Nimrod Daniel says

Another great book in the trilogy, and a great ending to The Kingpriest trilogy. The imminent cataclysm is on the horizon, and it looks like nothing would stop the gods from setting the balance in the world. No doubt that it's a great telling of a very important event in DL history.

4.5/5

Tim says

Prachtig geschreven, alsook dat je je kunt inleven in de personages, je je bepaalde gebeurtenissen goed kunt voorstellen. Van deze serie kan zeker een film gemaakt worden. Geen twijfel mogelijk.

Istar komt, voor zover ik mij herinner, ook voor in 'Chronicles' (met Tas en Flint?), en dan is de streek al verwoest. En in Kingpriest Trilogy krijg je meer info daaromtrent (Cataclysm?).

Wel jammer dat lady Ilista al in het eerste boek uit het verhaal 'verdwijnt' (lees: gedood wordt). Ik dacht echt dat ze nog een belangrijke rol ging spelen in het verdere verloop. Maar ze (haar geest) komt even kort terug in Sacred Fire.

Wat ik niet snap, is waarom Cathan niet geloofde dat hij de 'Chosen Of The Gods' was, toen hij de miceram vond en daar ook de geest van een ex- of wannabe kingpriest ontmoette. Maar doorheen het verhaal heb ik wel altijd aangenomen dat Cathan de rechtmatige 'ruler' was.

Toen Beldyn/Beldinas wat te fanatiek bezig was met het uitroeien van evil, was ik wel wat bezorgd. Veel wizards verdienen het ook niet, daar heb ik mij toch even kwaad gemaakt op Beldinas. Fistandantilus bezorgde mij meestal koude rillingen, hoewel ik in Sacred Fire enige sympathie voor hem voelde, ook omdat hij Cathan hielp te ontsnappen.

Ik had nooit gedacht dat Cathan daadwerkelijk die bloodblossom olie in Beldinas zou 'spuiten', gezien ze toch een goeie vriendschap hadden. Nuja, op het laatst toen Bron bijna vermoord werd door lokale inwoners, toen hij even tot Paladine bad, had ik zo'n gevoel van "tiens, toch wel een redelijk grote gelijkenis met de huidige wereld"

The Kingpriest Trilogy is niet zomaar een derderangsserietje, maar belangrijk om bepaalde dingen/gebeurtenissen te kennen als de streek ter sprake komt in latere boeken (Legends, Tales, ...).

Jim C says

This is the final book of a trilogy set in the realm of Dragonlance. The other two books must be read to

understand this book and this whole trilogy is a must read for a fan of Dragonlance or fantasy. If you have read Dragonlance you know about the Cataclysm and this book is about the final events leading up to it. The author does a fantastic job with these events. Even though I know the Cataclysm must happen, the author did a fabulous job of making me hope that it wouldn't. I felt bad for the characters and I sympathized with their plight. I thoroughly enjoyed this book and this is one of the better trilogies that are in print.

Blake Lukach says

Great book to read to read over all. Some of the thing that Happen is the Twice-born a person that lived a double life has came back to Istar to hopefully stop what old friend has begun from cataclysm from happening knowing from the books before that the land of Krynn is to come of disaster eventually because of the king priest.

Kevin Potter says

After the first two books in the Kingpriest trilogy, I was really looking forward to this book.

There was so much buildup to this, it was set to be an epic conclusion truly worthy of the Dragonlance brand.

And...

Gah. For the first time, I must confess myself disappointed with Chris Pierson's choices.

In fairness, this was still a good story. There were some great twists (on, the one! I don't want to spoil it, but that one twist near the end alone makes having read the book worthwhile), some awesome ways things tied together.

However, this is the first time I've seen serious continuity issues with one of Chris's books. He's usually careful and diligent about maintaining continuity with established Dragonlance facts. But he went completely off the trails in this one in so many ways.

Danubis, frankly, isn't even the same character we saw in Time of the Twins.

And there are events that feel so contrived (especially the one or two that were completely unnecessary!), it felt almost like I was playing a D&D game with a REALLY BAD DM.

I feel like if the book has been 50,000 words longer, he could have devoted enough time to these things that they would have come across a lot better.

In the end, I feel like this book was rushed and trimmed down to too short of a length to do it justice, effectively crippling its ability to be a great book.

That said, however, it was still worth reading and I definitely recommend this trilogy to any Dragonlance fan.

Daniel says

This was the best book of the series, and the whole series was great, Chris did a great job.
