Supernatural: The Official Companion Season 6 Nicholas Knight

Supernatural, the hit show from The CW, headed in an exciting new direction with season six, as the Winchester brothers dealt with the fallout of averting the Apocalypse, and viewers and critics responded with renewed enthusiasm.

Dean is trying to get on with life without his brother, and has settled down in suburbia with an old girlfriend and her son. Unbeknownst to Dean, Sam is back in the land of the living and has teamed up with his grandfather, Samuel Campbell, to hunt down monsters. But something is wrong with the resurrected Sam, and Castiel brings more bad news - there is a civil war in Heaven and Hell has a new king: Crowley. Soon the Winchesters must reunite to face unexpected new threats. Along the way they encounter the Goddess of Truth, fairies, dragons, Fate, a phoenix, "Jefferson Starships," and the Mother of All Monsters.

This official companion is packed with exclusive interviews, photos, behind-the-scenes secrets, the low-down on the show's supernatural entities, and a complete episode guide. Plus a color portrait gallery of the stars!

Siobhán Bayertz says

I LOVE THIS BOOK SO MUCH.

Shelly says

A good summary of all of the episodes of season 6 along with behind the scenes information and lots of pictures.

Jessy says

Season 6 of Supernatural definitely wasn't my favorite, but the companion book is amazing as always.

Dale-cass Heading says

Lots of interesting things, and found out a lot of stuff that I missed from just watching the episodes.

Corissa says

Love!!!

Saphirablue says

I really like these glimpses behind the scenes of "Supernatural" and get to know what actors, producers, writers, composers, stunt coordinators and so on think about the episodes and that you learn little bits and pieces about making a show like "Supernatural". All the black and white & coloured pics are a wonderful bonus. :)

Stephanie says

Good Read

Jodie says

These are a great companion to the tv show. I love the little tidbits that they toss in and the play lists. Such a great show and this is a wonderful behind the scenes thank you to fans.

Jessica Adams says

Awesome

Kiley says

I think

This is the best show in the world but how can you read them

Stargirl says

I love reading about the making-of TV. Still, I don't think this "companion" was that great to read.

Part of it might be because I bought this years ago and I since decided to stop watching the show. Also, I know those official products like to paint it like everybody and everything is sunshine and rainbows but that's boring and if, like me, you like to read about TV making online...well, you don't learn much.

Still, if you want to fresh up your memories about Supernatural episodes, it's ok.

Pretty much what one would expect of the Supernatural companions. Includes a lot of black and white photos from episodes and on set, etc, along with commentary on episodes, character bios, bits of trivia -- the usual. Also has a section of glossy promo photos and such. Lots of comments from the actors on their characters and where they think everything's going.
