Inferno Motorcycle Club: The Complete Series Sabrina Paige

****This is the complete bestselling Inferno Motorcycle Club series in one box set****

Book One, Taming Blaze:

A chance encounter would ignite a spark. Fate would fan the flame.

Dani doesn't believe in love. She knows that love only leads to heartache, like the murder of her mother when she was just fourteen. Besides, dating is tough when your dad is one of the most powerful crime bosses on the West Coast.

So instead of relationships, Dani believes in one night stands. But when a casual fling goes frighteningly wrong, she runs home to the only person she knows will protect her - her father.

She doesn't make it. Dani's stranded on the side of the road with no one to help her. Except Blaze.

Blaze has been through hell and back. Raised by his junkie mom, the Inferno MC is the only real family he's ever known. As their jaded Vice President, he'd do anything to protect the club.

When fate throws them together, sparks fly. Their attraction is undeniable, but can this jaded and broken pair find happiness? Or will Dani's family secrets tear everything down, including the MC?

Book Two, Saving Axe:

Sometimes you have to lose everything to find the one person who can save you.

Ex-Marine Corps sniper Axe turned his back on everything he loved when he became the Sergeant-at-Arms for the Inferno MC. The fallen hero was determined to drown out the ghosts of war with an unrelenting path of self-destruction. He had no plans to set foot in his hometown of West Bend, Colorado ever again.

Until the Inferno MC betrayed him. Now, there's nowhere left for him to run, except back to his father's ranch. Where he would come face to face with her.

June Barton.

The Navy surgeon was his first love, but now she's all grown up. She gave up her scalpel to return home, tired of losing her patients to war. All she wants is peace and quiet, but when Axe shows up, he turns everything upside down.

Can two broken and damaged people get a second chance at happiness? And when the Inferno MC commits the ultimate betrayal, will Axe's need for vengeance destroy his soul - or could June be his salvation?

Book Three, Breaking Hammer:

He would break down any walls; take down his enemies; and search to the ends of the earth to find her.

Two years after an unspeakable betrayal by his MC, Joe "Hammer" Holder is fighting his demons, both inside and outside of the cage. He swore he would never fall in love again.

Until Meia.

But Meia belongs to another man - one with unlimited political connections and power, who ensures her loyalty by holding someone she loves in his grasp.

Love is not part of Meia's destiny.

Until Hammer.

Can love blossom in the midst of unspeakable pain and loss? And when Meia disappears without a trace, will Hammer's love be enough to help her survive?

From Reader Review *Inferno Motorcycle Club: The Complete Series* for online ebook

Bolinda says

Blaze, Axe and Hammer

I am glad these three books were packaged together so I could keep reading without looking for the next book. I liked the books/stories in this order 1. Blaze 2. Axe and 3. Hammer. Each story had some background issues the characters needed to deal with. I got a little tired of Axe internally putting himself down as well as Crunch/Hammer. The end of Hammer's story was kind of anticlimactic.

I am on my way to read about the Saints of West Bend.

Catrina says

Wonderful series

This entire series is filled with well rounded characters who manage to balance their good with their bad in such a way as to seem totally real rather than cookie cutter, one dimensional beings. There's a grit to these flawed individuals that draws you firmly into their world. You can't help but to emotionally commit to these stories as you navigate your way through this dynamic world of the MC. I very much enjoyed the experience of reading these works, and I will definitely be reading more books by Sabrina Paige!

Tammy says

I didn't really care too much for "Taming Blaze", book one of this series, mainly because there was so much back-tracking with the switches of POVs. It ruins the flow of a story to go over the same events, only told from the other character's point-of-view. And, in my opinion, it was completely unnecessary. No new insight or information was made clear by the replay, and more often, it was confusing until I realized that this was stuff that had already happened.

Thankfully, the author seemed to realize it didn't work, because books two and three did not have that problem.

I'm glad I stuck with the series; granted it took me almost a year to try again, but I knew from reading *A Step Brother Romance* series and "Elias" (book one of the *West Bend Saints* series, then, realizing it was a spin-off of *Inferno*, I decided to wait to read anymore of that series) that I liked her books, so I had to try the *Inferno Motorcycle Club* again. I'm very glad I did. "Saving Axe" was really, really good, my favorite I think, and "Breaking Hammer" ended the series very nicely. I'll be starting on the *West Bend Saints* series next. I'll be rereading "Elias", just so I'm all caught up. Highly recommend this series.

Reader says

Of the three, Axe was my favorite, then Blaze. Hammer's story was hard to get through for a variety of reasons including plot drag and subject matter. This is a dark, gritty series with a no-joke MC.

Ibrium says

Enjoyed the first two stories a lot, Axe's in particular. I first met Cade (Axe) and June in Paige's *West Bend Saints* series, so it was nice reading their story.

DNF'd Hammer's story. The narrative device just wasn't working for me, leaving me feeling totally disconnected from the characters.

