Jamie Connors tiene todo lo que siempre había soñado. Un cuerpo delgado, la confianza en sí misma que nunca pensó tener, el mejor trabajo del mundo y ahora está comprometida con el futuro marido perfecto.

Excepto que el perfecto cuento de hadas podría no ser tan maravilloso como parece, al menos la prensa así está tratando de hacerlo parecer. Cuando surgen cosas en los periódicos que no sabía, comienza a cuestionarlo todo.

El pasado, el presente y el futuro parecen estar colisionando en una horrible bola de confusión.

¿Podrá encontrar su camino y poner su fe y su corazón en las manos del hombre a quien ama?

OMG!!!

I really can't stand Jamie's "family". This book made me want to kick all their asses. Her mother and sister suck big time. I can't stand them. Nothing like the press printing false crap without checking facts for truth.....awe this book had me ranting but it kept me reading Now to wait for the next release.... Love Alex & Mark

Regina says

This book was a whirlwind of events. The storyline seemed a bit rushed. There were a lot of things crammed into this book. I really want to smack Jamie's mom and sister. The story ended with a huge bomb dropped on Jamie wonder what will happen next.....

Piccolo appunto. Il quarto della serie in Italia era troppa fatica tradurlo. Per fortuna si tratta di una serie con pochi intrighi e lo svolgimento è abbastanza fluido senza doversi arrovellare troppo su cosa sia successo nel volume mancante. Complimenti!

This series just gets better and better. I can highly recommend Lexy as an author to read.

Wow what a whirl wind, Alex and Jamie are having their fair share of ups and downs, but things take a nasty turn in this episode. Both if their love is tested but will they get a HEA???? Again another great read, I'm really enjoying this series. Good story, plot and characters. Some grammatical errors but nothing dramatic.

Lots of angst, giving the story more realism and lots of romance and sex. The banter is good and the family relationships are sweet. A shock ending for Jamie so looking forward to the next episode.

Managing the Bosses

The whole series kept me enthralled the whole time I was reading. I would recommend this series to anyone that likes books that are a little bit steamy and has a great storyline. I couldn't put them down. I was awake all night reading and it's been a long time since I've been so into a book that I couldn't put it down so that is why I gave it the rating I did.

WTH is wrong with Jamie's family...I mean seriously...well okay her dad is amazing but the other two need to find Jesus because the Devil is a lie. Let us not forget Stephen...es muy loco...thank God he finally got placed in jail cause he was seriously losing his freaking mind.

Now there were a lot of drama filled moments in this book, and most surrounded Jamie's ex Stephen making their lives a living hell. OMG and Christine the way she blamed Jamie for everything...I seriously wanted to shank a bitch, she needs help like mental help. Which leads me to the fact that we never found out where Christine is...she just disappeared, and I must say I am wondering just what happened to her (if something did) or where she has gone off to.

Alex was AMAZING in this book...Jamie has been the best thing to happen to him and you can see it within his character changes. I am now on pins and needles waiting for the next book to see how Jamie is going to handle this new venture into parenthood.

I was just so excited to start this book five immediately from the Managing the Boss's series. And I was so happy with this book too. It's was just wonderful.

After the last one having seen the magical marriage proposal between Alex and Jamie. I just knew that their marriage would be such a beautiful part of this book. Finally we knew that would eventually happen next in this series.

The problems now remain as Gina who worked as their secretary had finally moved on. Jamie had to finally deal with new staff members. And with Alex so stressed with work and dealing with interview at work for Reid Enterprises.

The interview seemed to upset Jamie and antagonised her about her proposal and with certain awful family member that she simply couldn't trust anymore.

Such an exciting book I thoroughly enjoyed this one and I simply can't wait for the next one too!!

* I recommend this book to all of my friends

The perfect book ever.

I love Alex Reid and Jamie.

Awesome. I can't get enough of Alex and Jamie. They have evolved so much. I felt so bad for them every time they were faced with a new challenge. I love the way the characters have developed. I love the relationship between Alex's brother Mark and Jamie. They have endured a media scandal, attempted murder and a health scare. I can't neglect to mention their steamy romance. I laughed and cried it was great.
