  5. This book was strange story, but characters were a few so it was easier to read other books. In the middle of the story, I felt hard to read because it was complicated. I felt cold after reading.

### **Leedayoon says**

I read this book two times because something is hard to understand. This book is about the four mystery ladies (Allegra). Now I will tell you the simple summary. One day during the trip a boy's family decided to stay at the "Villa Henderson", at that night a boy met the girl Allegra. She said she wants to meet her mother. A boy was curious but continued talking with her, soon she disappeared. And next morning a boy met another Allegra, she was very different than the first Allegra. Later a boy met two more Allegra and knew that the real story about the Allegra that the Allegra was already died and her ghost is around the people. I don't want to tell the ending of this story!! I think Allegra has something to say so she still stay at the real world. I hope that she's dream come true!! If you like the excited story, then read this book.

Este libro es tan cortito que lo leí en diez minutos. Es para mi clase de inglés ~~soy perfectamente consciente de que esto a nadie le importa~~. Es bonito, simple y rápido, como una historia que cuenta alguien alrededor de una fogata.

### **Airi Mizoguchi says**

I personally enjoy this book a lot. It is short and quick, but it also gives out a lot of detailed information about the scenario. A story of a boy meeting a peculiar child named Allegra. She knows that she is going to die, and there is something wrong with her family. But How? I really liked how they used repetition in the story, showing how the dilemma is never ending and keeps coming back to haunt the boy.

Ok, me asignaron este libro para mi clase de inglés en el colegio. Al principio pensé que no me iba a gustar y que me iba a aburrir como el infierno, pero resultó que sí me gustó. Y mucho.

¿Lo recomiendo? Claro, pero sólo si no tienes nada que hacer.

Are there anyone who has same name and same birth day with you?

No. I want to meet them if they exist.

This is a mystery story. I hardly read mystery books, but this is very interesting. The story is not scary. I was surprised because there are girls who have the same name and they are also born in the same month and day.
