## **A lover like no other**

The last thing Harold Wyatt, Earl of Hartley, needs is a beguiling stranger dropping in, claiming she's a fairy. As he hides her away from prying eyes, Harry's last hope to save his home hinges on believing the unbelievable.

The middle daughter of Mab, queen of the fairy realm, Sorcha has been sent to retrieve the Dearann Stone, which will restore peace to her divided kingdom. But her dangerous attraction to the handsome nonbeliever with the fairy-green eyes puts her mission at risk. Failure means casting her people into everlasting winter, but the penalty for yielding her heart to a human is harsher still.

### Kathy says

Harold - 8th earl of something... great grandson of a mortal and a faery... Sorcha - daughter of faery queen Mab... with a gift of teaching and hearing the stones (the gifts)...

Sorcha is sent to the mortal world to retrieve the stone that harold's great grandfather brought with him... and she finds a man who ruthlessly denies any faery sense, desperately trying to reestablish his home and wealth for his descendents... whose parents and grandparents tried to recreate faery with an enclosed garden and painted murals in the great halls...

and they love... and he explains he must stay in this world to protect his family... and they fight the bad faery who wants the stone, and they win... and her mother provides the wealth his family needs, so that he can live where he is free and happy, and with Sorcha - raising horses, loving his children, and loving Sorcha...

Very touching scenes with his neice, Lily, with Down Syndrome - a child honored and loved by the faery for their joy - and the horse that is knighted to protect her, etc. hmmm

I'm working on research about romance novels, and so far this book doesn't fit the typical formula, except that you know it's going to end happily for the couples. The key difference between this and others I've read so far is that usually to be classed as a romance, the romantic relationship that develops between the two main characters has to be unquestionably the primary storyline. This book, though, has a plot that competes with the romantic storyline.

Update: Yes, I'm still not sure whether to actually class it as a romance or not. The plot competes with the development of the couple's relationship, and though she initially lives with him, they ultimately live in her world, which is very non-traditional in romances.

It does have the love/hate relationship, but it doesn't tease with sex the way others do.

In general, the writing is very annoying. The author tries to give the faerie characters an accent, but writing accents is problematic for the best of writers, and Korbel's characters end up reading like douchebags.

When i saw that they now have a "Paranormal" theme to the romance novels, i grabbed this one for a test-drive.

Blech.

It was almost like a Laurell K. Hamilton wannabe.

My only question is, for being a Romance novel- where was the smut? i thought these books were written to get women all tingly...

Pembaca senang mengetahui Sorcha, walau berhati lembut, ternyata lebih memiliki keberanian dari pada kakaknya.

Dan senang mengetahui Harry merasa 'seandainya' adalah sesuatu yang tidak berguna.

Ceritanya lebih bagus ketimbang cerita Zeke & Nuala di buku pertama. Semoga aja, cerita di buku ketiga tentang Orla & Liam gak anti klimaks yeee.

Buku ke dua ini, bikin saya makin jatuh cinta ama Inggris. Well, daerah Yorkshire nya Inggris gitu lho... emang bukan daerahnya Manchester sih, hehe. Tapi tetep aja... kayanya malah lebih cantik daerah pedesaan Yorkshire deh... Secara, Manchester dan sekitarnya kan daerah industri...

Anyway, back to the story... Sorcha, putri kedua Mab dari klan peri Tuatha dapet tugas khusus dari ibundanya untuk membawa kembali batu Dearran yang udah lama hilang. Pergilah Sorcha menembus gerbang peri ke dunia fana. Ternyata gerbang itu membawa Sorcha ke daerah Yorkshire Inggris, tepatnya di tanah milik Earl Hartley ke sembilan. Yah, si Harry Wyatt itu.

Gak jauh jauh juga, ternyata batu Dearran emang ada di puri tempat tinggal Earl of Hartley itu... Kenyataannya, batu Dearran emang "dicuri" oleh peri Dubhlain Sidhe yang jatuh cinta sama Baroness

Inggris. Peri itu menikahi sang baroness, tinggal di puri Hartley dan -karena tidak bisa berpisah dengan dunia perinya- sibuk mendandani kastil Hartley sesuai dengan apa yang ada di dunia peri, dari mulai melukis pemandangan dunia peri, sampai ke kuda-kuda peri.

Tapi ternyata, gak semudah itu mencari batu Dearran karena batunya juga sudah hilang. yang ada hanya tiruannya. Di tambah lagi, ada seorang peri penguasa kejahatan yang juga berniat memiliki batu Dearran, sehingga peri ini meneror Harry dan keponakan-keponakannya dengan mimpi buruk.

Selama di puri Hartley, Sorcha dan Harry saling jatuh cinta. Buntutnya ketika batu Dearran sudah berpulang ke negeri para peri, malah Harry yang ikut Sorcha ke dunia peri... (kebalikan dari buku pertama, di mana Nuala yang ikut Zeke ke dunia fana).

The starting was boring and I stopped reading it. Picked it after a few days later and forced myself to continue, but, boy, was I glad! The story picked up later and kept me interested till the end. This is my first time reading a fairy story and I enjoyed it.

giliran sorcha..putri ke 2 ratu peri yang turun ke bumi en turun ke dunia manusia mencari batu entah apa yang hilang di curi....

di dunia dia ketemu sama ce bangsawan yang lagi banyak masalah...

so far lumayan hit....tapi kadang gak suka aja ama sorcha yang kelewat lugu jadi kesannya oon banget....

trus tuangan harry si bangsawan..kenapa juga dia mesti dicertain ? ngabisin isi buku aja sama hal yang gak penting..

udah gitu di ceritain selingkuh pula...

tapi yah kalo gak gitu pembaca ntar gak bisa memaklumi si harry dan sorcha secara harry udah punya tunanga gitu loh...apa gak selingkuh itu namanya ?

again..kita jadi bisa maklumi karena harry en tunangannya bertunangan bukan karena cinta..dan si tunangan OMG gampang banget tidur sama co ( eh peri ) yang datang dari dunian nya sorcha...

rada membingunkan !!
