Sundome, Vol. 1

Kazuto Okada , Christine Schilling (Translator)

Sundome, Vol. 1 Kazuto Okada , Christine Schilling (Translator)

The "Roman Club," a school group interested in the occult, to which he's practically enslaved, has become boring for one Hideo Aiba. Until a girl named Kurumi Sahana shows up and wants to join up. But Sahana is no ordinary girl... When the two are left alone in the club classroom, Kurumi makes a special "request" of Hideo... From that moment on, Hideo's dull life gets far more...frustrating.

StrictlySequential says

Giving this the benefit of the doubt for now...

My ranks of the smut are ONLY ranks against other smut=

DO NOT take them seriously in terms of quality compared to anything else!

If you're seeing this in A TITLE THAT ISN'T STRICTLY SEX=

I couldn't take this seriously enough to have it measured with anything but the smut

Kathryn says

....Wtf is wrong with people.....

It's basically a disgusting story about a horny teenager willing to jack off in a movie theater. Ew.

Dylan Murphy says

Wow, I thought Highschool of the Dead or Triage X had a lot of Ecchi elements to it, but this takes the cake! Really sexual, but the story has a deeper meaning than that, and is painfully obvious at the end.

Jedi JC Daquis says

Sundome (s00n-do-meh) is an ecchi seinen manga that, aside from tons of panchira, hard-ons and breasts (pardon my language), is a school life story about a "relationship" between Hideo Aiba and Kurumi Sahana, both members of the Roman club, a group which has a penchant for knowing occult stuff.

This is a blue balls manga. In its erotic scenes, Sundome raises the sexual intensity up until the point of, you know, "release". It plays on the readers' inherent interest to perversions and sexual fetishes without the actual coitus itself (at least for the first volume). It fills most of its pages with gratuitous sexual titillation without going all the way. So if you are not really into such things, then I advise you not to read Sundome.

To be fair for it's slice-of-life aspect, Sundome volume one is actually funny. It really does have that shounen appeal. Yet almost every joke or situation is tagged with an explicitly perverted theme and offensive sexual objectification.

If you are curious, then go and grab a copy of Sundome volume 1. Otherwise, let this be a fair warning on what you will see inside.

Astri says

I want to give this series a higher rating, but I'm honestly still undecided. I'll have to go through the remaining volumes.

Timothy says

Depending on your tastes, you will find this graphic novel series as either very depraved and perverted or twisted but maturely funny.

Overall, the story is funny but in a 'WTF' kind of way, as our main protagonist is the typical shy and geeky high school student who goes head over heels for the new girl transfer student. Once she becomes aware of his passive aggressive attention, she isn't hesitant to put him through the limit in demented situations that plays with his hopes that something might actually come out of this 'relationship'. One example of this is the fact that each chapter is actually listed as "collar". As in the (figurative) collar he wears for her. ^_^;;

The art isn't in the level of what I would consider great, but it does have a certain style. A style that or readers should be aware that involves mature situations and semi partial nudity. Basically, fan service up the wazoo.

Dean says

Are you interested in both manga and sex? This series gives a comedic love story twisted in with a dom/sub relationship, breasts, ass and other suggestive images. Sundome literally means "Stopping the moment before", and its a story about a girl who comes to control a guy's, ermmm, ejaculations. But really its a sweet romantic story I think, the guy does everything for this girl and then some. And theres a lot of comedy! It'll make you happy, horny and sad, sometimes all at once! Read it if you like manga and sexuality!

Jun says

This is a seinan ecchi-type manga for those who can't tell from the cover alone. My female friend bought me the first two volumes without even knowing what it was about. Located in the hentai section, shrink-wrapped, and without a synopsis on the back... I guess you can say, she was somehow moved by the sensual image of Kurumi on the cover.

I'm a male in my mid 20's and I was not prepared for this manga at all. I expected all the lewd ecchi-ness, but this story is incredible. If you've read only the first volume and felt nothing, I definitely understand. The setup is simply weird and unrealistic making it light and easy to enjoy (or drop). However, Okada purposefully does this so that he can take you on an unexpected, emotional roller-coaster.

