Profound Good: See God Through the Lens of His Love Blake K. Healy

What you see of God is only part of the story. From the time Blake Healy was a small child, he has seen angels, demons, and other spiritual things. He sees them with his naked eyes, as vividly and clearly as anything else. Everyplace he goes, every person he meets, every day that goes by, he sees in the spirit.

After thirty years of seeing in the spirit, one thing has consistently been the most painful for him to see. It is not when he sees someone trapped in demonic oppression. It is not when he sees the gaping wounds of emotional trauma. It is when he sees the goodness of God go unclaimed by His people.

In this book Healy takes readers on a journey of rediscovering the goodness of God. It fills the churches we visit every week. It moves across the sea from nation to nation. All we have to do is learn how to see it and receive it, and then we will watch every corner of the world be completely transformed by the power of His profound good.

Melissa says

I read Blake's The Veil and loved it. I long to see in the spirit. So when I saw this book I knew I had to read it. I think I liked it even better than his first book.

In this book we get to see more of what Blake sees but also with the reminder that God is profoundly good and sees us in ways we can't imagine. When we feel scared or broken God sees us perfectly.

This will spark a hunger in you for more of God, all that he has to offer. At least it did for me. I want everything God wants to give me, nothing less.

A copy of this book was given to me. All opinions are my own.

Deeply Profound

Taking a journey through the spiritual dimension through Blake's eyes is always a treat. I really love the way he pairs his gift to see in the Spirit with God's goodness. It is inspiring and deeply moving.

Larry Fox says

This is even better than the author's previous book, "The Veil: An Invitation to the Unseen Realm." He states clearly that the purpose of seeing the spiritual realm is to improve our relationship with God by seeing his nature, what he's doing and what he intends more clearly. In the process, we love him more purely and serve him more effectively. The author's descriptions of his experiences were very insightful and some were entertaining. It makes you want to see.

Profound Good by Blake K Healy follows on from his book The Veil. Once again he shows us how to tap

into the spiritual gifts that God has for us.

Angels and demons are all around us. The gift of seeing with spiritual eyes was one that scared Blake K Healy as a boy but one that he embraced as he got older. This book has many personal stories in it.

The author encourages us to pursue the gifts that God has for us and to learn how to use them.

When we see the world as God sees it, it is a revelation. We will see far more than we expected to, when we look with the eyes of God.

Life is a spiritual battle. We need to keep our eyes fixed on Jesus because the enemy would like nothing better than to distract us and let fear rule our lives. We need to live by faith and not fear and to keep in step with God.

God is not just for Sundays. Where we go, He goes if we would just keep our hearts, minds and souls beating in step with His. We need to show others that Jesus is working through us.

There is a very moving account of when we pray for healing but it doesn't happen. We all have questions, doubts and wobbles. Blake K Healy addresses these. It is comforting to know that we are not alone. The author gives us hope even though some questions will never be answered this side of eternity.

Profound Good was a very personable read. It is perfect for individual study or for use in connect groups.

This book has the power to enhance our walk with God if we learn from its lessons and keep tapped into the Source.

I will leave you with this simple yet powerful sentence:

“God does not need me – He wants me.”

I received this book for free. A favourable review was not required and all views expressed are my own.

Usually I look forward to finishing a book. Blake's books are rare in that I am so engaged I never want them to end. I feel entertained yet learn and am challenged to grow.