Four stars for *Taming Blaze* and *Saving Axe*, 0 for *Breaking Hammer*.

Erika says

[They meet at the side of the road, after she ran out of gas and he helped her. After a night together they go their s

FayAnn Hollcroft says

This trilogy was pretty decent! I actually enjoyed reading all the ups & downs. Book 1 irritated me more than I could have imagined. I'm just glad I enjoyed the characters to continue reading! I felt heartbroken during book 2, *Saving Axe*, but ultimately enjoyed everything. Book 3 is hard to describe. Yes I liked it, but I also felt like it was all over the place too. So out of all these books my favorite was hands down book 2, even with the tragic situations. Thank you!

Jennifer Mcclarity says

All in all.....good series.

I decided to read this series because I wanted to learn more about Cade and June. They appear in the Saint books as well so I was excited to get to read more about them. I enjoyed Blaze and Hammer's story as well. Hammer's had quite a few typos and a lot of the book was repetitive inner thoughts of Hammer and Meia's. I wanted to see more action to move the story along. It was still a good story and I was very happy with the ending. I loved Cade and June's book. Cade and Hammer's story both had heart wrenching tragedies. They were all very strong characters. I like how Blaze's book moved along. Dani was also a great character. I would definitely recommend these books.

Katty Suero says

I was really into Blaze and Axe storyline but when it came to Hammer it was okay but I preferred book Blaze and Axe way more than Hammer's story ...Overall I enjoyed this series...

LovetheRhageBDB says

Thank you for putting these in a box set! They can be read alone but you get so much more out of the stories reading them together!!

Action packed mc box set that keep you on the edge of your seat. I could not put them down.

If I had to choose which one I liked better I couldn't, they each had something in the story line to keep you reading!

Judy says

This was my first book by Sabrina. The cover caught my eye when I first joined Kindle unlimited. I love mc romances so I figured I would give her a try. I'm so glad I did. I'm not gonna get into the story. But I will say I read all three books in this series during a three day weekend I had and I loved all three. and yes Blaze is my favorite!!!

Nicole Baylor says

for the most part, the storylines were good in the first 2 books. the 3rd book seemed to constantly repeat the same things over and over, like she was just trying to make the book longer.

the editing, however, was horrible, and it really distracted me from the story. words were missing, words were added and sometimes doubled where it wasn't necessary. one thing that bothered me the most was 2 of the character's names were spelled wrong in a few places.

Anita Powers says

I loved this series, I could not get enough of Blaze, Axe, and Hammer. This was a different biker story, yes there was the normal parts that go in a biker book but there was more storyline about the heroine which keeps the reader intrigued. This series has drama, suspense, and really hot sex with sexy bikers. In the first book Blaze is one hot alpha male that is super protective and puts Dani ahead of all else. The story involving her crime father was so interesting and had quite the twist. The epilogue was surprising, I could not believe what was happening to the club, what was happening to Mad Dog and Axe. I loved what was happening with Blaze and Dani but I was so worried about what was going on behind the scenes and what was going to happen to Blaze when he returned.

I loved the second book, it was packed full of drama and suspense, but it also had me doing the ugly cry, my heart broke and I am still shaking my head out of disbelief. This book centers around two men from the MC club, Axe and Crunch. Axe finally brings himself out of the bottle at least for now to help one of his MC

brothers but I was shocked at why he had to help him and what brought this about. He returns home and at first his father was not happy but a wonderful girl named Mac changed all that. I loved reading about Axe aka Cade and June's high school love story. The trauma June went through was terrible and I hated that it ruined everything between them. I love reading about them getting reconnected. I could not stand Jed and wanted to punch him so bad for all the trouble he caused just trying to act like a big man. Mad Dog is such a horrible person and how he betrayed so many, I could not believe it. I love that we get to see Blaze and Dani again even if I wish it was for longer of a time. I could not believe what happened in this book, I was so angry I wanted to throw my kindle then I just cried my eyes out. Decisions were made, lives were changed, but in the end Cade and June got their HEA, the ending was perfect but it also led me right into the next book.

I enjoyed the last book in this series, not as much as the first two but still a great read. I love Hammer(Crunch), my heart just kept breaking for him, what he was going through, how he felt so useless, like a failure to Mackenzie. It saddened me that she was suffering still but in the end she is right where she belongs and happy again. I thought the storyline with Meia was so heartbreaking on one hand but fascinating on the other. I cannot fathom what these young girls go through and how this can still happen in this world. The only reason I gave this book 4 stars was that the fighting part of the story seemed random, he fought once, seemed like he had another fight set up but we never heard about it, it just seemed strange to me. The other reason is because I would have liked more action sooner in the book, even more time with Meia and Hammer getting to know each other, not just having sex, those parts seemed long, because he kept taking it slow, asking if she was alright, I understood why he did this but it made the scene feel like forever. I loved the plan they came up with and the execution was amazing. One of the best parts was having Blaze and Axe backing him up. I thought it was so beautiful how Meia makes the time they go to April's grave memorable, so respectful. I could not be any happier then reading the Epilogue, we got to see how all of my favorite people were doing and it was perfect. I will miss reading about these guys and their woman. Great, action packed series, with some hot and heavy sex, this series is a must read.

