Shadow's Dream Jami Gray

Bitter betrayals and hidden truths forge shattered dreams...

Chevexo, the most powerful Magi in the Northwest Kyn, lives with one regret—walking away from Tala Whiteriver. When he is sent to broker an alliance with the Southwest Kyn, he recognizes his chance to rectify his mistake, but soon realizes the challenge may be more difficult than expected.

As the youngest Kyn to lead a house, Tala's a force to be reckoned with, but her role came at a steep price. When an unprovoked attack by the Southwest alpha threatens her position and forces her to face judgment, she finds an unexpected ally in the man who once claimed her heart.

A series of deadly events unfold with Tala firmly trapped in the center as tensions rise among the Southwest houses. Before she and Chevexo can quell the approaching storm, they must untangle a treacherous plot and expose the architects of a devil's bargain designed to fracture the Kyn.

Will Chevexo and Tala move beyond the confines of their positions and trust their hearts to forge new dreams before the impending nightmare sweeps them apart forever?

Shadow's Dream is the fifth book in The Kyn Kronicles, and we reunite with two characters whom we already know - Cheveyo and Tala. Now, it is a while since I read this series, and it did take me a while to remember what was going on, or had gone on in previous books. Cheveyo and Tala have a history, and the majority of the book goes into more detail, so you know exactly who they were to each other, and what has happened to bring them to the current point. This book felt more political to me - with the Northwest going against the Council, and meeting with the Southwest Magi, who are having their own problems.

This story is very well-written, with no editing or grammatical errors that disrupted my reading. The characters and situations are fleshed out, giving you enough detail to relate (or hate). Once again, a full and intricate storyline, meticulously kept together by an amazing author.

I have no hesitation in recommending either this book, this series, or anything by this author. Absolutely wonderful.

I absolutely HATE IT when I get caught up in a series I cannot get enough of. I love this series; it is full of action, conspiracies and amazing characters. I only have a teeny tinny complaint (I know I am the only one with this complaint); I just wish the explicit love scenes where, well less explicit. I get embarrassed and have to move ahead. The action is great; the world building is amazing; but the real jewel in the crown of this series are the characters. The characters both female and male are strong and stand on their own. This also includes the secondary characters; they also have a strong prescience. It makes me want to get to know all of them. OK, I am gushing a bit. Just read the series and you will not be disappointed.

In keeping with the other books in the series (which I loved) Shadow's Dream was filled with the perfect balance of paranormal action, fight scenes, emotional turmoil, romance, character growth, and twists (some

more shocking than others).

I loved this book. Loved it. Cheveyo is a favorite of mine. So strong, calm and ultra-powerful. Tala had her own intense power and as the story progressed I learned the true relationship between Cheveyo and Tala and what they'd had to endure in the past to get to where they were in the present. They make an amazing couple who I rooted for from the beginning.

Raine and Gavin make a cameo in this story which made my day.

By the way I lost sleep while reading this novel because I didn't want to put it down.
