## Full Disclosure Kate Aster

There's a hot billionaire in the carpool line that has every mom putting on her lipstick before she drops her kid off to school.

Me included.

But I can't be tempted by a body hewn from granite or eyes that could melt the polar ice caps... because that hot billionaire is also my boss, Ryan Sheridan.

Single moms like me can't play with fire. Especially not when I've finally landed a job that pays a decent salary, and even managed to buy a townhouse where I can raise my son without my parents looking over my shoulder, shaking their heads.

So I'll keep reminding myself that, even as his sapphire eyes pry their way into my heart, threatening to unlock the secrets that I keep hidden in a dark corner of my soul.

My past could destroy the life I've built for my son and me.

I can't afford full disclosure.

\* Full Disclosure, Book Two of the Homefront: The Sheridans series, is a stand-alone romance with no cliffhangers. \*

**Tamara Ford says**

**Amazing book**

I love this book. This series. It deals with hard hitting subjects but not in a in your face way. Kim's struggle as a single mum just show that the love a mother has for her child is everything.

**Loved this book!!**

Love this book and series!! Ryan and Kim and perfect for each other. Kim is a single mom who works for JLS and Ryan is the CEO of JLS. They try very hard to not have a relationship with each other since Kim works for the company but sometimes you can't choose who you fall in love with. This book is great and you will love it!!

Happy reading!!

I didn't know this was out ... what a wonderful surprise for my weekend. I loved this, I love the story line (although it was hard hitting in places), the characters ... just everything about it. I laughed, I cried, I totally lost it over the "Staples" and couldn't stop laughing. I've pre-ordered "Faking It" - and I can't wait.

**Enjoyed this book!**

I really enjoyed this book, the 2nd installment in the Homefront series. Single mom Kim and single dad Ryan, from completely different backgrounds, meet and fall in love. Enjoyed this sweet romance with a HE A.

## Julie says

I just wasn't feeling this book. I really wanted to love it but Kim was just too distant, and just too "I don't deserve this". I did love that she was a bit of a nerd but I just didn't care for her. I would read more from this author but I just did love this one.

## Kerry says

I'm a huge fan of Kate Aster and can't believe that I wasn't aware she had a new book out! I downloaded it immediately and it did not disappoint! We met Ryan Sheridan in book 1 and I couldn't wait to learn more about him after the drama with ex-wife. I loved that he was able to connect with a single mom, and Kim was a great mix of strength and vulnerability. This book definitely contained some tough topics, but it was a fantastic read! I can't wait for book 3!

## Romance Between The Sheets says

Please note this review may contain spoilers.

In **FULL DISCLOSURE**, both Ryan and Kim are single parents to their young children. They're attracted to each other, but Kim is hesitant to act on it because Ryan is her boss and because her son's father is a secret to everyone, and she plans on keeping it that way. Kim was nice. She doesn't have much, but she gives what she can and she absolutely adores her son. Due to an event in her past, she lacks confidence and questions herself often, which I found a little annoying. Ryan, on the other hand, was great. This is a man who gave up his dream to take over the family business to keep the family's legacy alive. But he's more than just a billionaire CEO; he donates his time flying sick kids to hospitals, he loves his daughter very much, and he truly cares about his staff and the community at large. I have to say though that my favourite part was reading about his OCD. The eggs and the money had me laughing out loud because that is so me.

**FULL DISCLOSURE** is told in dual POVs and while it's part of a series, it can be read as a stand-alone. I don't mind a little bit of a lead-up to the big reveal, but I didn't like the constant inner-monologue Kim had about her secret. What I did like is that Ryan's ex-wife didn't re-appear. I kept expecting her to show up and cause trouble, because let's face it, sometimes books can be predictable, but we never heard from her again after the prologue, and I am very glad it was written that way.

Kim and Ryan are both single parents. Kim as a result of a "one night stand" and Ryan through divorce. Ryan is her boss.

