Maria Isabella V says

It was a really good book , a short one but it's was enjoyable . The characters were good , also it has Row and Evelyn point of view through the story. I really like it .

Kristina says

What a boring shallow read. I couldn't stand the whiny self centred immoral heroine, who gets over the MURDER of her friend in like a minute by the MC club, and even doesn't think the MURDERER deserves to go to prison. What the????

No, she's too busy sleeping around with the so called hero who was or wasn't going to kill her. Yes, she was only interested in getting it on with this guy who kidnapped her & was weighing whether to kill her or not. She also accepts the club that murdered her INNOCENT friend, as well as they were potentially going to murder her too. Yeah what a DUMB SHALLOW story. There's an hour of my life I won't get back.

Elfina Renee says

Death Row was not what I was expecting. Sure it started out all good, with the killings and the kidnapping, but from there it went downhill. It was like reading Speedy Gonzales. Lets have a come to Jesus moment. Check! Lets be sexually attracted. Check! Stockholm syndrome, just a smidge, Now we're in love but you betrayed me.

¡Arriba! ¡Arriba! Just like the infamous cartoon character, blink and you miss it! I wished I could have connected more with the characters, some of them seemed pretty cool. Tho I despised Ghost for what he did, I thought of him being funny and nice, if you can picture that in a stone cold killer. As for Row nahhhhhh just not feeling his bad assness or his VP patch!

Lexi Divan says

Evelyn is a moron for forgiving an innocent man's death. I knew the ending was going to piss me off and I still finished. If it had a different outcome I probably would have enjoyed it. Row is biased and annoying most of the time and Eve is stupid in love. Now I know what they mean by love makes people stupid. I disliked this book mainly due to the characters personality.

Jodi Sonoff says

I have to say that I was disappointed in this book. It started off with a bang, I was excited then it just kept dragging on. The story line was an excellent idea and I had been looking forward to this book. I did not feel that there was a completion to the story. I was left hanging. There was a lot of bunch and forth and no true HEA. Yes the leading couple ends up together, but not until the last page. 3 stars is a stretch on this one.

Lily says

3.5 stars

It's a short story but not so bad, I hate Insta love but there's some plot twists that made me continue reading it, both characters are equally great, but they need more updating, kinda too plain I guess, Evelyn is a nurse who got kidnapped the second the book started so no time wasting!!!

Overall I loved ROW more than Evelyn coz I hate heroines who are hormonal and give in easily, I like them with more fight...

Cristina says

Quick read with good writing.

I recommend it only if you're a biker romance fan and love a good strong female character.

and...

Ohh...and the book doesn't have explicit sex scenes...for some of you this might be a NO GO but I didn't mind that much.

Silvia says

Who does yoga while being kidnapped??????

Mikayla says

This story was very quick. It started off good and things heated up. I expected more in the sex department from Row and Evelyn but that didn't happen until the end. The ending was also very disappointing. It just ended. There was no closure just oh i love you. Stop. I would have liked more there. The story was good but

with the ending so abrupt is why I gave it the lower stars.

Vanessa says

Urgh Right well oh dear!

Research for the love of good do your own research instead of reading other MC books and thinking you know what MC's are actually like! Watching SOA doesn't count either!

It is woefully short with ruddy great chunks of the story that are "just because!"

With a heroine who I have got to say sold out a friend and a colleague instantly for a good looking bloke. Urgh flakey.

***kawehi.reviews says**

Gosh, I can't wait to read this!

Xariah Gaitch says

After waiting so long for this book and becoming so excited for it after reading the blurb, I'm afraid to say I'm sorely disappointed.

The story for me was much too rushed to be crammed in an hour's worth of reading.
I had no connection with the characters.

There were major details missing from a lot of the story.

There was as so potential and I don't know what went wrong :(

I'm finding it hard to understand why it took so long to come out.

It feel like like a child being promised a bike at Xmas and waiting so long for it to come to only end up with a bike figurine and not the real thing :(

Hajar says

it is totally not fair that the good guy who died didnt get his justice and therefore i hate the storyline a little bit.the rest is a little meh.2.5 stars and thats enough.i like story about bikers but this one, is totally meh~.im glad its short and over.

Zeynep says

3,5 stars.

Short and lovely:)

Not been 100% lately so been taking some “me” time. Another book I had on my kindle.

It's a short read.

I love the cover and was expecting much more than I got.

It was pretty painful in places as it seemed to be crammed pack with nothingness.

I REALLY wanted to like it.

The upside of this plot is good, great ideas, great plot!

The downside. The plot seemed far too rushed. IMHO I think the book would have done better with more detail, more surrounding and just lacked a bit of humf.

I wouldn't be put off to try another read by this author though. We can all live and learn.

It takes time to develope this kind of crime, kidnap etc.

An ok book
