From Reader Review Seduced Under the Mistletoe: 16 Passionate Historical Romances Christmas Anthology Boxed Set for online ebook

Cheryl says

What a line up of excellent authors in this set of novellas. I have only read four so far but enjoyed them all.
The Night Before Scandal 5*

I loved the character of Alexandra, she had a scientific mind and loved experimenting. She was forward thinking for a lady of her time. Harry was equally a likeable character. They are found together in a scandalous position. But will Alexandra marry him, she wants a love match. A very entertaining read.

A Wicked Winter Wish 4*

This was hot but it was also so much more. The story revolves around truth and forgiveness. One to make you think about these attributes.

The Marriage Game. 4*

This involves Sarah and David, Sarah has spent much of her time with David's family, so they know each other fairly well. However an incident on Christmas Day leaves Sarah with much to think about concerning David. When a marriage has been arranged for her, will Sarah accept her father's wishes? This is a lighthearted but spicy read that I enjoyed.

Wicked Deeds on a Winter's Night 5*

Oh I loved this story of Primrose and Gabriel! It had it all, passionate romance, heartbreaking moments and uppity relations. Primrose was the governess and not thought suitable for a second son of an earl, Gabriel. They were such engaging characters and I enjoyed the connection between the two of them.

I'm looking forward to reading the other stories.

Kathryn Bullivant says

Mixed

A mixed bag of historical Christmas novellas. Some more erotic than others. I originally bought this for the novella by Nicola Davidson, which I really enjoyed.

I enjoyed the majority of the stories, and have discovered some new must read authors!

Kelly The Sassy Book Lover says

My Lady of Misrule by Amy Rose Bennett

Have your fan ready with this one. That spark had been hidden deep in both of them until a conversation and kiss under the mistletoe ignited it. They were made for each other and didn't know it. They had many interesting lessons that made their feelings strong and known. I loved how they didn't play games and understood each other. I wasn't expecting him to pop up during the show, but that just brought them together.

Minerva was sparked by finding out her husband's secret to discover what she had been missing in the

bedroom. She never expected some of the things she saw or that she would also enjoy them. I loved the fire in her and how she didn't run and hide from anything.

Tristan had admired her from afar for years and he couldn't hold back any longer. He had no problems teaching her what she wished to learn. I liked that he liked to take control and command, but not in a way that would be a turn-off as he was still gentle.

This story does have a bit of kink in it, but nothing too far out there or anything between them that readers would be upset over (like a threesome).

Copy provided by Amy Rose Bennett for an honest and voluntary review

Lori D says

Amazing! Sixteen authors, each with a story a Holiday story that will entertain you for many hours! Strong heroes from Marquess to Dukes and the beautiful heroines fill these stories of romance, strong passions, scandals and true love.

My Lady of Misrule by Amy Rose Bennett

Be prepared for a steamy romance that will hold you captive until the end. Minerva and Tristan had known each other a long time. In fact she had been married to his best friend who had perished over two years ago. Always ready to be there for her, Tristan was surprised when she made an early call and asked to speak to him. Tristan had always hidden feelings for her and she had been attracted to him too. After she revealed the reason for her call, it seemed the air began to sizzle between them. A slow build to a romance that would ignite them as if they were meant for each other. But were they? Why did Tristan stay away when all Minerva wanted was to see him? Do not miss this story that will melt your heart as you turn the last page.

More to come!!

Monique says

Two down, and both are fantastic!

MISTLETOE MISTRESS by Nicola Davidson

Miss Rachel Lindsay, who previously had worked as a maid in an orphanage, has been politely sent to occupy the same position in a posh household. The coach trip had not been the most pleasant, but a stop at a small inn is a welcome respite for Rachel. And so, Rachel finds herself stranded in the middle of nowhere on December 24, with little hope of some transportation for the time being. Arran Elliot, the new Marquess of Kyle, was forced to stop at the same inn, his carriage having experienced some problems. Arran couldn't help but notice the fetchingly curvy miss, but his future awaits him in London, so now is not the time for sensual musings. When Arran is told that the inn only accepts married couples and families, he never expected the offer that dropped in his lap.

