Love & Sk8 Nancy E. Krulik

Angie can't wait to bounce this mill town she's been living in. At least she's got her friends, the guys who live to ride and grind. And her job painting custom boards at Sk8 4Ever. Then one day Carter walks into the shop. He's all Abercrombie, and she's black hoodies. But it's hot in therre.

Carter offers to help Angie with her dream: to take her art to NYC. She really believes in Carter, but then she learns the truth about his family -- something that turns Love & Sk8 into Love vs. Sk8.

From Reader Review Love & Sk8 for online ebook

Haley says

I story that reminds me of romeo and juliet. boy from the right side of the track and girl from the wrong side. a great teen read.

Mirela says

Not what I was expecting at all, I loved the ending. It was really wrapped up nicely. I dont know what about the book set me off, but it was just to similar to some of her other books and I guess if you read too many books of a similar style that everything becomes predictable.

Maia says

Probably the worst book EVER. No joke.

Tomiko Mosby says

Miss says

This is one of my favorite books. I loved it and read it in one day. I loved the idea of this book. This situation happens in some high schools today. But you gotta look over differences and your friends perspectives to be with the one you want. It's kind of like Romeo and Juliet. I would love it if there was a sequel where Carter and Angie are together again. It was obvious at the end though that them two were going to get back together. Angie is part of the skateboarding clique and Carter is known as a prep. When they take the plunge and get together their friends aren't happy about it so they keep their relationship a secret.

Tanner says

I loved the idea of the book. The description really pulled me in and I thought I would love it. It started out okay, but just went downhill from there. Something about Angie and Carter annoyed me and I could not wait for the book to end just so I could cross it off my list. Overall, it was an okay read, but I doubt I'll be recommending this to any of my friends. :/

Kayla says

Love & Sk8 was another book I read in high school and enjoyed it but looking back at it now, it's not the best. It's clearly a book for younger YA readers, while more experienced readers will find issues with it. The book does have its weak points, especially the description doesn't do much to draw me in now. But it is a quick and easy read.

Keiana says

OMG! this book is awesome!!! besides the Twilight Series this is one of the best books. I love it!! I wish it was a series.

Ela Kaimo says

It's nothing exceptional, but if you're looking for a good way to pass the time (and a little sk8er-versus-preppie conflict cliche), *Love & Sk8* is it.

Rachel says

This book was okay. It wasn't really the best book i've ever read, not by a long shot. I liked the general story, but I didn't like the way parts of it was written.

Violeta says

This takes me back to high school. It makes me laugh because when I read the review for this book, I could not believe i was into this kind of books (still am though) This book was so cheasy, and funny that even though it was clique was well, it hooks the reader.

I love the fact that the main character designed her own boards (I love drawing so i could relate). And it's one of those books that compares one group of people to the other one. In this case skaters and rich people.

What I don't like about the story-line, is that it's your typical 'i -fell- in love- with- the -rich guy' kinda genre. And they end up hating each other. Can you not? Why can't they get along!?

The characters are very well written. I love the main characters to have that edgy attitude. and she does.

So..YOU GO GIRL !!

Hpitcher says

it was great! i loved the whole sk8r chick meets preppie story. but everything was everywhere in this you didn't know what would happen next.but all in all it was awesome.

Vege says

eh, I returned it. Was not really my kind of story. Maybe someday Ill finish it.

Hilary says

Was a sweet story of two kids from the opposite sides of the train tracks falling in love. I like the fact that is was sort of the story of her child.
