## My Coyote Ugly Life Jessica Spoon

“How on earth do I get myself in these situations? I swear it’s like a never ending bad dream. One of all my mistakes that continuously bite me in my size ten ass.”

Azaria ‘Ree’ Gable had her one experience with heartbreak and that was enough for her. She’s perfectly satisfied with her ‘One Month Rule’ and doesn’t need her life changing anytime soon.

When circumstances take her back home, she learns things have changed...  
A lot...

First and foremost being with the complete and astonishing overhaul and revamp of the Belton Police Department, where apparently the application was changed to state ‘Ugly Men Need Not Apply’ and the only requirement is ‘How Well Do You Look In This Uniform?’

Ree unexpectedly catches the eye of the new ‘gina-quiver inducing Chief of Police Grayson Cole, which starts an endless game of cat and mouse.

Will Ree let go of her misconceptions about relationships and allow Grayson to show her how beautiful life can really be?

### **Arijana Peji? says**

5 amazing, crying from laughing so much, stars!!

WoW! I laugh my ass of while reading this! I enjoyed it very much. It could be called light reading, cause author had interesting approach. There were serious situations but with light approach they seemed less difficult and i really liked that. Azaria 'Ree' Gable is a girl who has been burned in love and since then she sets up this rule where she protects her heart. That rule is called "One month" which means she can have relationship that lasts just one month or even one night and in the morning she sneaks out. That lasted until she meet gorgeous Chief of Police Grayson Cole. I won't write here what happens next, for that you need to buy this wonderful book and find out by yourself :) And trust me, it's worth every penny :)

What i liked was her relationship with her family. They all are carefree, kind, funny. And i loved that there are so many of them, brothers, sisters, kids, friends. And all of them had great relationship. There aren't mean bitches (well there was one but hahahaha you have to read that part specially). There aren't angst and sorrow, although i like good angst, sometimes you just need sweet read and that's what this book was.

**Bottom line is, each one of us has some kind of fears, but there should always be that one special person that saves us :) Be brave, and you'll be saved.**

Thank you Jessica for sharing this great story with us and i can't wait for RYDER & KOTA'S story :) Oh and, yes, there is great amount of hot sex ladies, don't worry, your panties will be wet, that's for sure ;)

And for the end, (oh yes, there is that too) the tattoo scene :)

---

### **Denisa says**

1.5 Why did this book have such a high rating?!?!

So, I have a bit of a book hangover. I've read something that I can't get over yet, so I said I'll take it slow, go with easy, fun stuff. I found this book, saw the high rating and not too bad plot, said I'd give it a try.

Well now, that was a mistake.

I can (almost) ignore all the grammar mistakes (and there are not a few, mind you). I won't stop reading a book, even though the author seems to have a problem with your/you're, I can almost say it's not her fault.

But the story is incredibly stupid! And the characters are idiots, especially the MC! Gahhhh! She's a really weak character and I normally don't like females like that. But well, we all have our weak side, right, that shouldn't be a problem. I would have finished the book if that was her only problem.

But she is an idiot. She's a 12 year old. She is... nope, just nope.

And he's not far behind either! I mean, even just to handle her, to actually like all the tantrums she throws at him. No self-respecting man (guy/person/animal/whatever) would be able to handle such a stupid person.

Why not just 1 star, and 1.5?

The first 10% of the book were decent. I would have given it -1 star if I had ended up finishing it, I'm pretty sure the MC would have gotten more and more annoying.

---

### **Shanda says**

This book was LOL funny! I was hooked from the beginning and couldn't put this one down. Ree's introduction was hilarious and it was cool to see a female character unapologetic about her one night stands. The storyline, sexual tension, and steamy scenes were all great. The hero Grayson was totally yummy as well as the rest of the Special Forces Sex Squad. Seriously there were a lot of characters and sometimes I feel overwhelmed by that but it didn't bother me. Ms. Spoon made all of the characters really interesting and I am excited to get to know more about them in future books.

The book does have a definite KA feel to it and at times it was a little too obvious. Ms. Spoon has a great voice and talent. The bones of the story have a KA feel but all the KAism's were not needed so I hope this is toned down in future books. There is enough greatness in this book without it.

I will note that if it bothers you the book does need to be cleaned up with a good editor. There were typos/grammar errors, formatting issues, and misuse of words. Just one small example towards the end a character says Boo Yeah! I believe this was supposed to be BOOYAH! I personally don't let this affect my rating because I grade the story itself.

I am really looking forward to the next book and I wish it was ready RIGHT NOW! I know that I would devour it.

Job Well Done!

