## Ice Bear Shifters Sloane Meyers

In Northern Alaska, the temperatures are cold but the Shifters are hot! Join them for action, adventure, and sizzling romance!

For the first time ever, the complete Ice Bear Shifters series from Amazon bestselling author Sloane Meyers is available in one steamy, action-packed paranormal romance anthology. Follow this clan of sexy polar bear shifters as they beat back the threat of a rival clan, finding romance and lifemates along the way. This set allows you to purchase all seven novellas at a discount over their individual prices!

The Anthology Includes:

Bearing the Frozen Night  
Bearing the Whiteout  
Bearing the Midnight Sun  
Bearing the Black Ice  
Bearing the Late Thaw  
Bearing the Frostbite  
Bearing the Long Road Home

Each story follows a different couple, includes a Happily Ever After ending, and can be read as a standalone. And don't let the Arctic Location fool you—the Ice Bears of Glacier Point know how to heat things up!

### **Ice Bear Shifters**

WONDERFUL! Simply wonderful. This is a great series and a chance to get to read the entire set is just great. This series definitely deserves more than just five stars but five stars is all that is allowed. The novels have well-written characters and a detailed plot. Read for yourself, fall in love with the Ice Bear Shifters and Alaska!

### **Good series**

A good series although I would've enjoyed more in between Seth's wedding and the epilogue. There is so much more that could be told.  
Hopefully, this is just the beginning.

## **Jean says**

### **Great series**

This was a great series and it touched on some facts that this author has in other books which I found to be interesting and made some facts from those books a little more clear. I recommend this book to all.

### **Ice Bear Shifters: The Complete Series**

Amazing! The series is about Northern Lights Clan and the evil Blizzard clan. All except five of the Northern Lights clan were killed by eating seals poisoned by silver. Each member meets their lifemate in an interesting way. So good!!

## **Liza says**

Reading the whole series in one whack made some of the interactions of the couples repetitive. I couldn't read the "come here, you" anymore. I must say the plot in each book was different though and each clan member had his own story. The battles with the Blizzards were very captivating. All in all an entertaining series.
