Ryan Casey

**Dead Days: The Complete Season One** Ryan Casey

**This collection contains the complete first season of thrilling zombie apocalypse saga, *Dead Days* -- all SIX episodes that make up the first series.**

## **How would you survive the Dead Days?**

Riley Jameson is a regular guy. A little hard-of-luck and going through a rough time at work, but nothing he can't handle.

That was until the creatures rose. The dead started walking. Feasting on human flesh, their hunger insatiable. The police are gone. The government has collapsed. The world as Riley knew it has changed, forever.

In this new, terrifying world, Riley is forced to think quick and act fast in order to survive. His morals will be pushed to the very limit, forcing the question: can humanity survive the onslaught of the dead, not only on the outside but on the inside?

**There will be blood. There will be tears. In the Dead Days, nobody is safe.**

With fast-paced zombie action and gripping scenarios, *Dead Days* is a truly unmissable slice of serial fiction. Download the complete first season now and catch up on Riley and Ted's journey through a harsh and terrifying world...

# **From Reader Review Dead Days: The Complete Season One for online ebook**

## **Albert Yates says**

what a great bloody story.

Riley is your average every day, run of the mill twenty something, struggling with his emotions, living with his best friend until her comes back from a job interview and finds his friend attacked I the parking lot.

from there everything just escalates quickly until they're on the run for their lives. building trust in these circumstances isn't easy, and you don't know who you can trust until their lives are on the line.

## **sherry ruff says**

### **Good read**

Entertaining. What I expected from a zombie book. Some storylines a little too predictable but overall a really good read.

---

## **Dave says**

4.5 stars! A fast paced action filled zombie story. Very enjoyable.

---

## **Darren Dilnott says**

I've seen Ryan Casey's book a lot when i visit Amazon, but confess as a massive ZA fan, this was the first of his books i've read.

Boy have i been missing out.

Very few people seemed to tick all the boxes needed to be a fantastic ZA book in my opinion.

Ryan Casey nails it with flying colours.

This book is horrifying, brutal, and the no character is safe. Forget the predictability found in a lot of books, where you know who'll be alive at the end. This author doesn't care.

The story writing is fantastic, and the characters are incredible.

The pace is terrifyingly relentless, and i loved the sprinkling of humour within.

I enjoyed the fact the story was UK based.

## **Brian Switzer says**

## **suspense, twists, turns, and surprises**

Riley isn't your typical zombie apocalypse protagonist; he's pensive, has difficulty making decisions, and is a bit of a wuss. He has also done some horrible things in order to survive. In season one and the early parts of season two he sacrifices others so that he may live.

Ryan Casey takes that character and through the rest of the season develops him into a leader who makes decisions based on what's for the good of his group- a deft transformation that takes place a bit at a time, not overnight. Riley is the best of a host of well- written characters.

There's a military contingent who, much like the Terminus folks in The Walking Dead have come up with a novel way to deal with the lack of available food after the ZA. Their leader, Ivan, is truly frightening.

Dead Days twists and turns, zigs and zags, with plenty of surprises and black humor. I look forward to season three.

---

## **Nancy Schober says**

Great characters and a breathlessly paced plot. Maddenly misuse of words.

---

## **Harrison Lamb says**

Nice series to get into.

Although some of the story is a bit guessable at times, this book will certainly entertain any fan of post-apocalyptic, dystopian, zombie fiction. There's a good bit of character development throughout the story, and a nice mix of emotion, fear, adventure, and even some elements of mystery surrounding the cause of the zombies, the backstories and hidden intentions of a few of the characters, and an incident involving cannibalism.

Overall, this book ticks all the boxes for an entertaining story and does leave you wanting more. So if you, like I did, are sitting there and looking at the book unsure of what to make of it or whether to bother reading it or not, give it a read. After all, it's free, and the author deserves your attention. Then you can decide if you want to continue with the series once you finish the first season.

You never know; it may end up being your go-to book for when The Walking Dead seasons end and you're getting withdrawal symptoms. I know I'll be revisiting this series again.

## **Late Benda says**

### **Great book!?**

This is a good book for you zombie lovers out there. Good detail, a little sick(odd) but other than that it's good!

---

**Jennifer lashley says****Suspenseful**

If you love The Walking Dead you'll love this story of survival. Can't wait to find out what's next for Riley & the gang. Geesh it's only been about 3 weeks since the world went to shit & already they've been through hell

---

**Darren Jones says**

This is my first venture into the Zombie Apocalypse, and I must say I'm really enjoying it. Dead Days sets normal, everyday characters against a nightmare situation in such a believable way you find yourself wanting to follow their exploits to the very end. Great stuff.

---

**lisa hamer says****Good read**

Yes it was a really good read and gets better as you go along. Good to have a normal run of the mill bloke as the lead character.

---

**Jools says****Great dialogue**

Although this started off a little reminiscent of Shaun of the Dead, the characters soon grew and came into their own - I didn't like all of the characters and some of them were annoying, but they held their own identity throughout (or at least until they were killed off). Found very quickly that I couldn't put the damned book down. Maybe a little reflective of 28 days later, too hence the 4 stars, but still a good read if you like your corpses standing up and chowing down

---

**Talena Colley says****One of the BEST!!!**

I absolutely loved this book! The author has rare talent which is needed when writing a book in any of the genres that are in high demand these days. In the Zombie Apocalypse genre, no matter how great the talent of the author is, the probability of their book being similar in plot to those of the other greats, is high. With Casey's series, Dead Days, the originality is welcoming. Not only are his characters well crafted, original one from the other, but so believable that you begin to wonder if you hadn't met them somewhere on your

journey thru life. The plot has great originality in it twists and turns, surprises around every corner to the point I found myself saying aloud, "I didn't see that coming." I am fully anticipating reading Season two and plan on starting the moment I submit this review.

---

## **Tonya Edwards says**

### **Great start to the zombie apocalypse**

Riley and Ted are just a couple of guys in a flat that have to figure their way through the zombie apocalypse. They create a team of fighters along the way, but not everyone will make it.

---

## **Cesley Travis says**

### **Great start to a series!**

Even though it starts slow, once it gets going it gains great momentum and rhythm. The characters are very likeable and the ones you're supposed to hate, I did. The author is not afraid to throw unspeakable losses at us and not afraid to tell the truth of life. No super heroes, just regular people fighting for their lives. Don't forget to review!
