## Fayrooz says

ok

the thing about three strong independent sisters and three A-type manly cousins going after them to watch their work

only to be fascinated by how amazing each one of them .. so they all fall in love and help each other out of their hard past ... this never gets old and I like it

so predictable

but I'm sooooo ok with it

*4 Stars! ~ Romana's in charge of PR for the store. And the month that Niall is assigned to shadow her is one of the busiest on her calendar. Romana had seen photo's of Niall, but in person this investment banker is dangerously attractive. Niall isn't sure how to take Romana. He's not sure if she's all an act for the benefit of keeping the store in Claibourne hands, or if she's really this courageous, intelligent woman who seems to have the store's best interests at heart.*

## *Boardroom Bridegrooms Trilogy -- Book #1*

*Claibourne & Farrady is an exclusive London department store that has been run by the eldest male of either the Claibourne or Farraday families. For the past thirty years, the store has been under the control of Peter Claibourne and on his retirement, his three daughters want to take over his role, with the eldest daughter at the helm. But the Farraday men won't hear of it. After all the control is always passed on to the eldest male. Now the women need to prove to the men that they can run the company better. So they issue a challenge. For a month, each Farraday male must shadow a Claibourne female in order to understand the workings of the company. These are their stories.*
