Hustle Me

Jennifer Foor

Hustle Me Jennifer Foor

John (Jammer) Thomas is not one of the good guys your parents want you to end up with. He's been on his own since he was seventeen, traveling from city to city, making enough money to survive by doing the only thing he's ever been good at.

Playing pool.

He's covered in tattoo's and has a mouth that would make a grandmother cry.

He doesn't do relationships.

He doesn't care about anyone besides himself.

He's a drifter.

A Hustler.

At first look, she's just a pretty little thing behind the bar, but Charlene (Charlie) is so much more.

After her parents died in a fire she was put into the foster care system. Thanks to her good grades and hard work, she earned herself a scholarship.

Feeling like she was finally going to make something for herself, she finds out she has inherited a bar and a kid brother, from a father she never even knew.

While she tries to manage her new life, people from her father's past come to collect old debts and threaten everything Charlie has left.

Can she really trust Jammer, or is he just helping her for what it pays out?

Michelle [Helen Geek] says

03/01/2013 --

Overall Rating = 2 Stars

Book Cover / Book Blurb = 3 / 2.5 = 2.25 Stars

Writer's Voice = 2 Stars

Character Development = 3 Stars

Story Appreciation = 2 Stars

Worth the Chili = 2 Stars [\$2.99 Amazon & B&N]

At about 50% the book started feeling rushed, the dialogue turned to cheese and the whole thing fell apart for me. Just wasn't worth my time really.

Not sure I'll try more by this author. Just couldn't seem to hold it together in a longer format.

You might like it. I did not. So, you may be happier reading it than I!

Mel Bedford says

I don't think that Jennifer Foor knows how to write anything but a 5 star book! Hustle Me was hot and sweet! It started out a little slow because of giving the reader all the background story, but by the fourth chapter I couldn't put it down! I can't wait for the next book! The other thing I love about Jenn's books is that every book is a complete story and even though I am waiting for the next book, she doesn't ever leave me hanging! I hate being left with angst and I never have to feel that way with Jenn's books. I love Jammer and Charlie and you will too!

Donna ~ The Romance Cover says

Jammer and Charlie...unlikely couple but inevitable..this was a fab romance story and I lapped it up..I felt for both of them, they were both broken in their own way and came together and fixed each other..it had its ups and downs but then life does that as does a good book.

CT says

4.5 stars. This book has a refreshing feel to it and doesn't feel like a book that I've already read. We have Charlie who inherited a bar and a brother and Jammer, a pool playing tattooed hustler that's never settled down. Together there are some moments that shock, scare, grin and LOVE. The ultimate question is can Charlie trust Jammer?

"Love me or hate me, but either way you're still thinking of me, babe"

JoJo - JJJ (Jo Anna) Janesko says

This was my first Jennifer Foor book and I can tell you it won't be the last. I really enjoyed the writing style and feel like she is a brilliant author. The words flowed seamlessly on the page and the story was like magic. I really liked this love story and can't wait for the next book to come out. A good read.

Genney Blass says

This book, was WOW from the beginning to the end. Loved Jammer and Charlie, how a unique this story was. How from different ways in the the world to person finally get united and still not knowing that they knew each from before. Jammer's dad, I want to Kill the MOFO, he was a Capital Ass from the beginning. Jammer had my heart, how cocky, funny and sarcastic he was but he loved Charlie aka Lena. Loved they way he told her, "What the hell you did to me, I can be with any other woman"? How funny when he ran from the room with the pool stick thinking that someone was in Charlie's room. His Mom, I wanted to ring her neck but they she finally smelled the dayum coffee. Ryan, what a cutie putie, I wanted to hug him and cry in his arm, when he say I love you Charlie, you are the best sister ever. When she found the Jar full of letters from her father and the letter he left for Jammer to find her, OMG, I wept. But thank fully at the end, things did work out the way it suppose to be. I was hurting for both of them Jammer and Charlie. TO Ms. Foor, a very well written novel, thank you to let us readers enjoy your book. I Applaud you and Bravo.

Pam says

4 stars

"I'll play you for your heart.-J"

Charlie has had a fucked up life and just as she thinks she's finally free, everything turns to shit all thanks to one letter...and Jammer, a cocky hustler, who shows up at her bar looking for an old friend

"...not that it's any of your damn business, but my entire life has just been assfucked. I've been left a shithole bar by a father that I didn't even know I had, and if that isn't enough, I had to drop out of college because the bar came with a kid too."

