Legacy Royal is a rich, hood youngin' who is just enjoying his carefree life doing as he pleases. He's a ladies man and has his lineup of young girls who he uses for one thing or another... and then he has his best friend, Liberty. From the moment he met her at the tender age of six, Legacy knew he wanted to love and protect her at all cost—that included from any dude he felt wasn't worthy of her. To him, she came before anyone or anything, and he could never see that changing. Unfortunately, when an unexpected opportunity lands in his lap, he has to leave the one girl he couldn't see himself living without.

Liberty Heart is your typical girl next door—cute, quiet, and, unknowingly, wanted. She's focused on school, and the only other thing that has her attention is her best friend, Legacy. The moment she met him, they formed an instant bond, and she made him a permanent fixture in her life. However, when he up and leaves her without so much as a goodbye, she has to learn to live without him. Devastated at what she felt was betrayal, she uses her anger to block out the existence of her once best friend... until he's back and shaking up her world as she knew it.

Legacy reappears older and wiser—wise enough to know he's not into playing best friend games with Liberty anymore. However, knowing his track record, Liberty is skeptical about what he's offering. So, what happens when two best friends can't seem to meet at the lover mark? Lies, drama, heartbreak and everything in between.

This book was good from beginning to end. Full of drama, action and so many twist and turns that I couldn't put it down. Enjoyed how Legacy and Liberty have grown up and she feeling each other while trying to remain best friends. Now, he just needs to get himself together and stop all his mess, before he losing her for good. He's doing way to much and hope he gets it right. Can't wait to see what happens with these characters, so on to the next installment. Good job Antoinette Sherell.

#### **Loved. This. Book.**

I don't care what anyone has to say about Liberty; smh nope?????; I loved that she was so true to herself, yes I understand she should've gave legacy a chance but you have too understand; at the end of the day it's how SHE feels not any of her so called friends who didn't have her back?????. Idc if she had sex with Thomas he had no right I mean none at all killing that boy. Take you're lose bro; nobody told you to listen to Phil and get with Egypt just to prove a point...but alll in all I Can't wait for part 2??... love love love

#### **Mannn Look**

This book has me so upset right now smh! I so had such high hopes for Legacy and he let me down big time! I loved him until about half way to 3/4 through the book! I My feelings is so hurt?! Legacy gets on my nerves. How he gone get mad at her when he been doing him from the gate in her face. Then can't believe she won't take him seriously tf! I don't even blame her for what she did! I don't like how everyone immediately turned on her taking Legacy side. Not once seeing things from her perspective! Would you expect a tiger to change his stripes lets be all the way real? No you wouldn't so why should she believe he could be faithful just because it's her when he had already been disrespectful in her face more than once? I'll

wait! She should have just done like him and tagged everybody he messed with too ! I don't know he always so quick to say f her and cut her off for long periods! Then come back like everything straight! She can't live her but he can if he don't have several seats! Who does he think he is! I can't with him! I don't even know if I want to read part 2! I get mad just thinking about this mess all over again! Phenomenal job

#### **Well dang!**

I'm annoyed bc it seems Lib and Legacy are never going get together. I know it's about to be some mess in part 2 with Lib getting shot and God only knows what's happening with Sem. Legacy, Plilton and let's not forget Prime and Lib brother's.

#### **Lost in a Hitta's Love**

I definitely enjoyed this story! It was a bit young for me by way of the characters, but the storytelling by this author was wonderful and there was great character development. Near the end I was beginning to feel like the couples were going around and around which was annoying but they're freshmen in college so I got it, then I realized there was going to be a cliffhanger and that's why they couldn't get it together and normally that wouldn't bother me but this story was too long for this not to be a full length novel.

Pros: Great Story telling and Character Development

Cons: Too long to have a cliffhanger

I definitely recommend this if you're into YA Urban Fiction

#### **Yay! Finally a good urban book!**

Omg! It was well written! The jokes were funny! I just liked it! One of the best urban books I've read in a while. Couldn't put it down.

#### **Page turner**

Well isn't this something! Wasn't expecting the end to take the turn it did but at least it adds some layers to otherwise a predictable story. The characters are interesting but I am over Liberty. I feel she was created wayyyyyyyyyy to extra and entitled that it's caused her to have no common sense whatsoever. Legacy even

was eventually too over the top for me. But I will definitely read the next part.

#### **So So Good!**

I love when you get a story that is so good and especially when the writer hits it out the park the first time. Sometimes when young adults are involved there is always a lot of drama and this story doesn't disappoint, only difference is its the mistakes young people make sometimes when navigating life. I love the chemistry between the characters it is good and they are so relatable. I almost screamed when I realized that I have to wait for the next installment to see what happens!

Wow and it's her brothers crew that attacked them....I hope part 2 comes soon..

#### **Liberty & Legacy**

This was such a good story. I swear Legacy and Liberty had to be the most stubborn two people I ever seen. Legacy went about it all wrong trying to use another chick to get her on the same page. He knew Liberty better than anyone and knew better but chose to listen to Philan and it back fired. Philan and Sempri need to just make it official and cut out the games. I wasn't expecting that ending. I hope it's not too late for them to realize what they have in front of them.

#### **Legacy is an A\$\$!!!**

I'm not feeling him at all. It's like he just can't grow up and understand that games are for kids. I'm not feeling Phil or Sem either for turning on Liberty. She was supposed to just take Legacy at his word when every time she turned around he was disrespecting her with the next chick but blocking her. Maybe if he would have just been straight up with her none of this would have happened. He did this to himself and I hope Liberty be all right and straight do him dirty!!!!

### **Lost in a Hitta's Love**

Well damn! Idk what it would take for Sempri and Liberty to learn they weren't dealing with normal dudes. Liberty pissed me off the most because she really thought things would always be the same regardless of how long she played hard to get. Legacy was wrong for how he reacted because he hadn't fully gotten everything out of his system yet but wanted to be mad. I'm not sure how Liberty missed all the signs when it came to the dudes she was dealing with. Sempri couldn't seem to get right and I hated how caught up she was in Phil. Phil's mom messed him up for sure and at some point he needed to get himself together. Just when Liberty and Sempri needed Legacy and Phil they weren't around. It didn't say the end so maybe the situation needed to happen for Legacy and Phil to realize they needed to make things right with Liberty and Sempri before it's too late. #0108
