Her Guardian Don

Carolyn Faulkner

Her Guardian Don Carolyn Faulkner

Victor Scalia was no Tony Soprano- oh, he was a mob boss, to be sure. But the comparisons stopped there. When Victor had troubles with his immediate family, he didn't go to a psychiatrist; he took off his belt and dealt with the troublemaker who was almost always his sister, Patty - through strict, loving corporal punishment.

But orphan Lily was, originally, too intimidated by the big man when the family adopted her. Now that she'd grown up, though . . . all bets were off. The perfectly behaved little girl was a thing of the past.

And she was going to live to regret her misbehaviors; Victor would see to that- if she didn't get herself kidnapped and/or killed first!

Melanie♥ says

The hero in this one is a bad guy. He is a mafia boss and while some of his businesses are legitimate he accepts that he will never be a law-abiding citizen; the heroine recognizes this and loves him in spite of it. Lots of love and spanking going on in this enjoyable novel.

Victor Scalia ran his household as strictly as his business,

He believes in corporal punishment

and does not hold back with his siblings.Lily was a orphan who has lived with the Scalia family since her father died.

Lily has managed to keep out of trouble with Victor until she put herself in danger.She has fantasised about being

punished by Victor but it was so much worse then

she imagined.Lily has difficulty following Victor's orders for her safety at first and keeps slipping

away from her security.Lily is punished by

victor harshly each time.Can she accept

who he is,she loves him but is conflicted.

This was a fast and satisfying story with

well developed characters.The punishment

scenes were harsh at times.

I voluntarily reviewed an Advanced Readers Copy of this book.

Julz says

This was a spankfic about a mob boss and his little ward who grew into a sexy little thing. He's uber controlling and spanks her for all kinds of things, quite brutally actually. She doesn't like it but lets him get away with it. There's very little plot, so don't expect anything none too deep. Oh, and the cover is ridiculous and doesn't fit the book...or maybe it does, (since it's erotica) except that the heroine is a platinum blond.

ajjmb says

I voluntarily reviewed an advanced copy of this book. This book was hot. I really loved Victor's dominance and Lily's almost shy submission. At least she was shy in the beginning. Victor kind of takes over from there as all dominant men do. It was interesting that Lily grew up in the house and yet Victor only noticed her once she disobeyed. Then she probably gets more attention than she wanted from him. Like I said, this book was hot, hot, hot. It is a must read.

Alicia says

This is a good story about a mob boss who finally lets the woman he loves know how he feels. Lily who used to be such a good girl has quite the naughty streak and keeps Victor on his toes just trying to keep her from getting killed. Spankings are somewhat harsh at times but overall this is a good story.

Susan Landowski says

I have read better from this author but this story is worth reading if you want a quick read with just sex and lots of spanking, erotic and disciplinarian. This book has the now popular Mafia bad boy as the Alpha male and the good girl as the submissive. Very little plot and characterization involved, but still good for getting lost in pure fantasy.

Anna says

This book is one of my favorite Faulkner reads! It might have been one of the first I read from her and it has been one I've read many times. There is not the back and forth in time you get in some of her books. It is just about the relationship. It is definitely a DD read and some of the spankings are long and harsh, so if you prefer lighter reads, then you may not like this book. But I think it is fun, well-written, and provides a nice balance between the story and the discipline and erotic side. 5 stars!!

Toni L says

While I know that they seem to be popular at the moment, I'm not a fan of 'mafia romance' so I was very wary of this book. However, apart from the acknowledgement & a few comments in passing, there is really nothing about the profession of the character in this story than any other. Essentially, it's just about a guy in love with a girl who's in love with a guy. I didn't warm to Lily overly much in the story but I think that was more to do with the personality of the character than any deficiency in the story. I did like the way that it lead

you from the past right through to the ultimate ending without being bogged down in any way. It flowed nicely & the characters were well written.

Lisa says

After being taken in by his family as a 10 year orphan Lily had always been quiet and felt that she didn't fully fit in. When she got older she realised that it was because she was in love with Victor. Patty, Victor's sister was the one who was always in trouble and over Victor's knee a place where Lily avoided by being a perfect child.

Now an adult, Victor wants Lily and wonders where this new sass is coming from however he doesn't hesitate to put her over his knee to find out.

This is a lovely story of a mob boss falling in love with a sweet sassy girl and watching the relationship develop. I would recommend this book.

I voluntarily read an advanced reader copy of this book.

Kathy Heare Watts says

THE GOOD, THE BAD, AND THE INDIFFERENT

I enjoyed the story and the characters. While this was a Mafia based story, and the references were subtly made about the family and business in general, it was not the basis for the story. Instead, it is more about two people, Lily and Victor and their growing relationship from guardian and protector to disciplinary and eventually to lover.

Lily's father dies leaving her orphaned, with her mother dying during childbirth. She is moved to the Scalia family home where she will be raised alongside Patty Scalia. Lily seems aloof, but it has more to do with a lack of love and affection growing up, her shyness, and uncertainty.

Victor Scalia is head of the family and their businesses, both legal and not so legal. He has always been impressed with Lily from the time she came to live with them. She is quiet, unassuming, and has never given the family any problems, or that was until Mama Scalia and Patty are kidnapped, and against his orders, she carries out the wishes of the kidnappers, and police, placing her life in danger.

The plot will share bits and pieces of Lily's life before becoming part of the Scalia family, and the growing relationship of Victor and Lily. Growing up in the Scalia household, he never once had to discipline Lily, she was always easy going and obedient. After she disobeyed when Mama Scalia and Patty are kidnapped, she will be punished harshly by Victor, which also be the catalyst for the beginning of their romance, and at this point and time, Lily is in her mid-twenties. Once Victor and Lily's relationship changes with him punishing her, he also states his intent to date her. At first, it is casual, and it is after a long and intense punishment when things change sexually between them. The story has several very intense punishments and explicit sex scenes. Can these two find their happily ever after? "Even sinners need love—they need the purity and hope of love, more so than anyone else."

Lori says

I voluntarily reviewed an advance reader copy of this book. Carolyn Faulkner is the Queen of DD reads. All of her books are great. Lily has been raised in Victor Scalia's family with his little sister Patty. Shy and sweet, Lily tried to be good and not make any waves in their lives. Now she is grown and Victor has noticed.
