**Alice in Wonderland: Based on the Motion Picture Directed by Tim Burton** Tui T. Sutherland (Adapted By) , Lewis Carroll

From Walt Disney Pictures and visionary director Tim Burton comes a magical re-imagining of one of the most beloved stories of all time. Mia Wasikowska stars as 19-year-old Alice, who returns to the whimsical world she first encountered as a young girl, reuniting with her childhood friends: the White Rabbit, Tweedledee and Tweedledum, the Dormouse, the Caterpillar, the Cheshire Cat, and of course, the Mad Hatter. Alice embarks on a fantastical journey to find her true destiny and end the Red Queen's reign of terror.

### **Anastasia says**

I like this! I'm in love Mad Hatter and Cheshire Cat. this is a great book. it can be read at any age

---

### **Natacha Cunha says**

This remake of the Alice's classic story was a really nice read.

It was awesome to travel to this 'Wonderland' and watch it through Alice's eyes. Everytime some new character was presented I thought 'wow, this is my favourite'. From the Mad Hatter, to the March Hare, the Dormouse, the Cheshire Cat or Absolem... it's impossible to don't be amused by them (even the Queen of Hearts!).

I really enjoyed to 'live this dream' with Alice and her friends. I think this book gives us a really important message about how everything is possible when we believe it is. A true lesson about hilarity, joy for life and self confidence.

---

### **Kristina says**

So cute! Especially the ending :)

---

### **Brenda says**

My father-in-law quotes this book regularly, so I had to re-read it to know when.

We will read this aloud to my son when he's just a bit older. It's fun. I can't stop thinking of Helena Bonham Carter as the Queen. She was well cast.

---

### **Cierra Taylor says**

I Love this book so much. This is probably my favorite story. This story is about a girl named Alice who falls down down down the rabbit hole. And she is awaken in this new world, wonderland. When she is in wonderland she meets many new people. Like the mad hatter who ends up being a good friend. The cheshire cat, Alice has a love hate relationship with him. The Queen of Hearts, who tries to kill Alice not once but several times. And then there is the caterpillar who pushes Alice to become her true self.

### **Rissa Flores says**

Film novelization of Tim Burton's 2010 film, Alice in Wonderland.

I absolutely loved the film...and I loved this novelization!

---

### **Morgana says**

"Tutti i migliori sono matti."

Buonviaggiarrivederci ?

---

### **Erika says**

It was awesome like the movie

---

### **Shaina says**

Replace review that has gone missing.

### **A. Musquiz says**

I was really in the mood for a fun fantasy read and this one was perfect! It was the movie version of the story but I still really loved it and it was a fast book to read as well!

---

### **Mandi says**

Because I love 'Alice in Wonderland' by Lewis Carroll and since Tim Burton's 'Alice in Wonderland' is coming out soon, I couldn't resist buying this book. I had hoped it would be very entertaining, and I was right. It is much different than Lewis Carroll's version. It is original and exciting. I don't want to give away details, it might ruin it for anyone who wants to read it. I will say this though...if you are on the fence about reading it, go for it. I did and was not disappointed. I still can't wait for the movie.

---

### **Aaron says**

This was a wonderful book. I am very excited about the movie and if the movie is anything like the book (which it more than likely will be) is going to be awesome. All the characters were fantastical but human enough you felt for them and you connected with them. I really enjoyed learning more of the back story to

some of the wonderlands characters.

---

### **Jonathan Ferrara says**

This version of Alice in Wonderland was written based off the screenplay written by Linda Wolverton on the film directed by Tim Burton's remake of the original story. There were somewhat of mixed reviews on this film. First off, the movie did fantastic, being Tim Burton's highest grossing film receiving a total of 1.2 billion worldwide. The film did so well that it became the inspiration to Walt Disney Pictures revision of some of their classic animated tales transpiring into live-action films. Some of these include: Maleficent, Cinderella, the upcoming Beauty and the Beast and Through the Looking Glass (sequel to Alice in Wonder). However, this story did generate mixed reviews. I, however, thought the film was fantastic. The visuals were absolutely breathtaking. The storyline was intriguing. I think that if Lewis Carroll were to have written the original Alice in Wonderland today, the story would have been something similar to what we witnessed on the silver screen. It was definitely a fresh take on the classic tale, introducing a new generation to fall in love with the characters we all know and love. The movie was a little morbid at times, which I thought was great and did the story justice, however, I can see how some parents would have not have liked to take some of their younger children to go see.

#### **Read February 2014**

A very fun & quick read!

I'm a big fan of the original story by Lewis Carroll, the Disney childrens movie and the Tim Burton movie so this was perfect for me!

It's pretty much the same story as the Tim Burton movie, so if you liked that and are in the mood for that story I would recommend reading this book. (but if you didn't like that movie (and/or the original Alice's Adventures in Wonderland) you might want to skip it..)

### **Elaine Carass says**

I loved this book almost as much as the film.

Even tho I watched the film first I still managed to create my own images for all the characters and in my mind they were darker.

I found that the book give the story of the film that little more depth and more time to get to know the characters and follow there devolpments with each other better.

I also got a better idea of the dark world of underland and again found it easy to picture how I tought it was.

This book was the perfect companion to the film and I enjoyed both
