## Ascension Nicholas Bella

Théoden: Tonight, I have to make one of the hardest decisions of my life. I have to choose which two of my children to send off with my Sire, my King, Ara. As you know, I don't like to share what belongs to me, but I can't deny my King what he's commanded of me. The highlight of my evening, however, will be my ascension to Prince of the City. I'm expected to announce my own decree at tonight's ceremony and I can't wait. The citizen of the Kingdom of Ara WILL respect my rule... or else.

Noel: I got a break last night when Théoden allowed his sons some free time. But Tonight is going to be no walk in the park for me. Marco is all business and he doesn't take his job of training me lightly. I'm still trying to figure out what I can and can't do around him, the cruel, sadistic bastard is so unpredictable. One thing is for certain, I want to learn what it means to be a vampire. I don't want to be ruled by my nature... I want to control it.

Warning: This serial contains strong adult content not meant for sensitive eyes. The novelettes in this serial will be filled with dark, twisted, raunchy and steamy scenes between powerful, sexy men that will either offend you or get ya revved up. This series will not be pulling any punches, and it won't apologize for hurting your feelings, either. You'll find no fluff and ruffles here. The vampires are not misunderstood, hopeless romantics looking for love. The werewolves are not cute and cuddly and the dragons aren't the ones from your childhood. This is NOT a romance. There are approximately 24,800 words in this novelette.

### Daria says

~~Gifted by the Author and rated by me 4.5 stars~~

Nicholas is fast becoming an Author that delivers, his talent to feed you what you hunger for is amazing. He has his own style and it draws and keeps you entertained. This is the second book in Season 2, these are NOT stand-alones quick and to its gritty point. It will have you fanning your face and excited for his next book. Im still about Theoden he just has a rawr factor, arrogant but has earned his bragging rights. In this one we follow his rise to being the Prince of the City in control of his Kings kingdom while Ara is away. Theoden was in his element as he took his place and setting down his edict.

Theoden wasn't the happiest at his Sires decree about sending a few of his boys with him, but as he has no choice, Theo also knows his boys will shine.

Noel is fast becoming the perfect pet, he has moments when humanity rears its head. The bottom line is he wants to learn about his new life and new family. Theoden sends him out with Marco.. And damn I cant figure if Marco is evil incarnate or does he just not like Noel. Marco if vicious in his thoughts as well as his deeds, he is Theodens right hand and he glories in that position.

The Kingdom of Ara will be a hectic crazy place for a while, the King has decreed that each of the vampires sire a child of their own, that didn't make either Theoden or Noel happy. Another side mission is to find and turn a rebel hybrid.

All in all another remarkable read, I loved it. Thank you Nicholas... I do recommend this book but start with season 1 book 1 it will be well worth your time. Enjoy

Five Amazing Stars

King Ara's Celebration

Master Theoden was asked to give two my son in order for the King ra's crowning. Another exciting adventure through the life of these Vampires!

Theoden awakened. He had slept with King Ara who was one of the strongest of us all. He was due to take over a new area to live and rule. To have his own kingdom. Theoden kingdom was called New Haven.

Theoden task was to now get in children organised in order for the ceremony!!

I absolutely loved this most exciting, erotic and sexual book. I loved all the fabulous, energetic characters so much. it was simply one of my favourite stories yet!!

\* I recommend this book to everyone!!

### **JustJen "Miss Conduct" says**

**4.5 star** review by The Blogger Girls.

You have to love when a series just continues to give you what you love, over and over again. We are now into Season Two, showing more and more of the goings on with the vampires, their hierarchy and world. As much as I loved seeing the goings on inside House of Théoden, I am really loving seeing how they do things in the grand scheme of things.

Here, the big event is King Ara's crowning of Théoden as the new Prince of the City. He will now rule over the territories as King Ara takes half of the other Lords and a few others off to conquer a new territory in Europe. This story sets the stage for change, both for Théoden, as well as Noel. Théoden appoints his sons as Generals, above the other Lords setting the new chain of command. Everyone is still under strict rule to sire two new vampires, and the hunt for Dante, the wolf-hybrid, are made top priorities.

As for Noel, he is now officially at the hands of Marco, who is to train him as an enforcer and to hone his vampire skills. Unfortunately, Noel is sadly mistaken in his belief that his embracing will put him on a level playing field with his brothers. He learns more about Marco and his past, along with his connection to Théoden, which only reinforces his position over Noel, who is still learning to control his new powers. He is getting there, but he still has a ways to go.

