## **Boss Me, Alpha** Sylvia Fox

My new boss is Manhattan's Most Eligible Bachelor. Yes, that's a title he actually won.

He's tall, dark, handsome, and the bulge in his pants is impossible to ignore. A bulge that happens to grow every time he sees me at work.

Problem is, I'm his nanny, and according to him, that means I'm off-limits.

But that doesn't stop his hands from wandering when we find ourselves alone in his penthouse...

**Tell me what you want from me, Boss. And I'll be your Employee of the Year.**

## **From Reader Review Boss Me, Alpha for online ebook**

### **Kl says**

This book started out great! It had fantastic potential. I gave it three stars because wow! It just ended abruptly. If there had been at least another chapter or two it would have gotten 5 stars.

She becomes a nanny to a recluse. One week later she loses her virginity. Immediately after he kicks her out and fires her. The next day he changes his mind finds her (apartment already packed) and asks her to be his. I needed a little more story between virginity, kick out and mine.

---

### **Sharon says**

#### **Instalove**

Billionaire Alpha and submissive chick fall in love and live happily ever after. She was really good for him. Her personality went well with his.

---

### **Karin says**

3.5 ??

I honestly am not sure how I feel about this book. I do like Sylvia Fox books but, take out the nanny and the twins and you have 50 shades. Just a quicker, condensed version.

Other than the very close similarities I did like the book. I found Lily to be so sweet and Christopher had a arrogance that I enjoy reading about in my heroes but, I wish Lily hadn't been so forgiving and made him sweat it out a bit more in the end.

I also wish there was an epilogue but, since this is supposed to be a series I can see why it was omitted.

I voluntarily reviewed a arc of this book

---

### **Jessica says**

This was a fast paced, alright read. There was a small drama, but was resolved quickly. Nothing spectacular really happened to keep my attention.

---

### **Betsy :D says**

Short read wanted more!

---

### **C says**

2.5/5

Safe read

-mild sub/Dom themed  
-H sounded like a man whore, one and done type of thing  
-h not a virgin  
-no OW Drama  
-alpha  
-open ended ending..... no "I love you'd" or even "I really like you"  
-No epilogue  
Blah

### **Maria Di Pasqua says**

What can I say? This book was so captivating that I read it in one breath. I have the feeling that this series is going to be a success. The characters are fascinating and the story is simply enchanting. I lived in first person every single situation and when Christopher admired with hungry eyes the nanny, I felt those hungry eyes on me and the tension started to build up. A very fast paced book with a naughty scene; I definitely recommend it.

---

### **Marianne says**

Not what I expected but it was cute.

---

### **Samantha says**

Really oddly paced book. Needed an epilogue or a sequel.

---

### **✿Penny says**

### **1.5 Stars**

---

### **Sabrina Gabriel says**

**Love these stories**

Omg!! Chris was amazing such a dominant jump to conclusions alpha..i loved the fact he could right his wrongs even apologize amazing read..5 star

---

### **Dani Dearing says**

#### **Omg**

Is this the script for Fifty Shades Blacker, the parody to Fifty Shades Darker? It seriously sounded like a Wayans Brothers mash up. So cheesy. After a while I started imagining Christopher with Christian Bales Batman voice, it helped me to make it the rest of the way through that train wreck.

---

### **Serena Shay says**

I liked the book up until the end - pretty quick resolution. I will try the next book. I'm hoping for the best.

\*\*3.5 Stars\*\*

Lily needs money and that's the only reason she's applying for this nanny position. She knows within minutes she's out of her league and is just wasting not only her time, but also that of the gorgeous man interviewing her. Unfortunately, even with her recent degree in education, the competition for teachers is fierce.

Christopher knows Lily seems lacking resume wise, but in person, that is certainly not the case, and he's not just talking about her sexy body. She actually seems interested in the children, his three-year-old twin nieces, and not him or his money. In fact, she appears to not even know who he is.

Christopher quickly sees Lily is perfect for the job, which is great news for his nieces. However, it's not for him personally as she's now officially off-limits. Before long, Christopher and Lily are fighting the chemistry that sizzles whenever they're near one another. Though Christopher tries to resist her, as the girls adore her already and he doesn't want them to lose her.

Will Christopher take a chance and explore what's growing between them? How will Lily react when she learns of his secret room? Will she run screaming or scream in ecstasy instead? Can Christopher learn to loosen the barrier he keeps around his emotions? Will she risk the job, the girls, she's grown to love if things don't work out between her and her boss? What happens when Christopher believes Lily is just like every other woman? Will he believe her? Can she forgive him? Is there a HEA for these two?

One-click now and follow along as two people embark on a journey toward a love that will fill even the loneliest of hearts.

On a purely personal note, Christopher comes off a little manwhorish, he can have any woman he wants, and they all seem to want him, he indulges any chance he gets, etc. and I really wish that wouldn't have been the case. That is not an attractive trait and upon learning that my investment in him as part of a loyal couple automatically lessens, factor in any references to said past and it continues dropping. Also, the whole "secret room" while it sounds sexy in theory, what woman would want to go in there, knowing the man she's in love with has previously had sex with other women in there, not to mention then using the same equipment he did with them? I don't care for that and it knocked my rating down some. I know this was a novella, but the connection between this couple seemed more lust based than love. I do like that we got Christopher's point of view though.