Nicola Davidson's erotic Regency romances are always delightful, and this naughty Regency Christmas story is no exception. Rachel is a lusty miss, and she knows that she entertains wicked thoughts, as thwacks

on the bottom by her teachers did not feel like the punishment, but left her hot and bothered. Lucky for her that it's the sort of bed play Arran prefers, and lucky for us that Ms. Davidson knows how kink should be treated and experienced. Novellas are an art form that few master, but Nicola Davidson certainly does, as she demonstrates again that a few well-chosen words can bring a character to life, that backgrounds can be established swiftly, and that misunderstandings need not clutter the narrative.

Nicola Davidson's prose is irreproachable, so light and eloquent, and the dialogues playful and flirty. Christmas at the country inn was lovely and so beautifully described, that I felt I was celebrating along with the guests. The secondary characters were also well fleshed out, and I loved Harry; what a delightful plot twist! As with every one of her novella, the end always come too quickly, I always want more, but maybe it's what makes them so perfect: Nicola Davidson has the ability to tell a whole story in a hundred pages and leave the reader satisfied, if begging for more – a notion that Arran would certainly appreciate!

WICKED DEEDS ON A WINTER NIGHT by Stacy Reid

The man she loved had made it home for Christmas! Ever since he had left for the Crimean War, Miss Primrose Markham had waited for Gabriel Northcote's return, and there he was. He had said they would marry, but was it foolish for a simple governess to hope to wed the second of the Earl who employed her? Nothing seemed to have changed between Gabriel and Primrose until Gabriel's mother announces that she has found the perfect bride for her son: Lady Beatrice.

What a fantastic story! Stacy Reid has crammed effortlessly a whole novel within the pages of this enchanting novella: superbly defined characters, solid backstories, wonderfully evocative descriptions of a Victorian Christmas, and all this told with stylish elegance. The naughty bits are sensual and lovely and inserted in the narrative at the right place and time. Gabriel and Primrose are both very engaging characters: he is a man of his word; principled and true; she is my very definition of the ideal historical heroine. Primrose has a good head on her shoulders, behaves rationally; and she is strong and proud.

There were more hurdles and dramatic events than I would have expected, all very realistic, and Ms. Reid handled every challenge with aplomb. I was completely absorbed in the story, and my heart broke at one point, because I could not see how our couple would get their happily ever after. The writing is gorgeous and always in tune with the era, the story flows smoothly and runs the gamut of emotions; this novella is absolutely flawless!

Review copies were graciously provided by Ms. Davidson and Ms. Reid, without incentive or pressure to read and review favourably. All thoughts and opinions are my own.

Lana Birky says

THE NIGHT BEFORE SCANDAL BY SCARLETT SCOTT -I really enjoyed this story - it was short but there was so much packed into the pages & you really did have time to get to know Harry & Alexandra. They fell in love at first sight (unbeknownst to them) but they soon realized the magnetism between themselves & it was a good thing since he compromised her & they were being semi-forced into marriage. I loved the delightful descriptions Scarlett does of the Christmas snowy weather, skating, holly bushes &

caroling as it does get you in the Christmas mood - along with a heated romantic meeting between Harry & Alexandra. I hope the other stories in *Seduced Under the Mistletoe* are as good as this one!

DUKE OF CHRISTMAS BY ELLIE ST. CLAIR - Marie has been betrothed to Lionel, Duke of Ware since she was a small child. He has avoided her for several years but now seems to be interested in gaining her attention. Over the years, Marie has heard rumors about Lionel's questionable behavior & being the strong, opinionated lady she is, she confronts him about his actions. I love the humor & witty bantering between Marie & Lionel, his Mother was beyond all that is wicked for trying to keep them apart but in the end they do find their HEA. This is a really fun & entertaining read & I highly recommend it!

THE GENTLEMAN'S SEDUCTION BY LAUREN SMITH - Martin Banks' family was thrown out of their home 11 years ago by Edwin Hartwell, their evil landlord. Now, Martin has beaten Hartwell in a card game & Hartwell cannot pay him. Now, close to Christmas, Martin will get his revenge & financially ruin Hartwell but something goes wrong or maybe something goes right for Martin as Livvy, Hartwell's daughter, offers herself to clear her father's debt. Martin accepts this proposition but soon regrets it as it was turning into a seduction of an innocent. How did retribution turn into seduction? Martin refuses to let himself fall in love & Livvy has already fallen in love with him - can he find a way past the revenge & hate? This was a good, heartwarming, holiday read!