It feels as though this world is just beginning to flourish. We are really getting to know the players now, and the events are really getting interesting. Oh, you still have oodles of hot, gritty sex and edgy dialog with a seriously pleasurable lack of fluff. But, this story is really beginning to take shape and is doing so in an exciting and colorful manner. No doubt, Nicholas is a fabulous storyteller with a real skill at world building. I'm super excited to see what happens as each new element is added. We have had a taste of the dragons (more, please!) and hints of run ins with the wolves. The addition of Dante should be quite the show, and I'm more than ready to see more of Théoden in action. Bring on the next segment!

### **LOLA says**

Awesome series. So hot. Nice and gritty.  
Not for the faint of heart.

---

### **Darlene says**

OMG And JUST WHEN YOU THOUGHT THE HOUSE COULDNT GET BETTER!!  
I received an ARC of this FANG-TASTIC book from the author Nicholas Bella. In exchange for an honest

opinion. This is Mismousey's very honest opinion of his book ASCENSION (HOUSE OF THEODEN #2) . Having followed this amazing series from the beginning- Until this second book in season 2 book 2. I have to tell each of you that this author only gets better with each book.

Nicholas Bella takes his paranormal beyond the limits where no one has reached before. You are taken into the dark and romantic side of the vampire life

In this amazing book. We are taken to the Ascension to the throne of Prince which Theoden is be given the title of. His sire chose him over all his brothers - and they are very jealous of him.

Once his sire has made the announcement to his children. Theoden does to his sons and speaks to them. It is at this time that he tells them that they will each have to sire a child within a week's time. Also he is making them his Generals-not only that but he is going to embrace his youngest son. Also 2 of his sons are going to help the King in his army.

Noel is to go with his brother Marco for further training and to purchase clothing that night. They are all looking for a man by the name of Dante. Plus they have a child to find and to embrace.

Marco is mad at Noel -very mad at him and he has plans for him later that night when they get home.

Now this is a fang-tastic dark erotic story which has been following the new vampire Noel life. It has a lot of twist and turns in it. To find out what happens to Noel- and his brothers along with the night of the crowning. You are going to need to read this story. Due to content of this terrific story - I recommend it to ADULTS OVER 18 AND THOSE WHO LIKE DARK ROMANCE PARANORMAL.

Mismousey gives this a firm rating of 60 out 5 stars. I am looking for to reading the 3rd book in the Second Season of the House of Theoden.

Nicholas Bella you are an amazing writer and I truly love to your books. It has been a pleasure and an honor to read and review for you.

**AGandyGirl says**

**4,5 stars**

**OK, so this is the first one I have lowered a rating on during my reread. Not that this is bad necessarily but knowing which episodes came later that a far better, I need to lower this one slightly. Amazing developments and Marco and Noel's banter and sexual escapades are priceless. :D**

*“Blood of my blood, I bestow upon you my power and authority to rule, under the decree of the Kingdom of Ara, this territory. To defend it at all cost from all enemies. To continue to cultivate it and keep it prosperous. Do you accept the title and duty of the Prince of the City? To honor it with your life?”*

\*\*\*

**Original Rating: 5 Stars**

**Easily my favorite of the books thus far. The plot and character growth is so brilliant...I'm even liking Marco more (yikes, did I say that out loud??) And I cannot get enough of Theoden...what a hot fucking bastard.**

### **Anne says**

Call me an addict, but I am greedily waiting for every new book by Nicholas Bella by now!

After the warming up in season one, the first book in the second season shows an other side than the "playful" one behind the closed doors of the House of Theoden.

There really is a change now, and it's great! You really get caught in this new world Nicholas Bella creates and if I could stay there I definitely would!

Noel really has changed and accepted his new fate and role in his new family. That he tries everything to learn about his new powers from his big brother to control himself...awesome. He doesn't accept and changes out of desperation , he seems kind of proud but still is a little confused how to react in some situations. He wants to but has the feeling to betray himself and his past but also Theoden, when he acts to eager. He hasn't found this Balance yet

But Marco...I couldn't get to him that close in the first few books, but now to see his "other" side, a (sometimes) patient and willing to teach him and additionally to learn how he was embraced... It really left me impressed and stunned. And I love his kinky side!!! The humor within their dialogs and the sarcasm...I couldn't help myself sometimes and had to laugh out loud...these two really are a match.

