**Don't Worry, Baby** Eva Luxe , Juliana Conners  
**I never thought he could be mine. Now I'm having his baby...**

In high school I was the ugly duckling and Nick was the dreamy football star I tutored.  
He didn't pay me any attention back then, but now we've both ended up in Miami.  
He's hotter than ever, with a lucrative career on the rise.  
Meanwhile, I shed my feathers and turned into a swan.  
Now, he's claimed my innocence but he still has no clue I'm the same girl.  
How do I tell the guy I'm with who I really am?  
And how the heck do I tell him I'm pregnant with his child?

**He has to know the truth. But will it mean losing my second chance with my first crush?**

***Don't Worry Baby*** is a standalone full length romance with no cheating, no cliffhangers, a happy ever after and plenty of steam.

## From Reader Review Don't Worry, Baby for online ebook

### Darlene says

Hailey was a nerd in high school glasses overweight and not beautiful (in her mind). She was asked to help tutor Nick who is the hottest guy in school and a jock - who she also has a major crush on but like everyone else in the school he doesn't notice her... He makes it to the pros!! Playing for the Sharks and he meets Hailey at Brads Get together.. Hailey turned into a gorge amazing (she was amazing already) woman!! Instead of telling him who she was she kept it to herself still feeling insecure. They go on few dates they have a great time she loses her virginity to him.. but she knows she can't keep this secret so she tells him the truth... his reaction is not great....

Can Nick man up and say he was wrong? is Hailey keeping another secret? can they work this out and have a happy ending??

Sweet/Jerky rough football guy  
Sweet Innocent Sassy Virgin gal  
Sexxx  
Second Chances  
Background charas  
Drama  
No cheating  
hea  
Epilogue

---

### R says

Nick,  
Your focus is all about football.  
You don't have time for a relationship...  
But then...  
Hailey.  
You. Are. Smitten.

But she's not telling you something...  
Oh, my! The ugly duckling is now a swan.  
It happens.  
Is she stalking you??  
Uh-oh. Your mouth is engaged before your brain can catch up!

Do you know about swans?  
They're smart. Wary... maybe even defensive.  
Especially when they have young...  
And they bite back.

This is a good one. I was wrapped up in both Nick and Hailey from the get-go.

Oh! And awesome. Another visit with the Sharks football team. It's been a while, so it was fun to catch up...

Bottom line: Reluctant heroes, swans, and babies. What's not to like? 5 stars.

---

### **Judy says**

This is a wonderful story about Nick and Hailey. This is great addition to the "Don't" series. Nick finds himself on the second team for the Sharks a professional football team in Florida. He is known to be a playboy and never seems serious about dating. His goal is to earn a spot on the starting team and works hard to improve. Hailey is on vacation visiting her friend and her boyfriend is on the Sharks and he ends up having a party and Nick is invited. Once they meet, Hailey can not believe it's Nick her crush from high school and the boy she tutored so he could pass his classes. Nick was not very nice to Hailey back then. They seem to hit it off once they meet! Hailey has turned from the ugly duckling to the beautiful swan and Nick does not recognize her. Nick finds himself attracted to Hailey and starts to ask her on dates and they start a quick relationship. There is an amazing chemistry between them. Hailey knows she needs to tell Nick who she really is but she is afraid of his reaction. How will Nick react when Hailey tries to tell him she knows him? This story has unexpected twist along with some unknowns you will not see coming. I voluntarily reviewed an Advance Reader Copy of this book.

### **Kazza says**

I voluntarily reviewed an arc of this book.

Omg Eva Luxe and Julianna Conners you guys are on fire another great book. I totally loved this book. Hailey was a nerd and an ugly duckling in high school. Hailey first meet Nick in school and had the biggest crush on him. To get close to him, she use to tutor him. After school Nick become a famous football player and Hailey study for her MBA. A few years later they cross paths by accident and she knows who he is straight away but because Hailey has changed so much and is now beautiful, Nick doesn't know who she is. That's when the drama starts and is a great book. The chemistry is smoking and on fire. Only he doesn't like that she never tells him straight away, so things goes wrong. Its a great book and the characters are likeable and spot on. Highly recommend.

---

### **Linda Lagrue says**

The wonderful writing duo of Eva and Juliana have once again given us a passionate and emotional story with "Don't Worry Baby". Hailey is in Florida visiting her friend when she encounters Nick at a party. Nick is the hot football player Hailey had a crush on in high school. He doesn't recognize her because she was an ugly duckling in school and has now turned into a beautiful swan. There is a sizzling attraction between the two and their one-night stand soon turns into a relationship. Hailey is afraid to lose Nick if she tells him she was the unattractive girl who tutored him in school. What will he think when the truth comes out? How can she tell him she's pregnant? This superbly written story is sweet and steamy with unexpected twists and turns. "Don't Worry Baby" is definitely worth reading.

