Michael Vey Shocking Collection Books 1-7: Michael Vey, Michael Vey 2, Michael Vey 3, Michael Vey 4, Michael Vey 5, Michael Vey 6, Michael Vey 7 Richard Paul Evans

All seven electrifying books in the *New York Times* bestselling Michael Vey series are now available in a collectible hardcover boxed set!

To everyone at Meridian High School, fourteen-year-old Michael Vey is nothing special, just the kid who has Tourette's syndrome. But in truth, Michael is extremely special—he has electric powers. And he's not the only one, either...

Join Michael, Taylor, Ostin, and the rest of the Electroclan as they use their powers and wits to prevent a dangerous organization from achieving its sinister goal of global domination.

This boxed set includes:

Michael Vey: The Prisoner of Cell 25

Michael Vey 2: Rise of the Elgen

Michael Vey 3: Battle of the Ampere

Michael Vey 4: Hunt for Jade Dragon

Michael Vey 5: Storm of Lightning

Michael Vey 6: Fall of Hades

Picture this: You're a ten year old who loves fantasy stories about superheroes. The series that you started is great, but the author hasn't finished it yet. So what do you do? You read as many as you can, but eventually forget about it, right? But what happens when, three years later, the other books do come out? Do you read them or not? And do you even remember anything about that series?

For me, the choice was easy. I had to finish the series, even if that meant rereading the books that I had completely forgotten about. And it did. So, here I am, rereading the entire Michael Vey series.

The Michael Vey series, by Richard Paul Evans, is a seven-book set of fantasy stories starring Michael, a teenager who embodies what you'd expect from a hero: selflessness, leadership, and an ample amount of naivety. Oh, and powers. Michael's powers grow throughout the series, but he begins it being able to shock people through direct contact or if he touches something conductive. Now, don't get me wrong; Michael's character certainly develops during the story, but throughout the beginning he's a pretty boring character.

So then, if I thought Michael was a stereotypical hero, why would I read these books? Though there are a few reasons, the largest is definitely the plot. There are many twists and shocking revelations to these books, and even though I had read most of them before, I still wanted to find out what would happen next. I may or may not have read for entire evenings just to get to the ending and start the next one.

My recommendation as a ten year old probably would have gone something like this: "Anyone and everyone who can read should read this!" Now, I may be exaggerating slightly, but it's pretty close. Therefore, I'd suggest this series to anyone who loves fantasy stories with a thrilling plot. On the other hand, I would not suggest this book to people who love realistic fiction or books that feature an antihero. But if you're like me, and were wondering if you should finish the series, my answer is a resolute yes. I'm positive that it will strike you as a job well done.

good

Nathan Jensen says

Riveting series from beginning to end! Read this series if you have a passion for action and adventure!!

Abby Franz says

I feel like it wasn't as thrilling as other books in the series but it was a great end to this AWESOME series so I definitely recommend!!!!!!