---

### **Dallison says**

Perfect title to this book. It was just plain ugly. Too over the top for me. Did not like Ree. Her behavior got old pretty quickly. Too many good books out there now to put myself through this torture.

**Tessamari ♥Many Waters...♥ ~ Sweet Spot Book Blog says**

Three Stars

I liked this well enough, but I didn't think it was anything fantastic. The heroine, Ree, was funny and likable, but she got really annoying at times -- especially when she kept using the term 'gina...it was used often and it got old very fast. The Hero, Greyson, was hot and sexy, but the reasons behind why he kept pursuing Ree was a bit lame. It seemed like the author was just making up a reason just to have a reason. I don't know how else to explain it. I am, however, looking forward to Ryder and Kota's story...now THAT story has some meat to it and I'm anxious to read it.

**ValerieC says**

2 stars = It's ok

Review of Kindle ebook purchased in June, 2015

Cute little romance with a stalker thrown in.

Basically, a standard-formula romance story, throw in the h's good-looking girlfriends, match them up with a hunky, smallish town police force of ex-special forces guys, throw in a little suspense, and lovable small-town side characters. And good cooking, I like that.

That's all good for me!

**A MATTER OF BALANCE...**

This book was funny for a while, until the coarseness of the h, Ree (Azaria), really wore off. Spitting coffee all over (multiple times) and being more foul-mouthed and crude than any guy in a book is not endearing, IMHO. It just becomes irritating. Almost DNF'd at about 40%. Sheesh! Tone it down some.

Even though Ree was sweet and had really good qualities in general, I found it difficult to reconcile her family and education with her coarseness and lack of self-control. I just didn't believe it.

I might read book 2 because that couple has a very compelling back-story. But, I will be sure to read the sample first, just in self-defense because Dakota is almost as gross as Ree.

Anyway, this is a good writer and I encourage her in her future efforts. I also bought her book 'Darkness Deserved' (in the tbr group).

### **aksana - 4 - 8 - 15 - 16 - 23 - 42 - says**

#### **dnf at 19%**

I will make it short and sweet.

The humor?

Need an example?

His head drops and his mouth moves to my ear, his lips brushing against it, his tongue grazing against my skin while he says, “You would find nothing cruel about the way I would imprison you.”

Oh my God.

My ‘gina throbs sending a message to my, now, short circuited brain, “Get the penis! The penis is good!”

I’m pretty sure the ‘gina quiver is about to turn into a full blown seizure.

Fuck the shrink! Call the paramedics!

No, better call the shrink

On top of this, lots of things were described too detailed.

Which leads me to..

---

### **Vee Paige says**

Just what I needed last night. A fun, quirky heroine, a man in uniform, a small town intent on playing cupid,

a stalker and I'm all set. It did take me a while to get into the book, and I did have to get used to the heroine's way of thinking and the descriptions, but when the hero came into the action, all is good.

Readers who enjoyed Kristen Ashley's Rock chicks will like this one.

### **Kate's Corner says**

**Well butter my buns and call me a biscuit! Ms. Spoon had me at the blurb with First and foremost being with the complete and astonishing overhaul and revamp of the Belton Police Department, where apparently the application was changed to state 'Ugly Men Need Not Apply' and the only requirement is 'How Well Do You Look in This Uniform?' This is a must read! 4.5 Coyote Ugly Stars**

**Ms. Spoon then also had me at the beginning of the first chapter.**

*God forbid I wake up the ogre next to me. Fuck! What the hell is wrong with me? Seriously! Does anybody have any suggestions? Answers...? No.....? Of course it would probably help if I didn't get shitfaced every weekend only to wake up and want to Coyote Ugly my fucking arm off.*

*Azaria "Ree" Gable lives by a "One Month Rule" not that anything really bad ever happened get her heartbroken and after that Ree decided no more and instated her rule. As her Mum had a stroke she is moving back to Belton to help out. On her last night in Des Moines she meets a tall, dark and handsome stranger.*

*How do I feel about Ree? Hmm, she is a pia (pain in the ass), a tad selfish, infuriating and at the beginning emotionally detached. But I love her kindness, her humor, snarky and sassiness, her being a nut and an absolute goof.*

*Just a little fact, I find it amusing to see how easily people are irritated one of my charms*

*The tall, dark and handsome stranger is no other than Grayson Cole, Chief of Police in Belton but Ree doesn't know that yet. But she soon will.*

*How do I feel about Chief? Hmm, I loved him, I adored him and I want to have his babies. He is like a bulldozer when it comes to getting Ree. He could have kicked himself in the butt that he let Ree sneak out after nothing happening without getting her surname and number. It was clear to Grayson the night that they met how he felt.*

