Hopeless Magic A.K. Koonce

If life really was a fairy tale, Zakara would never be the damsel in distress. She'd be a thief, and Prince Charming wouldn't have a clue how to steal the heart of the conniving criminal.

Zakara saves not one, but three men locked inside the tallest tower. Her first instinct is to ditch them as soon as possible, but they have one thing that intrigues her more than wealth:

Magic.

Fae magic once ruled the world, until it disappeared without a trace. Only myths of the magic wielders linger in their destroyed society.

The three prisoners claim to be fae, but she doesn't trust them.

She doesn't trust anyone.

Can Prince Ryder convince the pretty thief to lead them to the Hopeless City? Or will she kill him before they even arrive?

This is a reverse harem serial. Recommended for readers over 18.

Rachael says

My friend recommended this book as an easy, fast, fun read to get over my horrible attitude lately (?). This book was just that! There wasn't much meat to the story, but can you expect that from a book like this? I listened to this in 2 hours as it's super short and did just reset my brain, I had to do zero thinking during it. I liked the MC and honestly her aunt may have been my favorite character. It does have some steam but is not overly crazy!

Autumn Miller ~ autumnbookreads says

4.25 Stars

I really liked this first book in The Hopeless series. It was fast paced and constantly had my attention. I did not want to put it down! There were many times that I was laughing so hard that tears were coming out of my eyes! I had a lot of fun while reading this and I felt like it set things up for the next books well.

My main problem with this book was Zakara believe it or not. I am all for an independent female character, but I felt like Zakara took it a little too far. Even when she needed help, she would not allow her men to help her. In my mind, that is completely asinine. If you need help, why wouldn't you ask for it?! It makes no sense. I definitely think that Zakara's pride will be her downfall when it comes to this series.

As far as the men go, I like all of them. Darrio is dark and mysterious. I love my morally grey, broody males and he definitely fits the bill. So far, he is my favorite out of the group. Daxdyn is great but for completely different reasons. He is so sweet and caring. I just want to give him a hug. While I like Ryder, I didn't get to see as much of him as I would have liked. I can't really make a fair assessment on him yet because I don't really know him. Hopefully, that will change in the future installments.

Overall, I really enjoyed this book. It has a lower rating on Goodreads and I went into it thinking that I wouldn't really like it. Obviously, that is not the case and I was pleasantly surprised by it. I will be reading the next book, Hopeless Kingdom .

Bunnycore says

this was a really neat Post Apocalyptic type PNR. It's a slow burn that is for sure and this first book was more an explanation than anything else. I am going to continue on because really I enjoyed a lot of what this world had to offer and wanted to see what else happens. It left on a cliffhanger which I would have been so upset if the other books weren't already out. SO I am off to grab the second on and see what happens with Zara and the men.

C.J. says

I really enjoyed this. The four main characters are very intriguing and I'm loving Kara's strength and self-reliance. Can't wait to find out what her markings mean.

Iris (Paranormal Cravings Book Reviews) says

Hopeless

Anna says

"*What the hell is going on?*" is the question that was running through my mind at the beginning of the story. It is the question that never really got answered. Imagine taking a 700 pages book, tearing randomly every other page from it, combining them together and then calling it a story. That what *Hopeless magic* felt like to me.

Celeste says

I was surprised by how much I enjoyed this book. But let me just say... Darrio. I need no other reasons.

In fact I probably would have rated this 4 stars if not for the weird pacing of this series. I mean what was up with that thing with Daxdyn. Is this a normal reaction for a woman living in that world? It was weird af.

Marguerite (Lady RH) ✨ says**Rating : 2 stars**

Meh. She should have just left, it would have made the story better.

Paula says

I hated the heroine and the prince. I'm not reading the next one.

Jaime (Two Chicks on Books) says

Omg!!! I think this is A.K.'s best book to date!!! I love the world building and the story! The characters are awesome and I love that there's tension between all of them and that there's no insta-love here. I would like to learn more of the history of the world because even though it reads as a fantasy, there's hints of real world things here as well. I need book 2 NOW!!!!

Ashley says

This book was good for what is, a short book with likable characters and a little steam. Even though there wasn't a ton of world building, since there wasn't really enough pages for that, I liked the world and the magic even if it was a little confusing. All of the Hopeless are sweet and Kara isn't an annoying heroine. I will read the second one!

Roxy D.C says

2.75 out of 5 stars ??

I didn't really like the characters, they all felt one dimensional to me. The one character I kinda like was Darrio (mainly cause he was the only one that gave me entertainment?).

Yasmin says

Sticking a dagger to Darrios thigh to prove a point was petty.

Using her looks to flirt and steal is a sad life.

"What if I'm too pretty to be taken seriously" No. Just no.

I did like the story although it feels like she tries too hard in believing she is a tough chick.

Jenee Robinson says

Where to even start? This book has a great heroine and three hunky Fae guys. After Zakara rescues them from their tower prison and they save her life, she is tasked to take them home. This is just the start of their adventure, I'm excited to see where this leads! Book 2 can't get here fast enough! Loved this!

Runningrabbit says

Hopelessly Devoted

KU

A reverse harem novel is only saved both by how good both the concept of the story is and how integrated versus saturated the sexually tension and liaisons are, so I reckon this series has admirably managed that.

Kara is a likably mischievous character with a good dose of violence and devilry and together with an

overbearing alpha male, who insists on referring to her as a ‘stupid human’, we also have the pretty boy and the distant noble.

All up a pretty good story, but beware of the cliffhanger.
