Jeanne says

As the story of Ty and Lana picks up 2 years after their mating in "Desert Moon", they travel to the Berkshires to meet her family. Lana's from a family of alpha males. During a game of lacrosse Ty's alpha personality is tested but he holds his own.

During a walk in the woods with Lana's sister in law, niece and nephew, Ty, sensing an unknown danger, and without thinking twice of his own life, defends Lana and her family, willing to fight to the death. This earns a new respect from Lana's clan, and strengthens the bond that insures their HEA. I can't wait for the rest of the series! I really enjoy reading a light hearted story every now and then!

I WAS GIVEN THIS BOOK FOR MY HONEST OPINION AND THIS IS MY HONEST OPINION.....OVER 18 READING

I WILL REVIEW THESE AS I READ THEM..ONES I HAVE READ ALREADY FIRST...UPDATING AS I GO ALONG

THIS REVIEW IS FORANNA LOWE.... DESERT WOLF

#1 DESERT WOLF BY ANNA LOWE

Now this book picks up two years later, Lana Dixion and her mate Ty Hawthorne have been happy at the ranch but now go to her clan in the Berkshires New England. He won her at his home but now must prove himself worthy of her to her clan and in laws. Lana being raised in a home with her Alpha father and three alpha brothers ,knew how alphas were when they met. She also knew that men and sticks were Dangerous(her clan favorite pass time was Lacrosse) and ultra territorial alpha males downright lethal when they got riled up and they were definitely riled up. What will happen? Even the shifters are different not just wolves but beaver,elk, and wolverines. They even used to be a Sasquatch shifters somewhere north of pack territory. Can he earn a place with her family as she did with his?

Sherill says

Sizzling romances the sets the pages ablaze.

This review if for Anna Lowe's "DESERT WOLF"

After two years of being away from her home, Lana takes her Alpha Pack Leader mate Ty to the Berkshires to meet her family hoping they can get past their longtime prejudices. Lana wants her family to appreciate the fact that she has found her destined mate; she also wants them to respect him. Ty does something so profound that earns him deserved respect from her family.

This is well written fast paced shifter romance packed with family love, sinful love scenes, engaging and

impressive characters, vivid scene descriptions, and a spectacular plot that holds your interest to the last word. A most gratifying read, and I adored it. {I was gifted this book for a completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservations I highly recommend this book and the series.

"This review is for Ryanne Hawke's LUCKY"

This story is an unbelievably **THRILLING** read, and the birth of a new standalone series. The story focuses on Lucky an extremely sexy, hot werewolf shifter tattoo artist, and former VP of the Inked Menace MC; Cecelia a sexy, audacious, independent beauty who wants to stop hiding from her beast of an x-husband, who has put a kill bounty on her. Both characters continue to suffer guilted anguish from their horrific pasts.

Ryanne's talent truly shines as she lures the reader into this heart-pounding story. With vivid descriptions of each scene she captures the attention of the reader and keeps them wanting more.

This story has everything; all the characters portrayed in this story are impressive and engaging, banter is superb, camaraderie, danger, excitement, tears, and sizzling heart-throbbing pulsating romance.

I loved this story; it is well written and I so love when a story comes together, and love that this author has a gift to make the reader feel what the characters do. I laughed and cheered while enjoying this **ENTHRALLING** read and I certainly can't wait for the next book in this series. {I received a romance arc for an honest review}. Without reservations I highly recommend this book.

"This review is for Anna Craig's SURRENDERED TO THE PACK"

The Wicked Mountain Wolf Pack have a yearly female sacrifice to the pack. Prerequisite: 22 year old virgin and a see-through dress required for the ceremony. The sacrifice is meant to keep the wolves from destroying the town, killing humans and for their own well being. The lucky lottery winner is the sassy blue-eyed beauty Cassandra Wakefield; who had to go willing to the pack to surrender her virginity-possessive wolves wanting to be the first to breach her.

I loved Cassandra's character: she's audacious, intelligent and honest; this human lady has an **ALPHA** personality. Besides being hot and gorgeous Finn & Mac are enchanting and humorous. Trevor's dominance radiates from his pores-the **HULK** would probably cringe, he has a deeply rooted protective and possessive nature, but there is also a sensitive side to this strapping **ALPHA**. Trevor does something so profound that shocks his pack mates as well as himself.

The story behind the sexy smut-is impressive, and demands the reader's attention. The detail and vivid descriptions attack the human senses and make you want more. I certainly look forward to the next book in this series. Fantastic new series. {I received an arc honest review} w]Without reservations I highly recommend this book and the series.

