Opposite Attraction Bernadette Marie

Curtis Keller is a lucky man. He has the love and support of a family like no other. But he's never fallen in love with a woman. He likes to play the field, have a good time, and enjoyed friends with benefits. But when wild child Simone Pierpont comes into his life for the first time he considers settling down—until she abandons him.

Simone Pierpont fell in love. She hadn't meant to, but her best friend's brother-in-law had treated her, the Parisian oil heiress, with more compassion than she'd ever known. What was she to do? So she left him stranded on a yacht in the French Rivera. Now, cut off from her father's fortune, pregnant, and desperate to win Curtis's heart; Simone must prove to everyone she can hold down a job and take care of herself.

Curtis isn't sure the spoiled princess can change, but because of his caring nature he has a hard time turning her away. However, all efforts might be for not when he learns about her pregnancy and she is forced to run back to her father. But Curtis will eventually understand and come for her—or so she hopes.

Kooky says

It's Curtis Keller's turn. He was paired with Simone Pierpont, oil heiress, at family weddings and they disappeared for a couple of weeks to the French Riviera on her family yacht. She abandoned him there and now months later, she turns up in his home town staying with his friend Zach and his sister Regan. He wants nothing to do with her, he thought they had something special but obviously doesn't feel the same. Simone won't tell anyone why she's there and then she says she is looking for a job, her own flat and they discover she has no money.

Curtis is not quite the man I imagined from the previous books. I thought he was rather staid and straightlaced, he dares to criticise Simone for her many ex lovers but he isn't exactly an angel. He is pig headed and often judges a situation before getting the facts. I like Simone. She's nervous about starting a new life but she wants to prove herself, she brave and selfless. I was angry on her behalf at Curtis' behaviour. I found this series after searching for authors similar to Melody Anne. The main similarities to I can see is that the series focuses on a family and each member has a book dedicated to their love story. There is an individual plot in each book but also there's characters and a plot as an undercurrent through several books. I enjoyed reading the book. The characters are believable, genuine and there's just enough plot to show the development of each character and their relationship. It makes a change to have a contemporary romance without detailed sex scenes, which I'm not opposed to, but they just aren't needed here and gives a certain class to the stories (there's none of the pants straining, groin twinging etc every other paragraph). I ended the book with a smile on my face looking forward to the next in the series.

Jackie Gray says

The Keller Family series are feel good romances!

Boricuagal says

Enjoying the Keller's.

Carol says

Opposite Attraction (Keller Family #3)
Bernadette Marie

This book focuses on Dr. Curtis Keller and Simone Pierpont French Oil Heiress. How their relationship encompasses all the members of the Keller Family and friends. Kept my interest to the very end.

Keller Family Series

Executive Decision. (#1)
A Second Chance. (#2)
Opposite Attraction. (#3)
Center Stage. (#4)
Lost and Found. (#5)
Love Songs. (#6) (10/2013)
Home Run. (#7) (2/2014)

Andrea says

Waited anxiously for this book and it was definitely worth the wait. We first met Simone in The Executive's Decision and wasn't a fan of hers. But Opposite Attraction allowed me to see her as a vulnerable person needing what we all do. It was a sweet story and I can't wait to read Marianna and John's story. Thank you Ms. Marie for another wonderful addition to the lovely Keller Family story.

A. Gorman says

I have to say that Opposite Attraction writing and editing is wonderful! Sometimes writing quality lacks as a series progresses, but this series just keeps getting better!

Curtis Keller and Simone Pierpont are in love but keep hurting each other. It all starts out where these two hook up at Carlos Keller's first of two weddings. Curtis and Simone go to her father yacht and she leaves him. Fast forward a few months and Simone finds out she is pregnant with Curtis' baby.

Simone has been cut off from her money and life style. She comes to Nashville to start her life as a common person and hopefully to win the love of Curtis. She is working in a government funded clinic and wearing hand me downs. She even moves in with a co-worker to get out of Zach and Regan's house since baby two is on its way! There is a lot of bumps in the road to get to her happy ending.

