**Accidental Romeo: A Marriage Mistake Romance** Nicole Snow

**Accidentally his. Fun fact: Fate is a four letter word.**

A perfect stranger just kissed away the worst day of my life.

Emphasis on *perfect*.

Hunter Forsythe is so far out of my league I can't even buy tickets.

And now he's insta-date to my stuck up sister's wedding?!

Brace for everything to go hilariously wrong.

But my mysterious new hero is no flipping joke.

Rich as sin. Knockout eyes. A snarlpants single dad. Muscle, muscle everywhere.

Too good for the quiet baker girl no one ever noticed.

Then I find out what – and *who* – put him up to this insanity.

I'm so mad I could spit nails.

Imagine my surprise when Romeo keeps coming.

Hear my door slamming in his face.

Witness my jaw hanging when he starts wooing me for real.

Dream dates, family dinners, and soul-branding nights.

I'm in full Juliet mode before I see the crack in his world.

The longing. The loss. The secrets. The danger.

Does love even fit in Hunter's jagged heart?

Or is a Shakespearean tragedy in our stars?

*From Wall Street Journal bestselling author Nicole Snow – a tale of pretend love turned way too real. See the sparks fly when tight wound alpha protector gets a taste of his ultimate Sugar and Spice. Full length romance novel with a Happily Ever After roller coaster!*

## **Viper Spaulding says**

Hunter is a swoon-worthy dream come true!

Like Wendy, I found it impossible not to fall in love with Hunter and his young son, Ben. Hunter doesn't even realize how much trauma he's still carrying around from the tragedy that happened more than a decade before, but Wendy is the much-needed breath of fresh air that shakes all the cobwebs loose and lets the light in through all the cracks in Hunter's life.

Wendy is the beleaguered youngest daughter in a family that refuses to believe she could meet even their lowest expectations. Despite the constant criticism, though, she has made a name for herself as a world-class pastry chef and is more than fearless enough to stand up to Hunter and let him know exactly what he's doing wrong with Ben. After her family sets her up with him for her older sister's upcoming wedding, she finds that there's more to Hunter than meets the eye and their unconventional relationship starts to take root.

There's more humor and less life-threatening drama in this book than in the author's other recent works, though there certainly is a villain and justice is found in the end. It's rare to see a villain so successfully portrayed as a wolf in sheep's clothing. The tragic history storyline played out just as expected, yet it was still satisfying and triumphant.

The entire wedding scene alternated between emotional interplay that made me breathless and situational humor that had me laughing so hard I cried. By the end of the sister's wedding, everyone - this reader included - was irrevocably in love with Hunter.

By the end of the story, Hunter's entire life has been rewritten and his soul healed by the freedom found in the truth and by the patient love he found with Wendy. I loved every bit of this book and devoured it in one sitting. I voluntarily reviewed an ARC of this book.

---

## **Eleonor says**

Nicole Snow is one of my most favorite authors. She writes with skill and passion, and with her heart. This book is no exception - the storyline is sweet, yet explosive, and the characters are exciting, captivating and believable. I loved this book and would highly recommend it to all romance lovers. Another 5 shining stars, Ms.Snow!

---

## **Heather andrews says**

Hunter doesn't ask, the man demands, "...and I'm taking you to that wedding. We'll drink, we'll dance, we'll have an awesome time. End of conversation." I really loved this book, I fell in love with Hunter the man took care of what was his.

---

## SMJC says

### So long winded

This book felt too long. I ended up skipping a lot of chapters because they seemed kind of pointless. At about 20%, you basically know what's going to happen, so now you have to get through at least 60% more of the book - and that's a big chunk - just to get to some type of action. It was just a little boring. I had some other issues which I've highlighted and added notes on, as opposed to adding them to this review, because well, I've already given this book too much of my time.

---

## Krisz says

This book was definitely one of the bests I've read by Nicole Snow.

Even though I knew who the villain was right away I still enjoyed to find out all the motives and layers behind.

I loved Wendy very much. She deserved to be acknowledged by her family but not only did they not put her on a pedestal but treated her like she was invisible, like her accomplishments meant nothing at all. She had a very loving but strong personality and in family matters she was a lot wiser than her years. It took only a few minutes to Hunter and he already knew the girl he accidentally met was something else entirely. Even though Hunter had a lot of development to do I liked the way he stood up to Wendy and gave his support and appreciation to her in spades.

Of course their journey wasn't all rainbow and roses but some rain and thorns here and there. The suspense made it even more enjoyable.

Good writing and plot, told in dual POV, HEA and a sweet epilogue.

## **Lisa Menor says**

I voluntarily reviewed an advanced reader copy of this book.