Paws and Claws: 21 Book Hot Erotic Shifter Romance Bundle

Sizzling, Titillating, Erotic Standalone and Teaser Bundle Set – Has Something for Everyone!

I was given a complimentary copy for an honest review by author Ryanne Hawke.

Paws and Claws is the ultimate shifter bundle pack of teasers. Each story is very different in style of writing and storyline. Some stories are standalones while others are excerpts ending in cliffhangers. They include but are not limited to action, suspense, mystery, murder, sexy shifters and steamy romances! I found the bundle to be an opportunity to read different authors and see which writing styles appealed to me. I was introduced to new authors and read two short stories from two authors I'm familiar with and love!

This review is for Ryanne Hawke's "LUCKY"

Lucky is the first book of the Inked Menace MC series and can be read as a standalone. The story follows Lucky a gorgeous, alpha werewolf shifter who happens to be a tattoo artist and the former Vice President of the Inked Menace MC and Cecelia, a sexy, courageous woman who wants nothing more than to stop hiding from her horrible ex-husband who has put a hit on her life. They both have secrets and suffer from horrible pasts. I loved reading how the story unfolds and they learn to trust in each other and divulge their secrets and fall in love.

Ryanne Hawk's descriptive writing engaged me from beginning to end. The story was well written. I loved the continuous banter between the characters as well as the camaraderie they shared. The story had suspense, danger and excitement that had you at the edge of your seat at times not to mention steamy romance and hot sex scenes that made your heart pulse! Kudos to you Ryanne Hawk! I highly recommend this book to anyone who loves shifter and MC books! I've also read Oliver the next book in the series and loved it as well! I've reviewed that book on Amazon as well! Check it out!!!

This review is for Elle Thorne's "Protection"

Protection is the first book in the Shifters Forever series. This story revolves around Grant Waters a sexy alpha bear shifter and Chelsea O'Reilly a curvy, smart and vivacious woman who he knows is his mate. The situation is complicated because they are both harboring secrets. Grant doesn't know if Chelsea will be able to handle the truth about him being a shifter and Chelsea is running from her past and hiding from her abusive ex.

Protection was a fast-paced short story dealing with both main characters insecurities. As the story unfolds it shows the characters overcoming their fear of rejection for the chance at love. I enjoyed reading their story and loved the witty banter and steamy sex scenes. I could totally relate to how Chelsea felt that a hot guy like Grant would not be interested in a girl like her. It was like I got my HEA! Awesome job Elle Thorne! I can't wait to read the next book in the series! Check out Elle Thorne's Shifters Forever series, it's a must read!!!!

I highly recommend one clicking today! You can't go wrong with the price! You are introduced to some amazing shifter authors and might find your next favorite author!

Lisa says

This is a good set of stories from some really good authors. As well as some new to me authors. I recommend it to all who enjoy a good paranormal story.

Anna Lowe ~ Desert Wolf ...

Desert Wolf continues Lana and Ty's story from Desert Moon. This is ' Meet The Parents ' pack style. This book has it all - romance, humor, action and more. If you haven't already bought a copy I highly suggest that you do so. You wont be disappointed. Ms. Lowe has an amazing way of writing that just pulls you into the story and leaves you feeling like you are the characters and this is your life.

Cara Wylde ~ Trapped in a Gilded Cage ...

I really liked it. I love the characters. Avelyn is a spunky curvy girl that has dreams of owning her own bakery and living her life as she wants. She's not afraid to fight for her dream and even play dumb, moody and make herself appear to be less than desirable to any male admirers. She even goes so far as to runaway. Then there is Max Blackmane. Max finds Avelyn to be stunning, wild and must have her as his mate. He has watched his fellow shifters all acquire mates, find love and start families. He craves that also. Max is a romantic at heart and truly believe in love. He even reads romances. He's very sweet but at the same time he is strong and will play dirty to get what he wants as well.

Elle Thorne ~ Protection ...

I enjoyed this book a lot. It has intrigue, mystery, sexy male alpha were bear, secrets all around, and passion. All the necessary things needed for a good book. The main characters are sexy bear shifter Grant Waters and smart, curvy human Chelsea O'Reilly. Chelsea is running from her past and Grant is worried about his future and what he is where she is concerned. He's afraid she won't accept or be able to handle him being a shifter. While she is afraid that she is not good enough or attractive enough to catch the eye of let alone the heart of someone as sexy as she sees him being. I loved the chemistry and interactions of the 2 characters. You can't help but cheer them on. I recommend this book to anyone who likes a good paranormal romance book or even just a light mystery book.

