Restoration Song (New Life Tabernacle Series Book 2) LaShonda Bowman

Sixteen years ago, Sophia Thomas, pastor's wife and first lady of New Life Tabernacle, packed her bags and disappeared, leaving her husband and church to wonder where, and why, she'd gone.

Now she's secretly come back, hoping to repair her fragile relationship with her ailing mother.

But her return doesn't stay secret for long. And neither do the reasons why she left.

As the truth comes out, it opens old wounds, threatens new relationships, and exposes deeds better left in the past.

Amid the turmoil, Sophia must decide whether to remain behind the wall of isolation she's built around herself or risk her broken heart by learning to live again.

Karen says

Awesome book. Sophia Thomas, was the first lady of New Life Tabernacle, packed her bags and left. Sophia left her husband, church, and family. Sophia comes back home after sixteen years due to her mom being sick. Sophia was a strong woman to hold onto the secret that could have destroyed her husband years ago.

Vanessa says

Not R rated

I loved the story line and the characters. The story could have included more details and descriptions. What was Patti's medical diagnosis? Hip problems or some cancer?

Dee Cherry says

This series is truly touching my soul. This second book introduced Sophia, former First Lady & daughter to Patti, a loved mother of the church whose days were ending. While Patti initially made Sophia's 16 year return a nightmare, the appearance of an unexpected Samaritan helped mend their relationship. This story had several layers & appearances from book 1 characters. Storyline was devine & emotional as these characters worked through their situations. While it took me the majority of day to read, content was what title implied. Great read & I'm looking forward to reading the next book

Katrina Parham says

Keeping Secrets

This novel was an awesome read. I loved Ms Patty character. The story line kept me on my feet. I never knew what would happen next. The way this story played out was a page turner.

Tracee says

Great Storylines!!!

I loved this book and the characters. Yes, God is GOOD! Such a great example how God can turn what the enemy try to make for evil... God is Good!

Deborah C. Fidderman says

Restoration Song

Sophia's story was a gripping story about how choices made by others can effect your life negatively for years. It's best to face the truth when events happen. Don't keep secrets. I love this book. I recommend this book to everyone.

Latanya says

Restoration!!!

I really enjoyed this book. It has so many real-life parallels! The characters were inspirational & entertaining at the same time. It's never okay to omit the full truth...in doing so, you communicate a lie. Some of the characters learned this the hard way. "No matter how deep the damage, restoration is possible." We just have to allow God to bring it! Loved this story...loved the characters!! Great story LaShonda Bowman?

Azjanea Howard says

A strong must read

Wonderful characters that really came to life. As I read I was able to Invision not just what each performance looked like but also exactly how they sound. I could actually smell the food and feel the humidity. I was filled with joy, sorrow and hope all at the same time

Brian Jones says

WOW,,,

What a awesome book. All my emotions came up in now way or. He other. It just proves how GOOD GOD IS!!!! This is a book all Christian weather seasoned saint and babies in Christ should read to see we all fall short. From the pastor to the congregation and everyone in between. We are not perfect but THANKK GOD, we know who is.

deborah jackson says

Vers gold book

I thought book started off a little irritatingly slow but that was because the thrill and shocking suspense was at the peak. Just when I thought I figured it out I was wrong. This book was cleverly written. I could not put

it down. After reading it I reflect on the message that spoke to me. Anger is never a friend. Lies and secrets will only make things worse. God says your secret sins will find you out. Forgiveness is inevitable and judgement should always be left up to God. Only He knows how to shut the mouths of the naysayers while bringing restoration to the misunderstood, the humble, the weak and the hurting. This book should show us that hurting people only hurt other people as they refuse to fall before the feet of the Master, telling the Father all that is in their heart. What a lesson to learn. Give all your issues to God. He not only knows and understands but He is the only one who can bring restoration to your soul. Good read.

Rosemary Ross says

Wow!! Restoration

Best book I've read in a while. This was a very good story. The things that happen are real life issues that happen in churches and families still today. Old adage " what's done in the dark comes to light sooner or later." Can't wait to start book 3.

Asia-Renee' Johnson says

Excellent Plot, Excellent Novel

From beginning to end. You will not be disappointed. Make sure you read both books in the series. Great writing void of offensive language-yea and amen.But rather forgiveness, restoration, truthfulness, sacrifice-things that really matter.?

Loretta Johnson says

Great Summer Read!

Book 2 in the Restoration Series resonated more with me than the first book. The First Book was an introduction to the characters and the life they were living, this book got into the meat of who they were and what made them like that. It made for a more believable character and one I could identify with. Great story! Once I started I couldn't put it down. Each chapter had me getting deeper into the story, so much so that I could imagine being a fly on the wall taking this all in. I could vividly picture being at Patti's funeral! Lord have mercy! Looking forward to the next book in the series.

Robinett Versey says

It Is Well

Each novel has blessed my soul. I have loved every word, sentence, and paragraph. In Each novel, I have adored every plot and character. I have been blessed with more of the love that God desires me to have as I freely forgive. You are blessed with an anointing to write and

encourage others. Every novel written by you will be read by me. Yes, of course I share with friends.

Regina says

Love

The story was heartbroken. I loved it. I can't wait for the next book in the series. This author know how to keep you involved in reading her books. Keep writing Ms. Bowman you have a true fan now.