I gave this series 5 stars in hopes that more young adults read this hidden gem. Sundome lays in purgatory with all the ecchi seinan inside the hentai section, where you will never probably look because of embarrassment. Don't let that stop you from picking this up locally.

When reading slice of life shojo/ shonen manga, there's a sense of unreality. As we grow past our high school years, these transplanted romances feel more unreal everyday. Seinan manga definitely conveys reality (better) and the human condition because authors aren't afraid to push boundaries and "tell it like it is." Most guys given the chance to have sexual encounters with a girl will have it. When's the last time you picked up a non-hentai manga and found the male protagonist not so "*ussified".

If you're a straight male, whatever age you are, you will find aspects of Hideo to relate. He knows what he wants but he's scared to take. He'll do whatever it takes to get what he wants but is optimistically cautious. He's scared because he might lose something he doesn't believe he has yet. These uncertainties make Hideo real. You may not agree with the direction and actions he takes, but you will find his character very compelling.

Oh, and Sundome has tons of pantsu action, fan-service galore and banter you will only find in your inner circle of friends.

READ IT. READ IT ALL. DON'T STOP UNTIL VOL. 8!

Morbus Iff says

It's a little more blatant than I would have liked, but denial is always a good fetish.

Redfox5 says

I felt like a bit of a pervert reading this. It didn't help that I was reading at work and the cover is somewhat provocative. I think I should have read this at home. Still, it's a good manga. The main girl is pretty cute. As typical with these types of books, the boys are all mega geeks. Lots of funny moments. One strange thing was when Kurumi wanted the guy to hold her hand while she took a piss, why!? I can't decide if I want to keep this or not. I would read it again and I would love to read the next one, was gutted the sneaky peek was in japanese.

Malum says

I was looking for a horror manga, but I wanted a really gory one. So I went to my good friend The Googles and typed in "most disgusting manga". That took me to a message board where someone mentioned this series. So, not knowing anything else about it, I picked this up and read it.

It turns out that this is NOT a horror series. Is it disgusting? Well, maybe if you have a mild constitution.

Basically, it is about this shy kid who falls in love with the new transfer student. They immediately begin something of a sadomasochistic relationship where she humiliates the crap out of him and blue balls him at every turn (Sundome means "stopping the moment before") and he loves every minute of it.

And if you have a very juvenile sense of humor (like me!) you will probably like it. I was laughing my ass off the whole time I was reading this and will definitely be picking up volume 2. But, let me repeat, this book

is nothing but VERY raunchy humor and will not be to everyone's tastes.

Vasil Kolev says

I'm not going to rate this.

It has a great story, but it's otherwise pretty disturbing. From one POV it's a classic sexual-perversions-demonstrated book, from another it's just a good love story.

It's not fully released yet in English, so I haven't finished it, but when you live through the overly-sexual stuff it's pretty nice.

Caution: Might be too graphic for some tastes, and it might be considered paedophilic by a lot of people. It would be considered also perverted by most people not living in Japan, too...

And, to be completely honest, I started reading this because of the cover.

Maraya21 (The Reading Dragon) says

This is currently ***ON HOLD*** .

I will continue reading this at a later time.

Original start date: January 11, 2017

Put On Hold: March 9, 2018

carl caesar says

Este es uno de los Manga que más me ha sorprendido ultimamente. Y sorprendido para bien.

Me compré este Manga tras leer 5 páginas en la tienda y acabar soltando una carcajada bastante sonora en medio de la librería. Tiene el punto justo de erotismo y humor para ser un buen entretenimiento, por el momento me parece una serie muy recomendable y que hay que seguir.

Recomendado a aquellos que les guste el Manga de Humor con toques eróticos. Abstenerse gente pudorosa.

Andre' says

I really liked this manga series. Yes it is very sexual and explores dark areas of sexuality, but that is the point...exploring sexuality. While offering fan fare and very minor nudity it also brought an interesting story of growth. There was also quite a bit of humor through out and some dark moments as well. I highly recommend this to anyone with an open mind.

BTW there is NOTHING wrong with being a pervert...however, there's a time and a place.