Wendy's older sister Rochelle is getting married and once again, Wendy is dateless. Wendy doesn't have a problem with it but her mother and sister do. Rochelle has always held the princess title in the family and this wedding is no different. Everything has to be perfect and Wendy is expected to attend, preferably with a date. It all comes down to this, not the fact Wendy is a masterful baker who has studied with the best and will someday run the family coffee shop and bakery, Midnight Morning. No, poor Wendy. No boyfriend. All alone. Well, not for long. A run in with a fourteen year old boy leads to meeting his father, Hunter. No father ever looked like this guy. Tall, dark and handsome with the most gorgeous, mesmerizing blue eyes. After some convincing, Wendy soon finds herself at her sister's wedding with Hunter as her date. They have fun together, laughing, flirting and they end up spending an unforgettable night together. Wendy is everything Hunter has ever dreamed of in a woman. She's smart, kind and caring. Wendy is not convinced. Hunter is super rich and can have any woman he wants. He's so far out of her league, it's not even funny. Hunter has a teenage son that needs his full attention and that is his number one priority. There's really no room for romance or relationships in his life at this time, no matter how much he wishes things were different.

This was unlike any Pretend Boyfriend/Date for Hire book I've ever read. I LOVED the inner dialogue of both Hunter and Wendy. SECRETS from the past that come back to haunt, are just some of the UNEXPECTED TWISTS in this story.

RELENTLESS PURSUIT WITH TOTAL SURRENDER?, NOT JUST PHYSICAL BUT EMOTIONAL ! ?  
There's so much more I want to say, but you really need to read this book, YOU WILL LOVE IT !  
AMAZING FROM START TO FINISH !!!

---

**Valeen Robertson (Live Thru Books Blog) says**

Who knew almost running over a fleeing teenager would net Wendy the love of her life? The LOVES of her life?

Wendy is the best baker in town. Her sculpted cakes are in high demand, and as such, her life is non-stop work. Outside of her cake-making prowess, though, no one ever notices her. And she's fine with that. Is she really, though? When Ben's (said teenager) dad tries to make up for the damage his son did to Wendy's delivery van, she puts him off. Hunter's not all that thrilled with, or used to, someone so thoroughly ignoring him, and he doesn't like it. He wants the beautiful, sassy baker to notice him the way he notices her. Thank God for her mother's insane idea because it brings Wendy into his life in a surefire way that she can't possibly say no to.

I fell in love with Hunter and Ben and Wendy just like they did with each other. This is most definitely my favorite story of this author's, by far. It's steamy, the character and relationship development is superb, and there's a bit of suspense, too. You can't possibly ask for more in a good, no, GREAT, romance.

**Cali Jewel says**

Highly entertaining, sexy fun, engaging romantic journey filled with witty banter, a little deception, mystery and scorching hot passion.... this couple is sweet, funny, engaging and a serious delight to read about. Could not put this book down and so need to read the rest of the series...

---

**Sara Oxton says**

Accidental Romeo by Nicole Snow a five-star read that you won't want to accidentally miss. This was another amazing story by this great author, I adored getting to know Hunter Forsythe and Ben they will make your heart melt and you eyes sparkle. This was so well written you will have the rug pulled from under you as you read and not see it coming. There is a bit of everything in this story, romance, drama, good food, a bridezilla with a fabulous wedding, and a date that will wow even if its maybe for all the wrong reasons. I don't want

to go into too much detail, but I will just say that you need this one in your life. Its possibly my favourite by this author and I adored the cameo from a romance author I wish was real.

---

### **Michelle says**

I was given an advanced readers copy of this book and have decided to leave a voluntary honest review. I have read a few books by this author lately, and I have to say this author surprises me more and more. I love getting glimpse of Landon in all these books so far. As you can tell he's my favourite and now I just love hunter. Man is he ever a sexy beast, and a sexy single dad. Damn I don't know how he get better. Wendy is fire ball who I absolutely love. She's such a good person with a kind heart. I just loved this book. I'm hoping Ben when hes a bit older will get his own book.

---

### **LianaReads blog says**

What a great read !!!

I laugh-out-loud so many times,i suffered for them,i shouted-out-loud YESSS and NOOO so many times that my neighbour came knocking on my door asking if I was all right :)))

Can something go more wrong in ones life then having to bake the wedding cake for your best highschool friends that got together because he dumped you ? For our heroine that's what happening,her day got worse as while delivering the said cake,she has a run with a teenage skater and the worst is that she has to go back and bake another cake in only few hours so she can keep her business reviews and clients as she is always on time with all her commitments. Her jaw drops as she get to see who the father of the poor teenager is ,build like a tank, gorgeous like a god and rich like no one she has ever met. Despite all of it ,she stands her ground and don't get all in a puddle swooning for him as he may expect.

