## Open the Door to Your Heart Yugi Yamada

Honda's life is anything but exciting; he works as a public tax accountant for the city. Honda and Shunji are cousins, but when Shunji's parents passed away, he was adopted into Honda's family. Yet, Shunji went missing for 10 years. Now, when Honda is reunited with his younger brother, his life is flipped up-side-down! What do they have to say to each other after all these years?

## Mary says

With each story that I read, Yamada-sensei cements her status as one of my top most favorite mangaka; so I always find it such wonderful news when I hear more of her works are being licenced and released. This manga was no exception. Although it can be read as a stand alone, it makes a little more sense if you're familiar with Kenzo Honda (Close the Last Door 1 & 2).

Adopted and raised as the eldest brother to Shunji and Kenzo, Shoichi tries to always be the good son and do right by his 'family'. To do this he fights his attraction and feelings for his younger brother Shunji-although it hurts him to do so. A decade ago, he and Shunji gave in to their attraction, but fear at the repercussions caused Shoichi to push Shunji away. Shunji left the house to travel around the world. Out on his job as a tax collector, Shoichi is surprised to discover that Shunji has returned.

Yet their feelings for each other haven't changed. Now Shoichi has to decide whether to let his fears send Shoichi away again or give in and open to door to his heart and finally let Shunji in.

## Teetee says

I love this mangaka, love her artwork and stories. Though this is not a 'true brothers' tale, the way the boys were raised and the familys expectations cause the two men to realize they will always have to act as bachelor brothers because they will not be accepted otherwise. Lovely story, and a favorite!

## Cat says

I think one of the best things about this title is the fact that it doesn't have the characters meet and fall in love all in one go. The main characters grew up as brothers and when they realized their mutual attraction to each other they each had very different reactions that resulted in a 10 year separation. They're not really brothers, Shoichi was adopted, however they are blood-related so that's an issue you'll have to decide for yourself whether you can understand and handle or not.

When Shunji comes back after 10 years Shoichi realizes that how he felt wasn't a fluke and isn't going to change. This was very interesting to me because they've both grown up a lot, had other relationships, started careers, etc so you really get the feel of their love and desire for each other and that it's serious and not just something they're just getting caught up in. Shoichi however sees it as losing the family he's always loved and cared for so he has lot of trouble deciding what to do about his relationship with Shunji.

I also think this volume has some of Yamada-sensei's best artwork in it.

### **Rachael says**

Deals with the love between "brothers." Oh calm down. They're foster brothers...actually cousins, but let's not be too picky. This author tends to vacillate between extreme silliness and annoying amounts of angst...not to mention I'm not crazy about her artwork, lol. Never really sure how I feel about the story by the end. Still, the characters are likeable and Shoichi's reservations about a relationship completely understandable.

Contains graphic depictions of (mostly invisible) sex. Comes with a parental advisory warning & 18+ rating.