I love how the Keller's treated Simone has family since day one and Zach and Regan were always there for Simone. Makes for a good feeling book!

Oh, and the teaser for the next book.... Can we say hot?!?! Arianna and John! Yum oh yum!!!

Dawn ♥ romance says

This story pulled me in with its plot and interaction but the main characters went instantly from love to hate and back too many times. And the ending felt like deja vu. I liked the relationships with the extended families. Rich Parisian heiress Simone left Dr Curtis stranded on her yacht and now that her father's cut her off, she's trying to start over.

Angela says

finished this book in 1 day and loved loved loved it. i have just fell in love with the kellar family. loved curtis's story sad it was so short im ready to read the nxt story. just love how it dont matter which book u read u will know whats going on with all the kellars. center stage cant come soon enough for me.

Hope says

I liked this one better than the previous one.

Curtis had a fling with Simone, but it started to mean more to him.

But then Simone leaves him in the middle of the ocean with no way home.

A few months later she finds out she's pregnant, her father disowns her.

With no money, no job and no way to provide for her baby she asks her friend for a favor.

She knows she has to tell Curtis, but that is easier said than done.

Simone is a little naive, but that is mostly because she never had to do a thing in her life.

She does a good job though. She finds a job and a apartment.

Margaret Appel says

Blindsided By Love

Third book in the Keller Family Series, and what a sweet read! This one follows Curtis Keller, a doctor at a local hospital in Nashville, who falls for Simone Pierpont, a friend of his brother-in-law Zach Benson. After a whirlwind affair, she runs after discovering she's fallen in love, only to return to Nashville in hopes of winning Curtis' heart. Will he take her back or has he moved on? Opposite Attraction is a great read about family, love, drama, and the search for HEAs.

Isa Jones (Jo&Isalovebooks Blog) says

Ok it wasn't as intense as The executives decision but again another good book, Curtis is more complicated character and there was not as much interaction from the leads, I would have loved to read more about their escapade into the French Riviera, a little more detail into what really happens in that Yacht but at the en it was great to see their happy ending. Reading next in series now.

Amanda (Hootie) Clark says

I can't even begin to tell you how much I enjoyed this book! Every book in this series is touching, and emotional and exciting! Curtis and Simone will drive you almost batshit crazy during this book, but it was worth every single second! We pick up with them after they hooked up at Carlos and Kathy's wedding (gag booo Kathy lol) #TeamMadeline <== check it on twitter ppl! Anyway Curtis is all wounded over Simone, and Simone is running scared like when I used to chase my dog around the yard in my ex's car lol (good times) so they fight their attraction but just like in Armageddon that shizz can't be stopped! This FIVE STAR must read will hit shelves August 16th so do yourself a serious favor on that day!

Maggie says

The story was alright, not the best of the series. I actually enjoyed the secondary characters Sam and Cynthia more than Curtis and Simone. Still love the extended Keller family and how they support each other.

Only 3 stars, though, because I found myself overly distracted by the sizable number of editing errors -- on average, one per page. Missing punctuation, incorrect words, etc., made this Kindle book a chore to read.

Christine (Shh Moms Reading) says

I stayed up all night and read this book in one day! What a great read! I love Simone and Curtis together. I felt that Simone really matured and became strong and independent throughout this book. It made her appreciate her relationship with Curtis even more. And that money doesn't really buy happiness – all you need is love. Thanks Bernadette for another great story of the Keller Family! Cant wait to see what will come next!

Debbie Hanson says

This book was a bit of struggle for me. I have lived all the books in this series and I wanted to read curtis' story but I have to say I dislike Simone. I think that may have come from her in the 1st book being a prissy princess that was after Zac even though he never fell for it. so to stay this Story finding out she just left Curtis on a yacht after she spent the night with him very annoyed me so the ready of the story was a struggle for me to happy about returning to Tennessee to tell Curtis she was in love with him and having his baby. In spite of all of that I still give it 4 stars for the other characters and their stories.
