### **Craig says**

Reality Dust was ok, but the other one just had nothing of interest to me.

### **Ian Hay says**

Just read the booklet Reality Dust number 117 of 300, pretty good especially as it is signed!

### **Geoff says**

This is only for Reality Dust (as I read it as a stand alone story). It's a novella describing a Pharaoh, who on the moon of Callisto, has found a way for immortality after death. It's a nice little story, with an emphasis on using science, to try and make the story believable. I liked it, but there wasn't anything earth shattering here.
