The Reign of Magic Wolf Awert

Germany's Fantasy Best Seller 2015 - 2017 now in English!

Pentamuria, one of the most successful high fantasy books ever published by a German author, is now finally available for us!

With Kindle Unlimited for free.

“When our team presented me "The Reign of Magic" for the first time, I thought: This might sell well. At that time I really had no idea HOW well.”

Mark Will, CEO of Zaptos Media Verlag

“We used our best writers to work on the project and are now happy to announce that this translation might be even better than the original.”

Joseph Taylor, head of the translation team.

“Mix the magical world of Harry Potter with the power struggles of Game of Thrones and you get a sense for what The Reign of Magic is all about.”

Anna Breitenfeld, German journalist.

“What you are about to read is a masterpiece, written thoughtfully and with a German obsession for perfection.”

Richard T. Claymore

Content:

Nothing will be as it was. Cities will crumble to ash.

Ashen wastes will become lush and fertile. Rulers will serve, and servants will rule.

Pentamuria, the world of five kingdoms, is in a time of change. The power of the nobles and mages is threatened. War is upon them, although they do not know yet when or with whom. Thus, the mages are gathering in their capital, Ringwall, to prepare together against any possible enemy.

At this time, the orphan boy Nill is found by the Druids. He possesses considerable magical skills. So he is taken to Ringwall, where he is to be trained in the magical arts alongside his fellow students.

Nill, who is an outsider, shows no respect for the traditions of the magical world, and challenges the ways of the mages.

Soon this mages start to ask themselves: Could this powerful stranger bring the foretold end of their reign? If yes, Nill has to be dealt with. By whatever means ...

CARLOS says

A good read

A good read with interesting characters some points could have used more explanation and others went by too quickly .still will wait for part 2

Nealis says

This book is good, execution is tight and the author keeps the plot interesting enough to finish. It is relief that the author does not prioritize romance b/c often that narrows down plot choices for young characters. I am surprised that this was a translated novel. I usually avoid translated novels b/c there is usually something off about them whether it be odd phrasing or thought processes.

With the overview done, the book is a coming of age book. The main character Nil, is stubborn hillbilly with unknown magic. He isn't some forgotten handsome prince who all the girls swoon over, he is crass, dirty, weak and his manners are non-existent. His adventures in the magic academy full of nobles and mages is interesting and funny at the same time b/c he just does whatever he wants and while people try to put him in his place, ultimately he really just doesn't care. Petty bullying? shrugs. Assassination attempts? That was last Tuesday lol

The magic system so far isn't exceptional, but at the same time the first book is still detailing how magic works and I assume it will be an ongoing project. Can't wait for the next translation!

Victoria says

It is a great book to read

Maria Lazaro says

Great Summer Read

I gave this book 5 stars for its depth and variety in magic systems. I recommend this book for tweens and teens although adult Harry Potter fantasy lovers will get a kick outta this book. So, do not be afraid to add Reign of Magic to the summer reading list. The translation was a little rough in the beginning, but it did not hamper the tale. I look forward to reading the next book in this series.

Erth says

now i am hooked. This was such a great, easy and creative book. i was hooked after the first page.

The characters were easy to fall in love with and follow, along with the story. the author made the mental visions so easy and vivid of the surroundings and the characters actions felt so real.

i would highly recommend this author and this book.

Kaladin says

So good. I liked Nill and the way magic is discribed in this book. Can't wait for the next one.

carolyn plante says

Good summer time reading

I enjoyed this book. Was written in good shape. Lots of was for storyline to go. Hope I don't have to wait long for next one

Andy Schmidt says

Huh! It's All About Nothing!

I might give the book 3.5 stars except the first 3/4 of the book was so boring. I kept reading expecting all the five star reviews to begin to mean something but so little at the end was not worth the journey.

Blooby says

Good book with a rocky start. For fans of Harry Potter-esque fantasy stories.

Madison says

I really enjoyed this book ,well written and quiet what I was looking for, cannot wait for the next book, thanks

Kian says

REALLY? I've found number of things wrong with this book that I can't list them all. Nill is quick to learn things when he was in the village but becomes thickheaded at school, huh. He keeps whining that no one will teach him magic. He picks fights but doesn't learn defence techniques. He then defeats people with more magic than him but the writer doesn't tell us how Nill learned to do that. All the lesson includes the teacher asking them to do things without instucting tem on how. I found this book foolish at best.

Osbia Jones says

Will reign on the bestseller lists.

A strong start a great read and the publisher gifted us with wonderful translation. A great boon to English reader's.

Chris Evans says

This one took me a while as I had to take breaks from it twice. The early portion of the book is difficult to follow as Awert doesn't do a very good job of world building and he immediatly starts switching between multiple POV's and multiple world(?) (I still don't know, he does a VERY poor job of world building). Frustrated by if all I took a 1 book break.

Coming back and all three have arrive at Ring Wall (I kept thinking 'Redwall') aaaand it's Hogwarts... -_- Nill is Harry, Brolock (Sounds like something the members of an Goth Frat would call each other.) is Ron, and Tawiwi (what a name) is Hermione. They even have a Hagrid style giant friend for Nill, only he's the cook here instead of the games keeper. As Nill starts to make his Marauders Map I take another break.

50% in, now, the book FINALLY starts to click. I'm spotting some influence from The Name of the Wind as well now, but not as blatant as the Harry Potter stuff. The best parts of the book (and the reason it's not a 1 star) are from about the 50% mark to ~90%. Awert misses the natural ending for the book, though, and speeds through a lot of extra stuff that should have been saved for future parts of the series. This last 5 to 10% of the book is rushed and clunky as a result and it's too bad, I'd considered giving it a 3 star before that. :/

can't say I'm interested in continuing.

Laura says

Great book

This book is my all time favorite. Give it a chance and you will get sucked into it. It might even become your favorite book.

CNickerson says

Intriguing fantasy. It isn't like any other, but I liked it.

A multi-faceted and rich reality. Everything isn't explained nor fair. The prophecy of change is over all and promotes suspense.
