nice

Miguel Vega says

Really climatic build up and the little romantic tension is good. Ruby and Sapphire's story at this point is making me miss the previous Pokedex Holders less and less, but you have to wonder why they are not called in to help the situation.

Parker Neff says

This is getting epic!!!

Alberto says

I continued with the series because it is simply amazing. In this volume the two legendary pokemon Groudon and Kyogre are about to awaken and the gym leaders are trying to stop this from happening. If the gym leaders fail mass destruction will rain upon the Hoenn region. There are a lot of plot twists such as when Team Magma got a hold of both orbs so they can control the pokemon that Team Aqua is trying to control. Ruby and Sapphire have now met and have a mentor to guide them in a way. Sapphire has figured out where the evil organizations are hiding but need Ruby's help but she doesn't realize that until he tells her.

Bridget says

I can't rate this one any higher because Ruby really screwed up. ?

(Also, what is up with the art gallery in the back of this issue? Ugh, stop giving me feels!)