Melissa Snark ~ The Child Thief ...

An intriguing mix of Norse mythology, Valkyries, ghosts, hunters and werewolves. Great characters and a wonderfully written short story. I would recommend this to folks interested in paranormal books.

"This review is for Anne Lowe's DESERT WOLF Only"

~ 4 Desert Wolf Stars ~

Desert Wolf is book 1.5 in *The Wolves of Twin Moon Ranch* by Anna Lowe. Anna Lowe is a fantastic

writer. Desert Wolf was a sweet short novella, that's fast-paced, with strong characters, and passion.

I liked this novella in The Wolves of Twin Moon Ranch. It takes us back to see Lana and Ty, 2 years into their mating, as they go and visit Lana's family. It's about a man, Ty, proving himself to his mate and her family. It had my attention from beginning to end.

Desert Wolf is best read after book one Desert Moon, since it deals with our main couple Lana and Ty from Desert Moon. I highly recommend this series to PNR fans who love werewolves, action, and heart-stopping romance.

***Disclaimer:** I received a complimentary copy free of charge from Anna Lowe with the sole purpose of an honest review. All thoughts, comments and ratings are my own.

Racy says

Received this for an honest review.

Cat Loved by Selena Kitt:

Katie was a woman that loved cats. She had about 15 of them. It had to be love for her boyfriend Sebastian to say with her. Sebastian had found this cat piece and had it made into a necklace. Oh what he did not know was the magic that was behind that piece. He had it make into a necklace for his beloved Katie and now that she was wearing it things seemed to change. Can Sebastian handle the changes to come?

Alpha Hunted Part 1 by J.M Klaire:

I do believe this is the first book I have read of hers. Very interesting. I might have to follow the series to see

how this turns out.

Keelyn loved hunting with her father. Her father was this great werewolf hunter. After her father had been killed by a werewolf. Keelyn decided that she would renege his death by becoming a werewolf hunter. I so loved how she handled herself. She did not let a man push her around.

Bane was the alpha of his pack. His pack was after him to find a mate. What Bane did not expect was to find that his future mate was a werewolf hunter. How funny is that. I loved the arguments that Bane and his wolf had on the matter.

There is somethings that Bane will find out about Keelyn that will rip his heart into. I am so curious how this will turn out.

Captured by the Bear by Vicki Savage:

Shae Donovan worked at a resort. When people got lost she was the one that was sent out to find them. People were told to stay away from the Native line but often people did not listen. While looking for a lost family she ran into a Bear. She was surprised that she was able to talk to the bear.

Nathan was a bear shifter and recognized that Shae was a shifter to. He realized she had no idea what she was. He took her in when she got hurt and has plan guiding her thru being a shifter. Will Shae be able to accept the truth of what she is.

Claiming Their Royal Mate: Part One by Andie Devaux:

Daniella was this beautiful curvy woman. She had spent her life knowing she was adopted but knowing nothing of her birth parents. She had become very attracted to this handsome neighbor by the name of Owen. It seemed when she showed interest that he withdrew and ended their friendship.

Owen was this handsome weretiger. He was sent to watch over Danielle and protected her if needed. He knew Danielle knew nothing of what she truly was and it was not his place to tell her. She was meant for his best friend. This had to bother Owen because he had fallen hard for Danielle and wanted her from himself, but he feels so unworthy.

Danielle find out the truth and has to decide if she will allow the heat that drives her put her in the bed of a man she does not know. Will things work out for Danielle and Owen or will she ended up with Owen's best friend Erick who only wants her for breeding purposes only? Personally I could not stand Erick in this book. I found Owen how and sexy though.

Desert Wolf by Anna Lowe:

Lana is taking Ty home to meet her family. There has been a long hate between Ty's father and Lana's father. Lana wants her dad to see that Ty is nothing like his father. Ty is faced with challenges. Not only is he battling for the approval of Lana's family but her pack as well.

There is some danger they face and Ty does not hesitate to step up and protect. Ty is not only a lover but a protector. He is a very powerful Alpha wolf. Can he save his mate and family for the danger that finds them.

Lana is trying to decide if she is ready to start having cubs with Ty. Seeing Ty with her niece and nephew she has no doubt that he would be a good father. Is she ready to take that big step?