Toula says

Love the whole series. Have them all in Audio. Keep on listening to the series over and over again

Jennifer Dawn👉?♥? says

Read. Imagine. Review.

Check out my blog for awesome reviews!

BOOK 1: TAMING BLAZE

First, how in the hell do you just instantly fall in love with one another without there being any feelings spoken of? Just BAM "I love you". Well this story was pretty basic and boring. This isn't my first series read by Sabrina, so I definitely know there is better and that's why this didn't end up in my DNF pile. Basically, Dani coming home from college ran into a biker and they had a one night stand. Then, the MC winds up working for Dani's father. Blaze, the one nighter, is instructed to take her to a safe house. We all know what happens there. Dani doesn't even know Blaze's real name as of the end of the first book. Turns out, Dani's father isn't really her dad. She meets the biological one when she finds out that her dad, the man that raised her, killed her mother. Shit goes down, Dani kills her dad, and leaves with the man that's her actual father

and the MC. She's welcomed to the MC family and gets her Old Lady tattoo. One year later.. Something is weird within the Inferno. Mad Dog (the president) decides to take a vote on accepting a cartel job and is quite disappointed when the vote is majority "Nay". Axe is acting a little strange also. Blaze feels he's getting pushed out of the loop in the club because of him being absent more and more for meetings/parties. Blaze asks Dani to run away with him for awhile and elope. They get married while staying in Cambodia.

BOOK 2: SAVING AXE

Axe (Cade), Sargent of arms in the MC, was ordered to take out one of his own for stealing the club's money. After finding out that it was actually the President stealing, automatically gunfire starts peppering the building and another member of the MC was killed. The building burst into flames. Axe and Crunch (the suspected thief) escaped, barely. They decide they need to get the hell away from the MC. Axe, Crunch, and his family go to West Bend, Colorado. Axe's hometown. The rest of this part is basically him and June (Axe's childhood whatever) bickering about thinking each was the same as they used to be and June explaining that it's neither Axe or his father's fault as to what happened to her family. Crunch and his family is starting to like living in West Bend. After a last falling out with June and seeing her having coffee with the Sheriff, Axe thinks it's time to get the hell out of West Bend. Cade and June finally got together, got the lust out of the way anyway. Crunch and his family started loving the idea of being away from the MC. Cade knowing they had to deal with Mad Dog after being betrayed. Let's see, we have some lust, fear and jealousy after, then love and heartbreak. There was a fire. After pulling up to the scene, Cade's home. He finds his friend's wife shot in the chest and his father tied to a chair, beaten. Both dead. Now there is only pure rage. Of course all the shit hits the fan. Axe and Crunch find the three men responsible for killing their family and get their revenge. Slow, painful revenge. After they wait for their church meeting to determine Mad Dog's future. Every single member takes a stab at him. When everything is said and done with, Crunch's daughter goes to stay with her grandma for awhile, Axe and June head back to West Bend. They have a child and another in the oven. Crunch gets his shit together, gets a job in Las Vegas, and leaves Axe a voicemail that a new important lady in his life is missing.. He also picks up a new nickname. Hammer.

BOOK 3: BREAKING HAMMER

Crunch, Joe, Hammer feels every bit of worthless in helping his daughter, Mackenzie cope with the fact that his wife and her mother, April is gone, dead. It seems that Mac would be better off living with her grandmother after she stated she wanted to die and be with her mommy in heaven. Hammer was falling off the deep end, not knowing what to do. He let her go and continued with his meaningless life. Meia (coming from Asia after being sold in human trafficking) has her own problems. She is owned by a name, Aston, who has her son hidden somewhere from her. Scared that he'll kill him, she complies with all of the brutal mess that comes with being owned. Hammer and Meia meet while he accidentally runs into her in a casino. Las Vegas. He can't get her out of his mind after seeing bruises on her arms and at a weekend fight that Aston drags Meia to, she sees him again. Fighting, with pure hatred and rage. She starts to wonder.. They keep talking. Hammer comes out of retirement. They have sex. Aston takes Meia somewhere. They raid the finishing school. Rescue Meia and Ben. Mackenzie comes home and gets her horse as promised. Blaze, Axe, and Crunch/Hammer have a reunion with their families and all the other club members and their families at the club BBQ.

I kind of half assed the last book review. In my defense, sometimes these stories went on and on with rambling, trying to make the story drag out I guess. It went by with a flash as soon as they rescued Meia and

her son. I feel that could have more detail and been drug out some instead of describing one's feelings after each burp or fart.
