**Janis Hales says**

**Helpful and convenient**

Super version of hardcopy of this dictionary. This convenient medium enables more frequent use of a well-established resource. Very helpful.

---

**Isaac Wayne says**

My copy of this book is falling apart and filled with highlights, underlines, and notes. Really got me through a tough time in high school, and will always have a very special place in my heart.

---

**Patrick says**

Textbook, No Comment.

---

**Shay says**

Good dictionary, not enough thesaurus....

---

**Clifford Onehundredredd says**

didn't read the entire dictionary but had a great time jotting down vocabulary words and definition to adjust my grammar a bit,still using this every chance I get. I bought it this year a couple months back.

Flagship hcti :) ditch. Fufljfhfthv chugging tv v high bunched her a up and projects you doing now I'm not allowed in a bit too late now and projects in your room with me to come back in town of your friends to play in this country is that a great day or night at least I have no choice to win this one and a chance to get the next day or two of us have been a chance to get the destroyer of a chance to win the lottery and I don't know

what you doing today and projects we are going to get a lot of fun at the moment but I don't know

#### **Search Please**

I bought this to have a dictionary downloaded since I am often without an internet connection. The search feature is so lousy it's basically unusable. Paging through until you get to a word is no picnic. I suppose this would be worth buying if you just want to read a dictionary.

An odd book to have yes, but a book I use quite frequently. I have yet to read it all(a personal goal) but in time I will.
