children. She is worried about her life also and her ranch and they both seem to need a second chance for a nice life. So they trusted each other and have a happy ending. Also the Lord works in mysterious ways which I loved in the theme of this book. A joyful read.

Claudia says

If you want a nice story with adorable kids, READ. THIS!!

The children in this story were just the cutest. And the little girl melted my heart.

You won't come across one character not to like. And the cowboy is just a dream.

The story itself is a nice quick read.

The romance wasn't instantenious, but the main characters do fall in love in the span of two weeks and get engaged (although that only holds but an hour. but two months later they DO get to start on their happily ever after.)

The religious theme was there, but didn't take over the story.

This books is for everyone who likes cowboys, children in their stories and is a hopeless romantic looking for an easy read.

Cathie says
