## **Illegal Affair - Volume I II & III (Sleeping With The Enemy) Sienna Mynx**

Illegal Affairs Anthology has been combined into one book for your reading pleasure.

Time's up! Agent Raelynn Traylor has risked her life and career to uncover the truth about a man many either want dead or in prison. Now she must find a way to prove his innocence to save them both. Her passion for him and justice sets her on a dangerous path. It's her destiny and duty to see this through. In order to fulfill them both she must decide between love and fate.

Shane Lafferty has lived his life for others. He doesn't believe in the rules of right and wrong. Until a federal agent leaves him no choice. Now he must choose to cooperate or risk loosing the only passion he's known. Illegal Affair III concludes the short trilogy of dark sensual passion between two unlikely lovers.

## **From Reader Review Illegal Affair - Volume I II & III (Sleeping With The Enemy) for online ebook**

### **Davina says**

I decided to check this out since it \$.99 on Amazon for the ebook and the rating was very good. Talk about a great bargain!! This story was so very enjoyable that I read it all in one night. I liked both Shane and his 'Rae'. Flawed characters but not annoying nor too stupid to live. Very passionate story and doesn't disappoint.

Totally recommend. This was the very first book(s) I read by the author and I couldn't put it down. Shane and Rae were awesome. Made me long for a sequel just so I could enjoy more of their story.

### **Paganalexandria says**

Another solid Sienna Mynx but not my favorite.

---

### **Mspraise50 says**

I enjoyed this story. I found it very intense and I loved Shane. He was able to tell Rae about his feelings and expressed them to her. She had feelings but she did not share them so easily. Although I loved the story, I was not mad about the ending. Our couple ends up together in the end which great. After being so intense the ending just felt a bit like an anti-climax to me! This is my perception/view and I am sure there are many different ways to perceive the ending!

Great read!

### **Bennita says**

Another good book by Sienna Mynx. I always love her characters because with each book they are so different. Sometimes authors tend to put similar characters in each of their books, with Ms. Mynx, that's not the case. I started reading this along with another book and had to put the other book aside to finish this. There was lots of conflict- both internal and external and a whole lot of angst. I loved the fact that Shane wanted more from Raelynn, even when she denied her feelings for him. He was a tough boxer, but he wasn't afraid to face his feelings for her and make her confront her feelings for him. Rae was so hell bent on living her father's dream and proving her worth to everyone else, she lost site of what was right in front of her. Rae

had to let go of her perceptions of the kind of man she expected Shane to be and reality. Shane was cocky, funny and loyal to his friends and family. He was even loyal to Rae even when he knew she could destroy him. Although their relationship was short-lived, it felt believable. There was great character growth and the plot kept me wanting more.

### **Keita says**

Good storyline, however the last chapters felt rushed. When the two main characters reunite at end there is a 5 minute conversation and they have sex. I personally believe they should have had a more indepth conversation on what had taken place since their last parting and her springing a child on him.

#### **Illegal Affair - Volume I II & III (Sleeping With The Enemy Bo)**

Raelynn (Rae) Traylor works on the side of the law for the FBI but falls for an Irishman associated with the IIR, an organized crime unit. She goes undercover to flesh out the top leader. Will she move ahead in her career and follow her dreams? Or will she give up everything for Shane (Shaney) Lafferty? The storyline moves smoothly along with drama and suspense. A definite twist to this novella. I rated this 3.5 stars.

### **L.M. David says**

This story surprised me. I am new to books involving interracial couples (bwwm) and this is the second book I have read by this author. While there were grammar issues and the misuse of "pours" when she meant "pores", the story moved along at a steady pace. I didn't feel the author added wasted information just to fill pages. Shane and Rae were suited for each other but there were times the anger overshadowed their "togetherness" and made me want to skip text. The main characters were always in bed, even when she was pissed Rae would give Shane sex. That got kind of old after the fourth argument, not to mention predictable. And the pregnancy didn't come as a shock. Still, I will definitely continue to read more by this writer.

---

### **Nile Princess says**

More like 2.5. I enjoyed it enough to finish it, but the heroine was a bit annoying, the FBI/crime family angle amateurish and lots of the book eye roll worthy. The ending left lots of questions about what happened to Shane's father and to Ian Higgins. I've read other books by Sienna that I've loved but I'm learning that it's kind of iffy with her. You could get a gem or you can get...something like this lol.

### **Nikki says**

one of the reasons why it takes me so long to pick up a sienna mynx book is because i automatically know there will be a sleepless night ahead of me. depending on the day i start i will not sleep and barely take breaks because they are generally page turners of epic proportions. illegal affairs is not as long as other novels (since it only took a day); however, it was sooo good! i was hooked right away and transported immediately to boston and smack in the lives of raelynn and shane. this was fantastic and i'm looking forward to my next sienna mynx book. bravo!

### **M says**

#### **It was ok**

Not one of her better ones but it was OK. It's a quick read and a decent sorry.  
I did not feel any chemistry between the two characters, it all just seemed a bit bland compared you other books by this author.  
It is worth the read.

---

### **Dawn says**

#### **The typical ending but I still a good read.**

This an old one by Sienna but I enjoyed it. Raelyn and Shane meet how you would if you saw someone fine but drunk. She happens to have a job where she must be an upstanding law abiding citizen and Shane is the person where he can't but help find himself in the wrong position. Raelyn and Shane find themselves not only entangled in the heat of themselves but their professional affairs come together as well.

This story was evenly paced but I wasn't a fan of how Raelyn sort of used her dad's issues to get ahead or even build up anger. Shane grew a little in this book I kind of wanted them to have this life on the run.

Of course I'll always read Sienna.

### **Sandra says**

Ms. Mynx NEVER disappoints! I stayed on pins and needles with this story, the situations kept going from bad to worse! I was reeled in! I don't want to give anything away, but this story is on the top of my list! More, please!

---

### **Rhonda says**

This book had great promise and I was sucked in right away, but then about chapter three I knew why while reading it, I was immediate reminded of The Town with Ben Affleck. One of my favorite films! You know with all the same theme of reluctant bad boy robbing for some crime boss. Even the scene where they visit the hero's father in jail is in this. But then unexpectedly the story turns into The Fighter. Deadbeat mom, spoiled boxing career and even the hero gets beat up by one of the characters from the film, Micky, with no name change whatsoever.

I don't know maybe I'm reaching on this, but the similarities took away from my overall enjoyment of this book.