Shell Cunliffe says

When Rachel is literally left behind at The Queens Inn, she has no choice but to find away of staying for the night and with not much money, she has resolved herself to fact she might have to walk to her destination...but with the weather being atrocious and no warm cloak, this could end badly for Rachel...but luckily for her Arran Elliott also has to make a stop.

Oh my the chemistry between Arran and Rachel was instant and when they have to pretend to be married, because the Inn keeper's wife only allows married couples staying, well let me put it this way they didn't need a fire, Arran and Rachel set the room on fire, obviously not literally on fire...but you get the idea.

Overall this was a brilliant book and I just loved that Ms Davidson had a heroine who was curvaceous and that the hero absolutely loved those curves.

I will give this a definite 5/5 stars.

Victoria Vale says

A sumptuous collection of holiday themed romances ... and super steamy just the way I like them. The whole collection was enjoyable but my favorites were:

Duke of Christmas by Ellie St. Clair

A Christmas Masquerade by Vanessa Brooks

Mistletoe Mistress by Nicola Davidson

My Lady of Misrule by Amy Rose Bennett

The Marriage Game by Gracie Malling

Wicked Deeds on a Wicked Night by Stacy Reid
Master of the Moor by Emmanuelle de Maupassant

Jennifer says

With her signature seductive writing Amy Rose Bennett takes readers on a wonderful holiday fling full of racy interludes and unexpected love in *My Lady of Misrule*. Sir Tristan King brings a wickedly appealing hero to the pages that is well matched with the hidden gem of Minerva Lady Harlow. Their mutual attraction and ensuing sparks were well written by Ms. Bennett who did an excellent job of blending history, adventure, sensuality and yearning.

Amy Rose Bennett's *My Lady of Misrule* is the perfect way to ring in the holidays and keep deliciously warm!

I was given an advanced copy. All opinions expressed are my own.

This work can be read as a stand alone.

*This work has been included in the *Seduced Under the Mistletoe Box Set*."

This work is a novella.

Elaine says

When I saw that some of my favorite authors had steamy and romantic Christmas stories in one volume, I rushed out to purchase it. So far I have only read *Master of the Moor* by Emmanuelle de Maupassant and it is worth the purchase by itself. Prepare to be transported back to Victorian England on the infamous moors, full of atmosphere, legends, mystery, passion and so much romance. I love that Emmanuelle writes about strong, independent and experienced women who have learned that women in that era had few resources at their disposal. If a woman wanted to be economically independent and gain a title, she had to use her sex and beauty to attract titled men. Genevieve is a great heroine: widowed, beautiful, sensuous, intelligent and confident in her plan to snare a young heir and keep her beloved estate. But she did not expect to run into the heir's suspicious and wary uncle, Master Benedict. They cannot deny the sexual and romantic attraction they feel but both of them have too much baggage to jump in. The book builds up a maddening sexual attraction until the very beautiful, romantic ending on the windswept moors.

I cannot wait to start the books by some of my other favorites Emily Murdoch and Ashe Barker, and to discover some new favorites in the 16 holiday tales. Well worth your time and investment!

Janet says

An anthology of sixteen novellas I'll be dipping into this for some time.

Mistletoe Mistress by Nicola Davidson

Rachel Lindsay is travelling by stagecoach to a new post as a maid when she is tricked into missing it's departure. Arran Elliott Marquis of Kyle is travelling to London to finalise an arranged marriage when the axle breaks on his unmarked coach. The pair find themselves at an inn that won't entertain single people. So

there's only one thing to do! What starts out as the way to get a room turns into a night of passion, if need warming up then this will certainly do that.

Rachel's been brought up in a foundling home & dislikes the aristocracy, Aaron wasn't meant to be a marquis & would rather just farm his lands. They both have secrets however their attraction is strong & sizzles but they also like each other. The road to their HEA isn't smooth but it's so hot & heart warming. This is only a novella but the author always manages to have well developed characters (!!) & a good story

The Night before Scandal by Scarlett Scott

Lord Harry Marlow MP is on his way to his brother Spencer's country estate Boswell House for Christmas when his coach suffered a broken axle at the edge of the estate, whilst waiting for a replacement coach he encounters Mr Danvers who is in fact Lady Alexandra Danvers wearing her brother's clothes whilst she studies the weather, they travel to the house, Harry steals a kiss which is witnessed by most of the house party guests who were going to go skating. Of course Harry needs to honourable thing but Alex's brother Julian asks him to court Alex.