I am more than curious for the next books now. There is so much more potential for so many more books now...my mind and fantasy are going crazy..And not just with the kinky hot sexy stuff!!

Please let the next installment be released soon!

### **K says**

4.5 Stars

For those of us enraptured with Nicholas Bella's paranormal series, Season 2, Book 2 titled **Ascension**, picks up where we left off in **Commanded**. This installment is about Théoden and his coronation making him Prince of the city. As we learned in the last book, Ara the King will be leaving to take over more properties and will appoint Théoden to rule in his place.

The night is going to be busy with many changes taking place. After the brothers wake and everyone enjoys their share of cream of wheat for breakfast, or better known as cum in the vampire world, Théoden advises them of the new changes taking place. Noel is a little confused as to, how and if, any of these new changes will be affecting him.

Marco is in charge of training Noel and shopping for new clothes. Noel is under the assumption (and we know what happens when you assume) that now that he is *embraced* he would be an equal brother. Marco is

shredding that theory to pieces. He continues to be the bastard we all know and love except, I don't think Noel is loving him too much right now.

He is quickly learning the ways of the vampires with fighting and feeding since their time for training has been cut short. Marco is going to be a brutal teacher and Noel will have to learn to curb his attitude or pay, dearly.

As midnight rolls around, all the vampires in the kingdom

have gathered at the King's command. As the coronation gets underway Théoden takes his rightful place at the throne. As the Prince of the city he has a few decrees of his own he expects everyone to follow. And...if they don't, there will be hell to pay. But priorities come first...feast and fuck.:)

If you love this series for the wild, no holds barred sex, you will get it. If you love this series for the plot, the take no prisoners dialogue, you will get that, too. Nicholas, cleverly, gives us a little of everything including throwing in a little bit of mystery and suspense as they search for Dante, the wolf hybrid. I am really looking forward to see what he brings to the story and especially the House of Théoden. Will the Prince get his wolf-man? My money is on Théoden.

Each installment shows the author's originality and imagination. Nicholas doesn't hold back and continues to break the mold with his storytelling. I can't wait to see what the future holds for Noel and Théoden and my curiosity is really peaked for Dante. Up next is **Negotiations**. Could that mean what I think that means? Heh, I guess I have to wait and see.

\* I received a copy of this book in exchange for an honest review through  
<https://mmgoodbookreviews.wordpress.com> \*

### **Lisa says**

Theoden becomes Prince and many changes are happening. Nicholas delivers as always with an exciting and addictive read. Even more enticing is the tease and promise of so much more!

Noel is learning more about the world and family he belongs to. The history of his brothers is amazing.

\*\* Must read in order\*\*

---

### **Elsbeth says**

Marco the eldest son of *the House of Théoden* is ordered to train Noel in being a general.

I guess his patience only lasted so long between intervals of him needing to be an asshole.

~~ Noel about Marco

my review of Series II

---

### **Michele Evans says**

#### **Unable to put down**

These books are addicting...I gobble them up. They are twisted and vulgar and not for those who read of rainbows and unicorns. Theoden has been crowned prince while king Ara moves on to conquer more land.

---

### **Kathy Morris says**

As usual this book picks up where we left off in Commanded. It has to do with Théoden and his coronation making him Prince of the city. He will rule in place of King Ara while he's gone.

Théoden has to tell his sons what is going on and his plans for them. Noel is confused by the whole thing and is uncertain what his role in this is and what the new changes will mean to him. He has been told he has to sire a child. He doesn't want to bring an innocent human into this world of death, sex and violence but he knows he has no choice. He hopes at least he has a choice in who he sires. He was still in training and had minimal knowledge of being a vampire. How was he going to sire a child and teach them when he was still learning himself. He had two weeks to meet, embrace, and train a human.

Marco is in charge of training Noel. He wants to make sure Noel has all the skills he needs to survive. Like fighting skills, among other things. It's nice that we get to learn a little bit about Marco's past. It helps to understand him but he's still very unpredictable. Marco is going to be a brutal teacher and Noel will have to learn to curb his attitude or pay the price.

At midnight all the vampires in the kingdom gathered at the King's command. After the coronation begins Théoden takes his place on his throne. After the King announces Théoden, Prince of the city, Théoden gave his own decrees. After that the entertainment commences.

Again Nicholas has proved his worth. He has given us mystery, suspense, originality and imagination. I couldn't get enough of this book. Amazing, awesome and irresistible. Can't wait for Negotiation to come out. A must read.

---