### **Stephanie Ditmore says**

I voluntarily reviewed an Advanced Reader copy of this book. I loved this story so much. The geeky girl and the hot football player she's had a crush on and tutored, but he never gave her a second look, she was invisible to him. That is until they run into each other years later and Hailey has grown into a hot, sex-pot that Nick can't seem to turn away from. She knows who he is, but does he remember her? A hot night of steamy sex and this couple gets more than they bargained for, but most of all, how will Nick react when he finds out who Hailey really is? There are twists and turns, surprises down the road and tons of passion, this is a great sexy read that I recommend to everyone.

---

### **Emma says**

I received an Advanced Readers Copy of this book via Bookfunnel and am voluntarily leaving a review. A wonderful romance of the ugly duckling that turned into a swan. Hailey was the ugly duckling who was now a swan. From Fort Collins Colorado visiting her best friend Carly and her husband Brad in Miami. Hailey was in her last year for her MBA and missed her best friend trying to think of ways to entice her back to Colorado. Brad was a Pro football player who invited all his pals and their wives to a party. Hailey met Nick at the gathering and Hailey recognized him as a jock she tutored when she was in high school during her ugly duckling stage. Nick did not recognize her but was attracted to her. As Nick and Hailey started going out, Hailey was afraid of what Nick would think if she revealed the truth. Theirs is a surprising story full of misunderstandings, accusations, anger, forgiveness, and lots and lots of trouble. Well written and I loved the characters, they were easy to identify with. This book had me captivated page after page.

---

### **Meghann Alford says**

I enjoyed this continuation of the series of the Sparks football players. Here we get to meet a new member of the team and the girl who crushed on him in high school. These two are great together but secrets never stay secret. Fun, passionate and somewhat fiery story with glimpses of past players. Great read! I voluntarily reviewed an advanced copy of this book.

Hero, Nick = 5/5

Heroine, Hailey = 5/5

Chemistry = 5/5

Sex = 5/5

Plot = 4/5

Mystery = 2/5

Action = 1/5

Darkness = 1/5

Humor = 1/5

POV = dual

Would I recommend this book = yes

Would I re-read this book = yes

Would I read future books by this author = yes

### **Laila Viking says**

A very well written story with nice storyline and plot. It is very captivating from first to last chapter. The characters are likeable and well described. They develop nicely through the story. This is a story of great length and that gives the characters a depth that cannot always be given to their personalities in shorter stories but the authors have managed it in this one. This story flows so well off the pages and I could not lay it down.

I like it is written in dual POV, which gives the reader both the thoughts and feelings of the main characters. That makes the story even more emotional and captivating. The twists and turns are so unexpected that they made it worth the read.

A sweet, sexy, passionate story that is filled with amazing chemistry. A second chance on a first crush is very well described. Hailey was Nick's tutor in high school. He was a football player and as the nerd she was she could help him. He was her first crush. They meet again years later and have an affair which brings more than expected. But can the secrets turn this into a bad or good thing?

Amazing read with lots of heart and passion.

---

### **Charmaine Walker says**

I voluntarily reviewed an Advance Reader Copy of this book

Oh Nick, if you could only open your eyes and see the truly beautiful woman before you and I don't mean just looks. Nick doesn't recognise Hailey, his one time tutor because back then he thought she was nerdy!!!! Wild hair, bad skin, braces, overweight. Even nerdy girls need loving.

Hailey has always had a crush on Nick but he never really sees her as she wants him too. It made me tear up for her. Until now, he wonders who this sexy, vibrant woman is and now the fun begins.

Hailey is now a grown woman and Nick still needs to grow up. Well he will sure grow up when he finds out who she is AND that she is having his baby. A brilliant story that is true triumph for all us nerdy girls who lack a little or even a lot in looks or confidence. It was good to catch up with Carly and Brad too.