A novella that packs a good story & strong characters in a small number of pages. I read it in a sitting & was engrossed from beginning to end. Neither Harry nor Alex want to marry but their attraction is strong but they also talk & as well as falling in love they become friends.

Wicked Deeds on a Winter Night by Stacy Reid

Primrose Markham, a baronet's daughter is governess to Annabelle Northcote daughter of the Earl of Fairclough. Primrose is overjoyed when Captain Gabriel Northcote returns home after being away for two years fighting in the Crimean War. Gabriel & Primrose had fallen in love before he left & time hasn't changed their feelings & now they plan to marry only to meet with hostility from his family.

Another novella that packs so much into a short read, well written, great characters & well paced. As well as being so hot that my kindle nearly melted it's also a love story that melts your heart

I just love anthologies & this one is a real treat. There are so many authors contributing. Some are must read authors others are new to me. I've not read all of the stories yet but the ones I've read so far have been short but engrossing ideal for warming you up in winter when there's a couple of spare hours. They are HOT but also are lovely stories too.

Dee says

Heat for the Holidays!

Yuletide Yielding by Ashe Barker

Professionally written and completely captivating, "Yuletide Yielding" brings the Viking Holiday season to life with vivid imagery as well as heart pounding suspense. The story flows seamlessly building upon the relationship between a completely endearing heroine and one hot, dominant Viking who is compelled to fulfill an obligation rather than follow his heart. The scheming, treachery and deception of a malicious Viking bride-to-be further elevates the plot intensity, prompting the perfect resolution to an exciting as well as engaging story-line. "Yuletide Yielding" alone is well worth the cost of the entire anthology!

Her Mistletoe Promise by Jaye Peaches

"Her Mistletoe Promise" is another engaging, professionally written story featuring two enjoyable

protagonists and their burgeoning relationship during the twelve days of Christmas. The story-line offers a welcome twist on the typical regency romance, highlighting a young seductress with a soiled reputation daring to seduce a disgraced British officer. The descriptive narrative brings the regency era to life through vivid depictions, a touch of humor, explosive chemistry and sweet romance. The protagonists journey from lust to love is supported by endearing secondary characters who are both heartwarming and colorful. “Her Mistletoe Promise” is erotic regency era romance at its best!

Disclaimer: Children 18+ due to explicit sexual content and depictions of domestic discipline. No Kindles were seriously harmed while reading this novel.

Disclaimer for the Disclaimer... The term “seriously harmed” is not intended to include: overheating, scorch marks, minor melting or inconsequential fire that can be put out with an extinguisher. RATING DETAILS FOR BOTH STORIES (Based on 1 to 5 Gold Stars):

Steam Factor: 5 Dominant Stars

Writing Style: 5 Professional Stars

Plot: 5 Captivating Stars

Engaging Characters: 5 Heartfelt Stars

Satisfying Conclusion: 5 Satisfactory Stars

Sherilee Gray says

Mistletoe Mistress by Nicola Davidson was an absolute delight. Arran and Rachel together sizzled off the page...then set it on fire *fans self* Arran thought he had his future all mapped out, until Rachel, with her lush curves and innocent frankness, save them both from the tight spot they'd found themselves in. He's drawn to Rachel immediately, she fascinates him and it doesn't take long for him to realize she's the submissive of his dreams. For Rachel, Arran is the kind of man she never thought she'd find, a man who can give her exactly what she's been longing for, who understands her wants and desires. Um...did I say hot? SO MUCH HOTNESS! They were perfect together and watching them fall for each other was a pleasure I plan on repeating! This one is going straight into the reread file!

Maggie Whitworth says

Excellent compilation of stories, all pretty steamy , all really , really good , and by some great authors . Don't miss this one x

Joann Herley says

Seduced Under the Mistletoe is a wonderful collection of stories. My favorite is Master of the Moor by Emmanuelle de Maupassant. She has woven a tale that is full of secrets, mystery, and a few very delightful surprises. The relationship between Lord Mallon and Genevieve was like watching a chess game. Each move

was measured and outwitted by the next move.