Once An Alpha by Callie McKenna:

Myla who is working for the FBI finds herself being assigned to a special division called the “S Files” AKA “Shifter Files”. Now she finds she is having to work with David Lyndon. He had broken her heart. She cannot help but lash at him. Which is funny since just one look causes lust to rage through her.

David Lyndon was assigned the “S Files” due to him being a shifter. He does not want to let Myla know he is a shifter because he does not feel like she can handle the truth. Myla is a type of person that believes that science can explain everything. David has been smitten by Myla ever since he has seen her at the academy. He wants her and needs her.

Myla and David are sent on their first case. People are missing and they must get to the bottom of what is going on in that small town. Can Myla and David get to the bottom of what the town is trying to cover up? Will David win Myla’s heart.

Loved his story and one well worth reading.

The Child Thief by Melissa Snark:

Victoria who is alpha of her pack has a gift where she can see spirits. This dead woman comes to her for help asking her to help her find her son who was taken by the child thief. Jasper this sweet boy and the child of the pack pushes Victoria to do the right thing and help this woman.

Victoria has this hunter by the name of Jack Barrett after her. He thinks Victoria is responsible for the death of this son Daniel who was Victoria’s lover. Danger seems to be all around. Jasper gets kidnapped and Victoria must try to save him. Can Victoria save the dead woman’s son? Can Victoria help Jasper before it is too late?

This is a collection of short stories. All are about our lovely shifters , most are very sexy. Everyone should be able to find some new to them authors , along with all your favourites. Lots of the stories are part of a series ,designed to tease, so you will have to go and find the rest . Very good value for money , but could cost you once you start making a list of all the new series you will want afterwards. I certainly found several that I had never read before.

I was going to review all the stories separately but found I was spending more time writing than reading . That is not me.

I haven't finished reading all the stories within this boxset, but once I've finished reading them, I'll add a little review.

This review is for ANNA LOWE's Desert Wolf.

WOW what a collection of AMAZING stories by some AMAZING authors.... I have previously read a few of the books within this boxset, which I LOVED & can't wait to read the ones I haven't read yet.

Cat Lover by Selena Kitt
Captured by the Bear by Vicki Savage
Alpha Hunter: part 1 by J. M. Klaire
Claiming their Royal Mate: part 1 by Andie Devaux

Desert Wolf (Wolves of Twin Moon Ranch, book 1.5)
by Anna Lowe

This was a very quick read, set 2 years after the end of 'Desert Moon', Lana & Ty head back to Berkshires, so Lana can introduce her mate to her family. Her old pack & family test Ty constantly, Lana knows Ty can hold his own, but Ty is feeling stressed. As over protective brothers & her Alpha father keep testing him to make sure he is deserving of their daughter/sister.

Once an Alpha by Callie McKenna

Child Thief by Melissa Snark

Banished Hero by Anita Philmar

Surrendered to the Pack by Anna Craig

Lioness by Candace Blevins

Trapped in a Gilded Cage (Sold to the Alpha, book 1)

by Cara Wylde

Cara's writing is richly detailed, from the characters, to the landscape & history. Stories within the storyline pop out at you throughout, whether it be the gothic love story described by Max (Alpha werewolf) or the horrific stories from the girls & how they came to be at Alma Venus. The landscapes are described in such detail that you feel like you can visualize the forests & smell the dampness in the air....

I can't wait to get my hands on book 2 & find out how things progress.....

Shared by her bears by Desirae Grove

Bearllionaire Stepbrother by Edith Hawkes

Protection by Elle Thorne

Bearly Reletive by Ever Coming

Cougar and the Lion by Kristen Strassel

Werewolf Lust 2 by Leslie Hunter

Amy "Red" Riding's Hood by Liz Adams

Bear My Fate by Mercy May

Lucky (Inked Manace MC, book 1)

by Ryanne Hawk

I've just finished reading 'Lucky' & WOW I loved it! 'Lucky' is the first book I've read of Ryanne's, so I wasn't sure what to expect.... but I was quickly enthralled in the story from the first word. I loved the whole shifter & motorbike club mash up & as a fan of both genre's, I was thrilled with the result. 'Lucky' is book 1 in Ryanne's newest series "Inked Menace MC".... I can't wait to read what is next for this series.

This book is filled with a diverse range of shifters, motorbike clubs & ink.... both lead characters Lucky & Cecelia have secrets that they'll slowly share & pasts that have been difficult. I loved the flow of the story, the indepth look into Lucky or Cecelia when reading their POV's, the kindness Cecelia finds in Inked Menace MC & especially in Lucky. I can't wait to read the next book in the series & get my hands on Ryanne's other books.
