Atlas of Hand Surgery

Sigurd Pechlaner , F. Kerschbaumer , J. Grossman , H. Hussl

Atlas of Hand Surgery Sigurd Pechlaner , F. Kerschbaumer , J. Grossman , H. Hussl

This large and beautifully illustrated atlas describes all major procedures in hand surgery. Step by step, elaborate and clear original drawings of high artistic value depict the surgical approaches and methods.

Following an introductory chapter on the anatomical basis of hand surgery, the clinical part of the book treats hand surgery in traumatology, plastic surgery and orthopedics.

The great care that was given to the preparation of this surgical atlas is matched by the comprehensive treatment of the techniques.