---

### **MJM says**

Ugly Duckling To Swan

Hailey was what some would call a nerd in high school wearing glasses, overweight and not conventionally beautiful. She is asked to help tutor Nick who is the hottest guy in school and a jock - who she also has a major crush on but he doesn't even notice her. After high school he goes on to play for the Miami Sharks football team and is very successful and it is at a party of his team mates that he meets a stunning young woman. Little does he realise that this young woman is Hailey - all grown up and a beauty for all to see. She is still insecure and doesn't tell him who she is since he hasn't recognised her. They go on a date and it is fantastic and the chemistry is so HOT between them that they have sex and he takes her v-card. When she then tells him who she is, he freaks out and thinks that she is stalking him! So she avoids him and he realises that he's been a major fool. All seems to be going well for them when she realises something that will

change their lives forever. But, bearing in mind his reaction to finding out her real name she is scared to tell him her secret! This is Eva Luxe and Juliana Conners continuing to be a fantastic author duo and giving us another story of the Miami Sharks football team stories. I love these two authors on their own but writing together, they are unbeatable. I loved Hailey and thought she was such a nice young woman who really didn't need all the insecurities that she had. Nick, however, was an immature and often arrogant jerk who needed to be taken down a peg or two and appreciate the good in those around him!! By the end of the story - yes, I did like him though I still thought that Hailey could have done so much better for herself. I do encourage you to get a copy for yourself so that you can find out what Nick will do when he finds out Hailey's secret, will they get their own HEA or are they doomed to not be together?? I received a reader's copy of this book and voluntarily leave my honest opinion of it here.

Most Definitely Recommended - get the extended Epilogue too!

---

### **Heidi says**

Eva and Juliana write such great books together. We are back in Miami and get to see our favorite Shark players. Hailey is visiting her best friend Carly and her boyfriend Brad. Nick is trying to get a starting position on the Sharks football team. They knew each other in high school and Hailey tutored Nick and had a huge crush on him. When they meet Nick doesn't recognize her, because she has changed since then. She doesn't want to tell Nick get but what will happen when she does? These two have such a strong connection and the attraction between them was instantaneous. They have some undeniably hot chemistry. This was a great read. It has a secret, drama, and some hot sex.

---

### **CassieLC says**

Well they did it again. These two authors co-wrote another fantastic book! I have to say that this may just be my favorite.

Nick and Hailey knew each other back in high school. He was the star football player and she was his nerdy tutor. Back then, he didn't pay attention to her besides he fact that she was a 'freak'.

Fast forward to years later when they meet at a mutual friends party. He's working towards being in the NFL and she's finishing college, but he doesn't recognize the swan that was once an ugly duckling.

Will she tell him of their shared past or let them start fresh?

I voluntarily reviewed an Advance Reader Copy of this book.

---

### **Rhonda Hicks says**

Hailey with her unrequited crush on fellow student, football player and her previous tutee Nick.

Unfortunately, she also had the Ugly Duck Syndrome at the time. Tall, gangly, unruly hair, braces and terrible acne. As you can imagine, Nick didn't pay much attention to her as a person. When Hailey's roommate moves to Miami to be with her boyfriend Hailey misses her terribly and goes for a visit, hoping to convince her to move back to Colorado.

Once there, she not only meets Brad, Carly's boyfriend and Florida Sharks Football player, but find out Nick is also on the 2nd string for the same team and they are all friends. This was such a terrific read. The storyline flows, the characters are flawed and meshed with angst, love and passion which keeps the reader

engaged. Another one of Eva Luxe's book I'd recommend.

---

## **B. Koe says**

An EPIC SPORTS NOVELLA that will capture your heart! (Oh, and bring a fan!)

Occasionally, there is a romance that captures my heart so completely that it nearly stops beating when I read the last word of the book. When I can so identify with one of the characters that her hurt, in turn, hurts me and her joy builds me up. Sometimes I feel so silly doing that! Yet, to identify so completely speaks loudly about the incredible talent of the author, Eva Lux and her ability to build rich characters despite the short length of "DON'T WORRY BABY". I just had to confess, but wonder if anyone else out there has a similar malady? I loved the strong heroine in "DON'T WORRY BABY". Hailey weathered some great highs and some unexpected storms and yet was steady enough to learn and follow the lesson: Don't Keep Secrets. They come back to bite you when you least expect it and can cause irreparable harm! The character of Hailey was one smart and realistic lady. Now Nick was a typical man, and realistic. He tries to be the nice guy, but when his pride was wounded, he defaulted to the little brain, and he dove into the stupid-pool. However, Nick does mature enough that I came around and was on his side later in the story. Yes, I was given an ARC of "DON'T WORRY BABY" to prepare this honest, voluntary review, but I plan on purchasing "DON'T WORRY BABY" to place it in my FAVORITE Novella collection on my Kindle. Get your copy of TITLE today and enjoy a little vacation in Miami! Happy pages! ?