These two cracked me up, he loved to bring out the bitch in her

"I'm Jammer."

"What kind of name is that?" It sounded ridiculous

"It's the name you'll be calling out the next time you're holding a shower head between your

legs and wishing it was my mouth.”

.....

”Look what the cat drug in.”

“If I were you, I wouldn’t mention pussy, unless you’re offering some.”

.....

“Charlie, can you say one kind thing? I am starting to think that I am helping Satan’s daughter. It’s kind of creepy.”

There are secrets everywhere and everything begin to unravel, the unexpected happens, no longer being able to deny the bond that they share

“I didn’t believe in fate or stupid shit that couldn’t be explained, but knowing that I’d found Charlie and (view spoiler), it had to be some kind of divine intervention.”

Hustle Me totally sucked me in, it had a little bit of everything, two POV’s, a lead male that you want to throttle and kiss all at the same time, a cute sweet little boy, an evil villain, a girl you just feel for, secrets & mystery and sexual-playful banter....

“This perfect ass is what I dream about at night. I picture your plump lips around my dick and your titties bouncing all around my face. I wake up all hard and ready to fill you with my love juice.”

Her eyebrow cocked up and she shook her head. “Love juice?”

“Yeah, you know how it is. Stop denying your addiction to my penis. It’s not healthy to lie.”

The book never was boring that's for sure, the way each POV would change and switch left me hanging and I couldn't put it down because I NEEDED to know what happens next. This was an impulse buy, and at first I was scared that I wasn't gonna like it, but I was wrong, it was totally worth my impulse clicking!

“It’s all about the Hustle.”

Kellie Maddox-Ward says

Ok so I kinda forgot I read this, until I just went to buy it again and amazon told me...

I'm pretty sure I liked it. So I'll go with 3.

Beatriz says

"I'll play you for your heart.-J"

HOLY FREAKING HELL!

I absolutely loved this story. At first the book cover didn't do much of an interest for me but when I read it, I was hooked! I love the plot, it was simple and every page kept me reading. I just couldn't seem to get enough of Jammer and Charlie.

Gotte love how these two banter though. Their non-stop innuendos and no filter mouth had me laughing while reading:

"I'm Jammer."

"What kind of name is that?" It sounded ridiculous

"It's the name you'll be calling out the next time you're holding a shower head between your legs and wishing it was my mouth."

.....

"Look what the cat drug in."

"If I were you, I wouldn't mention pussy, unless you're offering some."

.....

"Charlie, can you say one kind thing? I am starting to think that I am helping Satan's daughter. It's kind of creepy."

.....

"This perfect ass is what I dream about at night. I picture your plump lips around my dick and your titties bouncing all around my face. I wake up all hard and ready to fill you with my love juice."

Her eyebrow cocked up and she shook her head. "Love juice?"

"Yeah, you know how it is. Stop denying your addiction to my penis. It's not healthy to lie."

I also adored Charlie's brother Ryan, he says the most cute things that actually make sense. I'm actually excited on whose on the next book. Whether it'll be another Jammer and Charlie story or a different character, I sure am going to read it!

Gbemisola says

I read this book in one sitting, not because it was amazing and I couldn't stop reading. I just needed to get it over with. It wasn't horrible per se, I was just disappointed with the direction the story went. how it was written, the character's development and the emotion didn't communicate well with me.

With Charlie's back story, and the first couple of chapters (Jammers included) I expected this book to be a bit more gritty, instead it kind went all 'fluffy'. I personally think this was injustice to the characters. As for Jammer, I couldn't quite get a feel for his personality. There was just something lacking, can't put my finger on it!

The reasons for 'life shattering revelations' in this book was quite lame to be honest and just seemed pretty pathetic I couldn't take it seriously. It lacked conviction or even an ounce of 'justification' so to speak. The sex scenes were ermmm okay with the exception of one which included a billiards table!

I won't bang on about this book, it was okay to read and if you're bored give it a go. But it will never be at the top of my list of highly recommended books. It could have been better.

Like I said, read if you are bored.

Monica says

I liked this one. Nothing really original, but still, it was good.

At first I couldn't really relate to the characters. But after getting into the story I could see myself starting to relate to them.

Charlie and John pissed me off in the beginning. They were so freaking annoying.

Charlie was an obnoxious bitch. And John was your usual player. But thank God, that changed.

