Jesse's Girl

Karen Erickson

Jesse's Girl Karen Erickson

He blew his chance once. Now he intends to blow her mind Rick blew it, and he's never forgotten it. It's bad enough his best friend Jesse showed his true colors and stole Blair, the girl Rick wanted. Rick never understood what Blair saw in the loser, and still kicks himself for letting her slip through his fingers. But what's done is done. Blair is horrified when she realizes that Jesse's lies cost her the happiness she might have found with Rick. It's been over with Jesse, but he won't leave her alone. Help comes from a totally unexpected source Rick. When Rick sees them together, he's confused but tells himself to get over it. Until Jesse lays a hand on her in anger. Now all bets are off. A second chance is all he's ever wanted and he intends to use it up against a wall, in his bed, over and over again. Until she surrenders to the idea that she was meant to be his girl. Forever."

Heather in FL says

It was a cute, relatively quick read. And while it was sexy, I wish there had been more strife. I love my HEAs, but usually after they've lived through something or worked through something. Even if that "something" seems stupid to the reader. Something. :-) But it did have a HEA, and it was a sweet story.

Laura's Book Addiction says

A hot little novella

Gisbelle says

Hot

Kerry says

a lovely quick story! I wish there had been more, but I always wish there was more!

Sussan says

Short and very erotic

Debbie Hanson says

I gave this book 4 stars but think maybe it should have been 3 only because I feel it was a story that could have had so much more story in it. Almost like it was a preview to another. So I am a little disappointed just because of that.

A.Nina_Flores says

I have read a few books from this author, and I loved them. Both of her series were good. This was the worst, NO story at all, just 3 chapters of sex, and (I like sex in books) but this was very, very short story. Not worth the cost, or time reading it...I'm sorry to say!!!!

Serena says

Wow hot first book in a long time that my husband enjoyed too lol. It ends a bit quick for my liking wish it had been a little longer.

Sarah says

Pretty good short story. Read in about an hour at work. Good characters, good story. Nothing spectacular, but nice.

Marran says

pretty good short quick read.....
