Garrett was at his breaking point.

There were only so many times in a week you should have to see someone you were...attracted to...infatuated with...but certainly didn't have a crush on. Doms didn't have those. Especially on a customer who probably wasn't even gay, much less a sub. Business 101—do not flirt with a client.

Wyatt was losing his mind.

Hiding his obsession was getting harder and harder. All he wanted to do was kneel in front of Garrett and call him Master. But the sexy insurance agent never seemed to see him. He only noticed the nervous, awkward insured who came in way too often.

When the two men are missing what's right in front of their faces, it might take family stepping in to point out the obvious. That they were meant for each other.

Loved it, but wished it was longer! I wanted more d/s interaction both in and out of bedroom

I'm sorry, but this didn't work for me.

Maybe cause I just came out of a really deep emotional read, and so this was really not up to the my current standard of emotionally epic.

A complimentary copy of the audio was provided in exchange for an honest review.

This is my first read by this author and it wasn't bad. I thought Wyatt was really cute and I really enjoyed how he acted in the beginning (and the rest too). The story is told from alternating POVs and when it came time to hear Wyatt's thoughts about the time he spent in Garrett's presence at the office, it was just too funny. All Wyatt wanted to do was kneel and submit, and it's the way he telegraphed his desires internally and to his best friend, I just laughed. He was so flustered and flummoxed! If he had only known that Garrett would have more than welcomed that behavior - how much time they could have saved!

Overall this was an ok story and had some good moments. I loved the relationship between these two and felt they were perfect for a each other. A match made only in fiction romance heaven. :) The narration I thought was the best part, and I don't think I would have enjoyed this story as much if I had been reading it. Sometimes it's hard to tell though, so it's possible I would have enjoyed the story equally had I read it.

Kenneth Obi is a new to me narrator as well, and I enjoyed his voice. He really was able to carry off these characters and their BDSM lifestyle. His voice for each man was distinct and I didn't wonder who was speaking. This was a well done production and I look forward to hearing this narrator again. And I wouldn't mind if that was with book 2. ;)

Narration: 4 stars

Story: 3 stars

Another HOT book by Shaw Montgomery. This book is about the Sweet Sub Wyatt who just wants to find the right Dom who knows and is ok with what he needs. And The Dom Garrett who seems to be perfect for him but just doesn't know it yet. So it takes a little bit for them to figure it out. But its a slow burn up to some really hot moments between the Dom/Sub.

The Audio is great and gives this book another dimension getting to listen and not just read the hot moments between the men. The Narrator did a good job. He is pretty good at the distinction between the two MC's voices. The only (small) complaint I have is that sometimes Garrett's voice seemed a little too high and too close to Wyatt's voice and some of the other character voices for being the gruff Dom. But overall good job by the Author and Narrator and I really cannot wait to hear the rest of this series.

This was sexy, fun, sweet, adorable at times, and kinky in others! Really enjoyed it! Wyatt and Garrett were perfect for each other, and just what the other was looking for. I loved Wyatt's nerves, his bounciness, how he needed Garrett to center him and give him that focus. I think I will like this series!

I am listening to this in audiobook and the narrator is pretty good - some of the voices are hard to discern when all 4 brothers were together, but I'm getting used to everyone.

I am listening to an audible copy given to me in exchange for an honest review.

I don't think I have expressed my love today for shy smaller submissive guys who just need to right Dom to calm them down. These guys get all my love!!

Wyatt has a very close relationship with his insurance office. That could not be avoided since he comes in at least 2 times a week to ask questions. Or it might have something to do with his crush on his insurance agent. His insurance agent who is also a Dom. And Wyatt knows he comes across as an idiot, a twitching mess at the best of times, but he has so much trouble repressing the urge to kneel whenever he sees the handsome Dom.

But Wyatt has no idea that Garrett has to constantly refrain himself from calling the restless young man boy and act more dominant around him. But since this is his client he can't just pull him over his lap to spank him. Especially since Wyatt has no idea he is a Dom, or does he?

I loved this. This was very cute. The beginning was quite entertaining with Wyatt repressing the urge to kneel and let his inner sub out and Garrett trying to be less dominant.

When these guys finally give into their real selves things go more smoothly between them and Wyatt can finally stop feeling so uncomfortable and Garrett can finally let his inner Dom come out to play.

I do have to say that this ended a bit too soon for my taste. These guys just started a relationship and I wanted that just a bit longer before I felt their story was over. But still, this was cute, sweet, and a bit kinky.

The story itself was very well written. We were introduced to Garrett one of four brothers we will have the kinky pleasure of getting to know.

This is a very different dynamic of a BDSM novel. The whole family including the parents were in the lifestyle. Two dominant, a submissive and a switch. What fun we are going to have reading the remaining books.

3.5 for this one. I enjoyed the start of this series - it finished way too quickly which was frustrating because it would have been great to watch the chemistry between these two really develop.

Perhaps I'll get more in book 2 with the next brother♥?

Short

Wish it went a little longer. It is a great short read. The remainder of the brothers should be interesting.

I feel like this story ended juuuuuuust when it was getting to the good part. I mean, I liked the build up as well, but I would have liked another 100 pages to show me what their relationship would develop into.

That "cock warmer" scene tho...?! Holy hell. I think I found me a new fetish! :D

Shaw has a way of writing the most adorable MC's. This book is super cute but seriously hot as well. Don't read in public lol.

I can't wait for the next book in this series x

I couldn't put it down!

The blurb for this story caught my attention right away, so I took advantage of the preorder price and started reading it this morning as soon as it was released. I was not disappointed!!! Other than stopping for meals, I shamelessly neglected my family and any adulting I should have been doing until I finished the book.

Garrett and Wyatt were a PERFECT fit for each other. Watching Wyatt's shy and awkward "stalking" of Garrett at the beginning was hysterical, and then when Garrett finally caught on, it was GAME TIME. I loved that Garrett was so aware of even the unvoiced needs Wyatt had - how wonderful, to think of someone paying so much attention to your body language that they pick up on things you can't find a way to express. I just LOVED these two together.

I am THRILLED that there will be more in this series coming soon, because I can't wait to see what happens with the other characters!

I love Shaw's books and I love BDSM so this one was very much a hit for me...Garrett the Dom and Wyatt the Sub were just perfect together..The way Garrett calmed Wyatt...The way he called him 'Sweet' was beautiful...I love pet names and this one is a newer one.....Only complaint is that I really would have loved for it to be longer but damn for a short book it's hot x