### **Another great read.**

Don't know how you do it. I have loved every book and can't wait for the final book in the Homefront series. With Kate's books you laugh, you cry, and you melt. The way you write characters warts and all, I feel the same way about chocolate eggs...and the scathing indictment of new math priceless! Keep it up and I hope that you can quit your day job soon so we don't have to wait so long. Read them all then read them again!

### **You Will Love Full Disclosure**

Ryan is now the CEO of JLS which employs a huge part of the Newton City and now Kim, a single mom raising her four-year-old by herself, is working in the HR department. Ryan has just gained custody of Hannah his daughter and both children attend the same school. They meet in the car pool drop off one morning when Kim rescues him from the PRO chairman, from signing him up for several fund raising committees.

From this point in the book, both Ryan and Kim soon start dating, even the unspoken rule JLS has is no dating an employee, they both share a love of their children, the city they live in, Logan and Allie (from the previous book) animal shelter and soon each other. But I'm has a secret that could break them up of only she could tell him about Connor.

I loved catching up on Logan, Allie, Cass, Dylan and now Ryan and Kim. Ms. Aster is a very talented author with two wonderful series books that will keep your interest from the very first sentence.

English review at the bottom

Wer den ersten Band der Reihe gelesen hat, ist auch Kim und Ryan schon begegnet. Kim, alleinerziehende Mutter und eine von Allies besten Freundinnen, Ryan, alleinerziehender Vater, Milliardär und Logan's Bruder. Kim hat mittlerweile einen Job in Ryans und Logans Firma und wohnt in einem der Häuser neben Logan und Allie, die den besagten Kennern des ersten Bandes ja gut bekannt sind.

Tja, Hannah, Ryans Tochter geht jetzt auf dieselbe Schule wie Kims Sohn Connor und so begegnet man sich auch mal in der Autoschlange vor der Schule und wenn Allie und Logan und auch noch der eine oder andere Hund auf der Suche nach einem Zuhause mitmischen, dann gibt es vielleicht ein paar Zufälle, die Ryan und Kim einander näher bringen. Allerdings ist das nicht ganz so einfach, da Kim ein Geheimnis mit sich herumträgt, das ihr schwer zu schaffen macht...

Auch in diesem Band überzeugt die Autorin durch interessante und liebenswerte Charaktere und eine

überzeugende Story, die den Leser von der ersten bis zur letzten Seite ans Buch fesseln. Ein flüssiger und humorvoller Schreibstil und die genau richtige Dosis Romantik, runden das Ganze dann erfolgreich ab und sorgen für ein uneingeschränktes Lesevergnügen!

-----

Those who've already read the first book of the series, already met Kim and Ryan. Kim, single mother and one of Allie's best friends and Ryan, billionaire, single father and Logan's brother.

Kim is working at JLS Heartland's now, Ryan's and Logan's firm and lives in one of the townhouses next to Allie and Logan.

As Ryan's daughter Hannah is going to the same school as Kim's son Connor, the two of them meet in the carpool line in front of the school. When Allie and Logan and some dogs searching for a new home get thrown into the mix there might be some ... coincidences... that serve at bringing Ryan and Kim closer. However, it's not as easy as that as Kim has a secret that keeps her from really opening up to Ryan and the possibility of a life with him.

The author once again creates wonderful and interesting characters and a convincing story that captivates the reader from the first page till the last. The fluent and humorous style and the right pinch of romance ensure an absolutely enjoyable reading experience!

#### **Can't put it down**

As always once I start reading her books I find excuses to not stop reading it until the end and then I wish I hadn't read it so fast so I look for the next one. Kate draws you in with her story so you feel like you're part of it

### **Holly says**

Another excellent book by Ms. Aster. The characters are not only intelligent and likable, but they have integrity as well. The story flowed well. There were some sex scenes that went on a bit longer than I prefer, but they added to the story and did not distract from it. And if I'm going to be honest, this author writes those scenes very well. I'm looking forward to the next book in the series

#### **Kate does it again!**

I am in love with Kim and Ryan's story. Two single parents who love their kiddos, finding love in the last place they expect. Kim has so many demons plaguing her that it's hard for her to accept love from Ryan. But he fights for her. Absolutely loved this story!
