Discover that the Highway to Hell really is paved with good intentions

*Supernatural*, the hit show from The CW, continued its streak of critical praise and ratings gold as the fourth season upped the stakes for Sam and Dean Winchester and introduced another potent supernatural element into the mix - angels.

Dean has been resurrected for a divine purpose, but during his time in Hell, Sam has started down his own dark path. Now, while trying to negotiate uneasy alliances with both angels and demons, the Winchester brothers must race to prevent Lucifer from rising and unleashing the Apocalypse. On the journey, they confront creatures most people believe exist only in folklore and nightmares, including rougarous, sirens, ghouls, and suicidal teddy bears...

This official companion is packed with exclusive interviews, photos, behind-the-scenes secrets, the lowdown on the show's supernatural entities, and a complete episode guide. Plus a color portrait gallery of the stars!

### **Chrissy says**

I'm not entirely certain whether I'm gushing, because I'm a ridiculous fangirl of the show or this is just a great season companion... both is good.

Episode by episode with info from the actors, production staff, writers, and directors.

Also Color pictures YAY!

### **Nikki says**

The companion to the fourth season of Supernatural, mostly held high in my heart because of the introduction of one Misha Collins. This volume has the usual stuff -- interviews, character bios, discussions of individual episodes... I like all the titbits about the pranks Jared was pulling on poor Misha.

This book was a pretty cool look at the behind the scenes of Supernatural season 4. I really liked that it took an individual look at each episode and certain key characters and the thoughts of the cast and crew on those episodes and characters.

I adore these. I have seen every episode and sometimes you need a quick guide to jog your memory of a particular episode or plot point. These are awesome guides for that. They are the recipe index for the brilliance that is Supernatural and I love that.