I **LOVED** the background story. I thought this would have some stupid story...No, no, no.

And those steamier scenes...**LUV!**

Jennifer says

One Word : **AMAZING**

Will post full review once released :)

2/20/2013

I was lucky enough to get an Advanced Copy of Jennifer Foor's new book *Hustle Me*. I was a little nervous at first because I love Jenn's Mitchell Family series and I was worried that Jammer (John) wouldn't live up to Colt and Tyler Mitchell. I am happy to say that he totally did. I **LOVED** Jammer, but for totally different reasons than the Mitchells. Jammer is an amazing BAD BOY. I was happy to see that Jenn is able to write many different types of Heroes. I was also impressed with Charlie, she is an amazingly strong person. The amount of crap she has had to deal with in her life, would make any person crumble, but she doesn't. She takes it all in stride and that to me makes a wonderful Heroine. This book is filled with so many things that I am not going to talk about it because I don't want to spoil anything for anybody. I went through many different emotions while reading this book and as I have said before....that makes for a **WONDERFUL** book.

I would definitely recommend this book to anyone who is a fan of Jennifer Foor....You won't be disappointed!!!!

Jessica (Angie & Jessica's Dreamy Reads) says

2.5 Stars... started strong but lost me after a while.

I have to start by saying that despite my feelings about various aspects of the story, I was entertained. I read the book straight through and was never bored. The story started off strong, I loved the story line of Charlie having to leave college after dealing with this tragic history in foster care and uncovering secrets about her life... inheriting this bar and a brother, great. Loved that. I loved Jammer, being this pool playing player, literally, being taken by this mysterious bartender. I appreciate the mystery of their intertwining history... however there lies my problem. There wasn't much mystery. It was all pretty predictable. And where the climaxes should have been monumental peaks in the story line, they were more like blips on the radar. It was just all too easy. The build was lacking, I was missing the angst that was in the first half of the story. This was my first book by this author and I'll likely read more, but this was just ok for me.

Jodie says

“I came back to town to see an old friend who helped me when nobody else would. Let’s just say that I never found my friend, but I found something else even better. I found you, Charlie. I don’t have a damn reason why I want you, I just know I do.”

WOW this book left me with big tears and a smile on face! This is a beyond a HOT, Angst story that develops between two individuals.

Charlie is an amazingly strong character and the amount of crap she has had to deal with in her life, would make any person crumble, but she doesn't. She takes it all in stride and that is what makes her stick in your heart.

Charlie. Her name was Charlie. I think a smile came across my face before I knew what I was doing.

Jammer is that alpha male that grabs your attention from the first time you hear his name and you feel him through your whole body when he speaks.

“I’m Jammer”

"What kind of name is that?" It sounded ridiculous.

"It's the name you'll be calling out the next time you're holding a shower head between your legs and wishing it was my mouth."

Jammer and Charlie are an amazing love story and together or not, they definitely can make you cry in pain, in happiness and for their love. Their sex was HOT, to the point you almost felt guilty reading it.

“What he was doing was so intimate to me, this wasn’t someone that just want to bang, and this was someone who was taking care of me. I’d never had that before and although it was amazing, it also scared the shit out of me.”

Watching their story develop you can’t help the attachment and you definitely can’t help the emotions. I wanted to fight for them, I wanted to stop the world around them and let them fix each other.

“Are you a witch or something? Did you put a bitch spell on me and make me go soft?” She giggled and shook her head. “Trust me, I’m not a witch, but if I was, I don’t think I would done a love spell on someone I couldn’t stand at first.”

LOVE IT!! I love an author that can write a alpha male that makes me blush and a heroine that makes me want to stand up cheer and be her best friend!! STANDING O for Jennifer Foor, this is going up there in my books of 2013, ABSOLUTE 5 STARS!!!

“I feel like I can’t breathe.”

“Call a Doctor.”

Yeah I thought I was going to need one!!

Amy says

Jammer." "What kind of name is that?" It sounded ridiculous.

"It's the name you'll be calling out the next time you're holding a shower head between your legs and wishing it was my mouth."

This is NOT your typical boy meets girl book. Jammer is anything but typical and he is DEFINITELY not a boy!

The first few chapters are background so it starts off a little slow but heats up fast when you get to their present day lives. Jammer has quickly become one of my favorite bad boys! He certainly has help fill the time while I wait on book 6 from Jenn Foor's Mitchell Series to come out.