*The first night, listening to her ramble on, her honesty and her innocent view of the world, he knew she was the kind of sweet he hadn't known he was even looking for.*

*Ah fate is such a bitch or not. Ree can fight as much as she wants to but when Grayson pulls out the Babe all bets are off.*

*Babe. "Am I supposed to understand the meaning behind that one word, because I've gotta tell ya, Chief, it doesn't make a whole lot of sense."*

*The whole town gets to watch the getting together of Ree and Grayson. Ree is scared what with the "God damned Devil Penis Magic" and those fucking flutters came back full force the minute she saw him. But*

*she can't resist but what makes it worse that he has everything she wants.*

*"A tattoo that fucking sexy. Special Forces. Chief of Police. You're a fucking panty melting trifecta."*

*And that there is something called love and that all men aren't bastards.*

*These Holy Grails are rare as in never found. They live in our fantasies. We make them up and hold all other men up to this standard. They know what just women like and are very skilled at it. This is usually because they have been, or still are, a massive man-whore. If you can get that they have probably been with fifty women, you are in for a treat. They are men that make you weep because the sex is too good to be true. A man like Grayson Cole.*

*Amongst all this banter there is a plot to the story of a stalker and how things do work out for the better. And that the past can always come and bite you in the butt.*

*Grayson is so honest with Ree and that all men aren't douches.*

*"He starts wondering what he can do to keep her around....to make her happy....He realizes that he likes looking at her more than any other human being in the world."*

*"A man with a woman doesn't see her objectively, There is a filter there...." he looks back at me, his eyes coming into focus again, the corner of his lip turning up "or some kind of participatory illusion. He does not see what you see in the mirror," he runs the back of his hand own my cheek, causing me to notice that my breathing is erratic.*

*"He is seeing someone beautiful....and perfect...and sublime....It's one of the most powerful things in this life...."*

*Ms. Spoon did solid work in creating a great town with amazeball characters and for the characters soon to come. Some of Belton's finest are Ryder Jacobsen, Declan Reid, Colt Evans, Chance Hayes, Blaine Owens and Koby Lewis. As well as about a dozen more here or surrounding counties. Also Ree has a bunch of great girlie friends.*

*Please give me Ryder and Kota's book now.*

---

**Ginette says**

3-3.5 ? Hilarious

---

**Simmie says**

I know I must have some serious OCD or something, that being said was the only reason I finished this book. I can't believe I did that to myself. Not only did this book urk the hell out of me but it made sleepy too. I would like you guys and this is just my opinion if you wanna read something similar. Check out A.J. Bennett's "Now or Never" and "Truth or Dare". Now all the cons of this book and if you don't like spoiler's stop now.

1-She described ever Hillbilly of Belton. I mean come on, and she actually said they were hill billies lmao!!!  
2-Chief Cole ex soldier brings his whole squad back from the war. It was atleast 6 guys that she described.  
3-The tension of Ryder and Kota I mean I was reading a sub story with a sub sub story. No hinting to make us a little curious about the next book.  
4-Oh and don't let me get started on the artichoke dip recipe at the flipping end of the book.

Geez I feel so robbed!!!

---

### **Countrygalssexyreads says**

This story had me cracking up and and could not put the book down until the ending!

OMG, I loved Azaria "Ree", she is so blunt, no filter what so ever. She has what most any 27 years old woman would love to have, a great job, family, and friends. There is just one thing missing in her life, a relationship.

Ree is the "one night stand" type of woman, all because she is scared of getting hurt. She had one burn that changed her mind on the whole relationship thing.

Being at the right place, right time, she meets Greyson Cole. HELLO SWOON!!!!  
Greyson or, aka "Chief", which read the story to find out why.....

Both Ree and Greyson have a connection that is once in a lifetime love. Hello, Ree, he had my heart, open yours and see what you have in front of you! That's what you are thinking while reading...

Can Ree let her guard down and open up to Greyson?

One of my favorite lines in the story is the fact Greyson tells her, "You're a Nut", and he is right, she is.....

The is a 5 star Swoon worthy read!!! I can't wait what is next from Jessica!!!

---

### **Raine says**

I love this book. The writing style is similar to Kristen Ashley and I absolutely love her books. In most books it is the hero who was the man-whore, but in this one it is Ree who actually was the one who didn't want to settle down and would pickup men, but not be with them for more than a month. Usually she would sneak out the morning after. This is how she met Chief of Police Grayson Cole. The only thing that was a little bit of a puzzle for me was why Chief Cole was in Des Moine in the first place when he lived in Belton which is about 3 hours away.

I can't wait for the next book in the series. I kinda wish that I waited so I can read them one after the other because now impatient for the next books.
