The Nine Lives of Chloe King Movie: Read the Script to the Shocking Conclusion! (EXCLUSIVE)

Two years after the ABC Family series ended, the screenplay for the proposed wrap-up film is officially here!

Raise your hand if you can recall the chaos that ensued in “Beautiful Day,” the explosive series finale for The Nine Lives of Chloe King. If you don’t, here’s a quick refresher: When viewers last saw Chloe King (Skyler Samuels), a descendant of the ancient Mai race, she had lost one of her nine lives courtesy of the assassin Simone. Brian (Grey Damon) appeared to have succumbed to Chloe’s fatal kiss, while Jasmine (Alyssa Diaz) and her mom, Valentina, the leader of the local Mai pride, were attacked by the unpredictably violent Zane (Daniel Sharman) and left to die.

When the show ended, TNLOCK viewers were left clamoring for answers to all their burning questions. What was The Order’s mission? What were Whitley Rezza’s true motivations? What happened in Alek’s (Benjamin Stone) past? Was Meredith (Amy Pietz) ever going to learn about her daughter’s secret identity? And was Chloe going to choose Brian or Alek? Well, thanks to ABC Family and Alloy Entertainment, fans of the cult sensation are finally receiving a sense of closure by making the script to the two-hour movie available online.

Loved it and the ending more than I loved the ending to the book by Liz Braswell. I wish they'd make this movie.. ^^

After watching The Nine Lives of Chloe King I was so disappointed by the end, it ended in such a mess with so much unclear things. So what's the first thing I do? Of course I google to find some thought on the ending. To my surprise I found out that it was supposed to be a two hour movie made after the end and I was so happy! But reading further I was disappointed again, because the movie was never made.. Luckily for me (and others who hate be left with a loose end) they published the manuscript online!! It was really good and I got all the answers I was looking for. And the end was PERFECT! So happy they released the manuscript and think that's something all producers should think of if their show get cancelled in the middle of something. It wasn't ideal to read a manuscript but still so much better than nothing!!

I loved this and it really gave closure on everything and I'm really glad with who Chloe chose in the end

Such a good wrap up of the show clears EVERYTHING UP

I was really hoping that this script would satisfy me after the cancellation of The Nine Lives of Chloe King, and it only did to a small extent. I'm extremely happy that Chloe ended up with the guy that I was rooting for, unlike how it went down in the books. However, the pace was slow and the action was typical and nothing unexpected. I wish there had been more plot development in this script, and that there were more scenes between Chloe and Alek. I felt that the kidnapping was predictable and staged way too much that it became something that the reader/audience would expect as soon as mild hints were put into the script. Overall, I'm glad that I finally got a resolution to the cliff hanger that we were left with, but wish that this would have lived up to the expectations I had in my mind for the conclusion.

I freaking love this show, and my heart died when they cancelled it. But thank you Alloy for giving me some sort of closure. I will always be grateful. :)

### **Tajera Blakney says**

I absolutely love this! The show was amazing and inspired me to keep looking into the book series! Everything played out like I hoped it would! (By that I mean Chloe didn't end up with Brian but with ALEK!) I love how Dan Berendsen brought Brian back to life and then finally showed his true colors (I knew I never liked him)! This book definitely tied up all of the shows loose ends!

### **Amelia says**

Don't you just hate it when a TV show ends on a cliffhanger and then is cancelled \*cough\*ABC\*cough\*? Luckily, a film was in the works to tie up the loose ends in this case, and although that film never quite happened, the script was made available to the public. The link given in the description is broken, but you can still read the script at Scribd, a site, incidentally, that I would be hesitant to link to due to copyright issues, were it not for said script already being in the public domain.

I'm not going to claim that *The Nine Lives of Chloe King: Salvation* was a literary masterpiece, but it answered all the burning questions nicely. I wish more cancelled series would do this. I can think of a few I would pay good money to know how they ended!

### **Natalie says**

Finally got around to reading it. When it was first put up, I just peeked at the end to see which guy Chloe chose. Too bad they could not have filmed it so we could have had that closure, but I do appreciate the script.

### **The Girl on fire says**

I love the ending if Chloe didn't end up with Alec I would be angry. I'm really sad that it's the end of the tv show.

---

### **Katy Mackale says**

This would have been an amazing end to an amazing program. This script answered all those burning

questions that I was left with after the series ended. Did I mention how much I loved this!!!?

### **J. says**

[I'm totally Team Brian and Team Grey Damon, so...

### **Andrea says**

I totally forgot about this show. I randomly remembered it today, so I googled it to refresh my memory. It wasn't that good and it only had 10 episodes because it was cancelled. There was this really annoying love triangle.

---

### **Ana says**

Great story. Not exactly easy to read. The whole "fade in" and "fade out" thing was pretty annoying and made it more difficult to enter the scene but it was definitely all I'd hoped for. I always suspected Brian was an \*ss. Thank you for validating that. Really awesome she ended up with Alec and not with him. Too bad so many had to die. Including Chloe. Twice.

### **Carissa says**

I should have read this 3 years ago when the TV series ended. I'm so happy who Chloe ends up with and Paul is always funny
