Hank Zipzer is failing math, so he has to work with Heather Payne, resident class brain, to help get his grades up. At the same time, Hank's school is putting on a production of *The King and I*. As coincidence would have it, Hank is cast as the King, and Heather as Anna. But when Hank's dad tells him he can only appear in the play if he gets a B on his next math test, Hank knows he has to hit the books. Can Hank pull through in time for the show?

## **From Reader Review The Curtain Went Up, My Pants Fell Down for online ebook**

### **Maureen says**

I know my selections are a little childish, but i'm reading them with Steven, for his school's Book Club. So far this book is very funny just think that Henry Winkler "wrote it".

---

### **Tori says**

I read this and it was funny!!!! :D :D :D :D

---

### **Duane says**

This is a great book for beginning readers that feel comfortable with lengthier books. Hank is finding himself stuck with a peer tutor who just happens to be the stiffest student in his class. Filled with humor and true situations for the underachiever in all of us, I think just about anybody would love this series of books. A great read.

---

### **♥\*Suzie\*♥ says**

FUNNY!!!!!!makes you pee your pants...

---

### **Wendy says**

Jenny loves these books!

---

### **Jennifer says**

Funny book geared toward 4th or 5th grade boys. 2011 NYRA nominee.

---

### **2 Alex E says**

This book was a good story about how Hank got into the school play and what happened during the play.

---

### **Marblesaurus says**

Again, it was really a good story. Especially I liked that Hank found another good friend in Heather Payne! I've been always wondering if Nick might turn out to be a good guy, but the possibilities are getting thinner and thinner...

### **Tad Kilgore says**

#### **10 stars from us**

My son went crazy over this book. Loved it so much he ran around the room screaming at the end.

---

### **Briana says**

This book was recommended and loaned to me by my fourth grader's classmate. I may have loved it only for that reason, but Hank is just so darned likable and funny and flawed. A very good read for boys!

---

### **Evy says**

This book was quite a humorous one. I truly enjoyed the freshly packed excitement and adventure and new properties you don't find in any other Hank Zipzers. The new jokes are great and you kind of get used to Hank's habit of swapping from one thing to the next. After all, he has learning challenges. Another quick read but definitely something enjoyable. I doubt fans of Junie B. or other funny young series won't grow up to enjoy Hank Zipzers.

---

### **Heather says**

It was really funny and something I never would have expected from Hank.

---

### **Becky says**

Guest review by my 4th grade son: I think this book is very funny and deserves to be read, as well as other

books in the series. The characters, setting, and plot are all good.