There are so many things happening in this story that you don't want to give up reading even if it's 3 am and you can barely keep your eyes opened.

There's a bit of everything,i love the writing style,i love how the characters grow with every new action taken,with every gesture and though ,the dialog between any of the characters make you feel like you are there,with them and want to intervein in their discussions or arguments or even slap them sometimes for being crazy or stupid for their decisions ,but nevertheless a great story. Ilove the attraction, the chemistry, the wooing ,both their insecurities and inner thoughts, the scenes in the bedroom and outside are hot,very hot. Go get this book because you won't regret it.

---

### **Sheri says**

This is the second romance book in a row that I've read that is just WAY. TOO. LONG. Romance books don't need to be 440 pages long. Or 340 pages. While I liked this book, I found myself getting bored at the length of it many times.

Wendy is a baker at her parents bakery, and has always played second fiddle to her older sister, Rochelle (who is honestly one of the worst characters I've read in a long time). Wendy is delivering a cake and almost hits a young boy with her car when he's skateboarding. She then meets his father, Hunter, and thus begins a bizarre set of occurrences.

Wendy needs a date to her sisters wedding, so her parents arrange to have Hunter take her in exchange for giving his son, Ben, a job. This part is bad enough. I didn't care at all for the storyline regarding Wendy's sister. The fact that they grew up in a bakery and her sister became a money hungry bitch felt unrealistic to me. She was a a very awful character.

Hunter is a business owner, and a billionaire. He's semi-retired to take care of his son. There is some drama surrounding this, and to be honest, it was incredibly predictable and kind of boring. As I said in the first paragraph, this book was exceptionally long, and this whole storyline could have been cut out and it would have made the book better.

I really liked Ben, the son, a lot. He was very mature for his age. Hunter was a really sweet guy. He didn't like when Wendy put herself down, and really made sure to point out to her how beautiful and great she was.

Overall, the best was just ok.

## **Amber says**

Accidental Romeo stole more than just my breath. It stole my heart and my very soul. Nicole Snow knows how to gently coax and relentlessly tease until I am putty in her hands. This magnificent story is one of her best ever! It shines brightly and transcends life no matter what is happening. Not only does it soothe and calm a frantic and raging heart, but it also searches until it finds the smile and happiness that has been impossibly weighed down by daily life. This book is utter perfection that everyone absolutely NEEDS to read!!

Wendy understands and accepts the reality that is her life. She doesn't like it, but she knows it's all she has. To her utter amazement and disbelief her life changes in an instant. When instinct pushes her to protect at all costs in a dire situation, she finds that listening to her heart leads to the most unexpected and wonderful changes. Changes her mind doesn't know how to process or accept. Hunter has been raising his son by himself, but he know in the depths of his heart that something is missing. Something very important and absolutely vital. Except he has no idea what that is until the day his path collides with Wendy. He can't wrap his mind around this woman who is all sugar and spice at the same time. She turns his world upside down and makes him see things so very differently. This new perspective has him contemplating his life in a whole new light. When unknown danger and deadly deception threatens to come between them, will Wendy choose to hold tight to the gift bestowed on her by Fate itself, or will she return it knowing she can never live up to its value and worth?

Hunter is a genuine and loving father who melted my heart right away. He wants nothing but the best for his son, and that journey is one fraught with changes and new rules almost every day. Once Wendy came on the scene and I saw how empty and endless her life seemed, I knew that these two were perfect each other. They are simply two beautiful people walking through life as best they could dealing with the cards dealt to them. Life isn't easy for either of them, but together they find a blessed heaven and a long awaited shelter against the storms of life. They bring the other more hope, life, and love than either dared to hope for. This story broke my heart and then rebuilt it lovingly, confidently, and joyfully. I am blessed beyond measure to be able

to experience and savor this extraordinary masterpiece!

Nicole Snow is a literary goddess! She is a true master of words, but more importantly she is a true master of the human heart. Her stories capture your heart with little effort, give you a temporary shelter from the harsh reality of life, and instill in your very soul a much needed grain of hope that begins to take root and grow. I always walk away changed from her beautiful books. They live on in my heart and give my soul a new song to sing.

---

### **Becky says**

I voluntarily read and reviewed this as an ARC

If you love an uber alpha single dad and a sassy woman who knows how to give it back, this is must read. Action, adventure, intrigue to raise the brows, and hot enough to make you sweat. Let Wendy and Hunter sweep you into their world as their crash meeting sets the stage for a story that sweeps you up, hugs you tight, and gently sets you back down.

---
